Initiation In The Aeon Of The Child The Inward Journey:

Initiation in the Aeon of the Child J. Daniel Gunther, 2014-02-15 This book's primary focus is an understanding of the change to the formulas of Initiation brought about by the advent of the New Aeon the Aeon of the Child in 1904. It draws deeply from Jungian psychology, world mythology and religion, the teachings of Aleister Crowley and the doctrines of the Mystery traditions. It explains how the revelations unique to this stage of human evolution impact the work of the individual aspirant. Much of what is written here is revealed for the first time with every attempt to do so in clear and precise language.

The Angel & The Abyss J. Daniel Gunther, 2014-10-01 In this companion to *Initiation in the Aeon of the Child* now available in paperback, author J. Daniel Gunther provides detailed and cohesive analysis of the two major spiritual crises in the career of the aspirant in the Aeon of the Child: the Knowledge Conversation of the Holy Guardian Angel and the Crossing the Abyss between the divine realms and the human. Expounding on the sublime Formulas of Initiation confronting those who would aspire to these Mysteries, the author draws deeply from Jungian psychology, world mythology and religion, and the doctrines of the classic Mystery traditions, explaining how the revelations of Thelema apply to the individual. *The Angel The Abyss* is written in clear, precise language that will aid those students who seek to navigate the difficult terrain of this advanced stage of the Spiritual quest. More knowledgeable students will find tantalizing clues to serve as guideposts and eventual confirmations of their direct experience. The book offers copious illustrations, including some in full color and numerous diagrams. It features detailed references that encompass ancient Egyptian hieroglyphic texts, the Old and New Testaments, the Apocrypha, Greek philosophy, alchemy, hermetic qabalah and tarot, as well as the writings of Carl Jung, Eric Neumann and Aleister Crowley.

The Weiser Concise Guide to Aleister Crowley Richard Kaczynski, 2009-04-01 Shrouded in mystery and misunderstanding, Aleister Crowley is one of the 20th century's most revered occult figures. With *The Weiser Concise Guide to Aleister Crowley*, readers are given a careful, comprehensive overview of Crowley's life from poet to practicing magician, as well as his life's work, including the basic principles and rituals of his magical practices. Set aside your preconceptions and dismiss the rumors: Crowley was certainly a complex, controversial and colorful man, but the truth is far more interesting than the legend.

The Assimilation of Yogic Religions through Pop Culture Paul G. Hackett, 2017-10-23 The image of the meditating yogi has become a near-universal symbol for transcendent perfection, used to market everything from perfume and jewelry to luxury resorts and sports cars, and popular culture has readily absorbed it along similar lines. Yet the religious traditions grounding such images are often readily abandoned or caricatured beyond recognition, or so it would seem. The essays contained in *The Assimilation of Yogic Religions through Pop Culture* explore the references to yogis and their native cultures of India, Tibet and China as they are found in the stories of many famous icons of popular culture, from Batman, Spider-Man and Doctor Strange to Star Trek, Doctor Who, Twin Peaks and others. In doing so, the authors challenge the reader to look deeper into the seemingly superficial appropriation of the image of the yogi and Asian religious themes.

found in all manner of comic books novels television movies and theater and to carefully examine how they are being represented and what exactly is being said *Like a Tree Universally Spread* Keith Edward Cantú, 2023 This book reconstructs the tantalizing tale of Sri Sabhapati Swami ca 1828 1923 4 today a little known swami who was originally from Tamil Nadu in southern India and historically contextualizes a fascinating type of yoga that Sabhapati claimed would lead to an experience of being like a tree universally spread The practical method of having this experience in technical terms called the samadhi or composure of sivarajayoga or the Royal yoga for siva was published in English and multiple Indic languages and lavishly illustrated in diagrams on subtle and physical bodies This book is the first book length treatment on Sabhapati Swami scholarly or otherwise and uses critically edited sources printed in Tamil Devanagari and Bengali scripts to reveal the expansion of his literature across South Asia and globally the vast majority of which has never before been considered in any scholarly work to date The book shows how intertwined Sabhapati's yoga is with historical Tamil saiva and Siddha movements including the mythos of the rishi Agastya and also with Hathayoga and mantra based ritual It also takes into account his and his followers wrestling with the Victorian scientific worldview and their rationalization of Hindu philosophical discourses in the colonial period Finally the book demonstrates the extent to which Sabhapati's teachings were integrated into esoteric religious movements such as the Theosophical Society the Thelema of Aleister Crowley and New Thought and suggests that a reappraisal of scholarship on the roots of yoga in these movements is long overdue **The Three Dangerous Magi** P. T. Mistlberger, 2010-12-10 The Most Dangerous man since Jesus Christ the Sex Guru the Ambassador from Hell the Black Devil of Ashkhabad The King of Depravity and the Wickedest Man in the World These were some of the labels given to three of the most notorious figures of 20th century spirituality Osho formerly known as Bhagwan Shree Rajneesh G I Gurdjieff and Aleister Crowley Beneath the controversies and scandals that swirled around all three the author argues that these men egocentric tendencies notwithstanding were brilliant thinkers and extraordinary masters of their craft that of the science of inner transformation and in particular the art of balancing the so called Left and Right Hand spiritual paths These men were not humble sages They were bona fide crazy wisdom masters and consistently went where angels fear to tread They did not teach with the faint praise of new age fluff or the stuffy platitudes of religious sermons but rather with a flaming sword and were a genuine menace to all seekers who fear to face the abyss of their own egos
