Beyond Political Independence Klaas Woldring, Chibwe Chibaye, 2019-10-08 No detailed description available for Beyond Political Independence

Congressional Record United States. Congress, 1992 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 Politics,

Persuasion, and Educational Testing Lorraine M. McDonnell, 2009-07-01 Exploring the political struggles inspired by mass educational tests McDonnell analyzes the design and implementation of statewide testing in California Kentucky and North Carolina in the 1990s McDonnell draws lessons from these stories for the federal No Child Left Behind act with its sweeping directives for high stakes testing

The Computer Boys Take Over Nathan L. Ensmenger, 2012-08-24 The contentious history of the computer programmers who developed the software that made the computer revolution possible This is a book about the computer revolution of the mid twentieth century and the people who made it possible Unlike most histories of computing it is not a book about machines inventors or entrepreneurs Instead it tells the story of the vast but largely anonymous legions of computer specialists programmers systems analysts and other software developers who transformed the electronic computer from a scientific curiosity into the defining technology of the modern era As the systems that they built became increasingly powerful and ubiquitous these specialists became the focus of a series of critiques of the social and organizational impact of electronic computing To many of their contemporaries it seemed the computer boys were taking over not just in the corporate setting but also in government politics and society in general In *The Computer Boys Take Over* Nathan Ensmenger traces the rise to power of the computer expert in modern American society His rich and nuanced portrayal of the men and women a surprising number of the computer boys were in fact female who built their careers around the novel technology of electronic computing explores issues of power identity and expertise that have only become more significant in our increasingly computerized society In his recasting of the drama of the computer revolution through the eyes of its principle revolutionaries Ensmenger reminds us that the computerization of modern society was not an inevitable process driven by impersonal technological or economic imperatives but was rather a creative contentious and above all fundamentally human development

Education As My Agenda J. Robinson, 2017-03-06 When Gertrude Williams retired in 1998 after forty nine years in the Baltimore public schools The Baltimore Sun called her the most powerful of principals who tangled with two superintendents and beat them both In this oral memoir Williams identifies the essential elements of sound education and describes the battles she waged to secure those elements first as teacher then a counselor and for twenty five years as principal She also described her own education growing up black in largely white Germantown Pennsylvania studying black history and culture for the first time at Cheyney State Teachers College and meeting the rigorous demands of the program which she graduated from in 1949 In retracing her career Williams examines the highs and lows of urban public education since World War II She is at once an outspoken critic and spirited advocate of the system to which she devoted her life

Rural Economic Development in the United States

,1981 Managerial Skills John D. Bigelow,1991-04-29 There is growing awareness that business schools need to teach students how to be managers rather than to teach about management In Managerial Skills leaders of this skill development movement provide comprehensive coverage on how to set up and evaluate a management skills programme in a university or business setting
