Innovation Corrupted Malcolm S. Salter, 2002 This paper presents a brief historical overview of Enron's rise and fall and summarizes what the authors currently know about 1 the evolution of Enron's business model 2 those organizational processes relied upon by senior Enron officials to drive and monitor the business 3 emergent behavior related to the structuring management and valuation of major partnerships and 4 oversight provided by Enron's management and board of directors It concludes by posing the question of how Enron's story as a new post deregulation corporate model could have escaped critical analysis by the financial community the business press and other observers for so long As such this paper is an exercise in description not interpretation Since many of the facts about Enron's rise and fall have yet to be determined and agreed upon this description must be considered tentative and incomplete Nevertheless the broad contours of the Enron story presented in this paper provide a sufficient basis for developing initial hypotheses about what might have caused such a swift and ignominious fall and what business and public policies might best protect employees shareholders and other relevant parties in the future from the kind of injuries experienced in Enron's swift decline into bankruptcy Corruption

and Innovation Marcelo Veracierto, 2008-10 Illustrates how corruption can affect an industry's rate of innovation An interesting result of the analysis is that under certain parameter ranges small increases in the penalties to corruption or the effectiveness of detection can result in large increases in product innovation Charts and tables Innovation Corrupted

Salter, 2008 In

contrast to the time line narratives of previous books on Enron that offer interesting but largely unsystematic insight into individual actions and organizational processes *Innovation Corrupted* pursues a more methodical analysis of the causes and lessons of Enron's collapse **The War on Corruption in China** Sunny L. Yang, 2022-12-30 Having engaged in an

intensified war against corruption for more than four decades since the period of reform and opening up China is now at a

turning point in its anti corruption agenda Many believe that building government integrity has been a top down process in China and the anti corruption strategies taken by the current administration seem to have confirmed it This book challenges the view by analyzing local anti corruption innovations in recent years and argues for the importance of bottom up efforts in controlling corruption The book attempts to answer the question of whether the rise of local anti corruption innovations has helped China to pursue anti corruption reform more effectively and if so why It proceeds to analyze the major patterns of local anti corruption innovations the ways in which they have been initiated and implemented and the factors influencing their success or failure The book includes more than 400 cases of local innovative anti corruption reforms in China in recent years This book will be a useful reference for those interested in learning more about anti corruption studies and also contributes to the study of corruption and anti corruption reform in China by providing solid and fresh evidence of anti corruption innovation by local governments

Corruption and Entrepreneurship Mohammad Heydari,2024-04-01 This book examines corruption as a collective behavior problem for entrepreneurs In particular it considers Azjen s theory of planned behavior TPB to explain perceived corruption and its effects on entrepreneurship Heydari argues that behavioral intentions are shaped by variables such as attitude subjective norms and perceived behavioral control He proposes the novel Heydari Behavioral Synthesis Theory HBST model and applies it to two case studies to highlight the institutional individual and societal factors that may inhibit entrepreneurial behavior He concludes that corruption may persist not just because of difficulties in monitoring and prosecuting but because it is systemically pervasive and discourages individual countermeasures He closes by looking at anti corruption policies and outlining future research directions Arguing that widespread corruption may be theoretically mischaracterized in the literature this book is of interest to policy makers researchers and postgraduate students in the fields of management science industrial and organizational psychology entrepreneurship and corruption studies

Corruption in Africa John Mukum Mbaku, 2007-01-01 Corruption in Africa makes a significant contribution to the study of the impacts and eradication of corruption in African societies John Mukum Mbaku offers a comprehensive analysis of the causes of public malfeasance in African countries and provides a number of practical and effective policy options for change This book demonstrates the destructive relationship between corruption and the abrogation of economic freedoms and entrepreneurship a system that has clearly left Africa as one of the most deprived regions in the world Utilizing the tools of public choice theory Mbaku emphasizes the important role that institutions have in

corruption control and he recommends reconstructive democratic constitutions as the most effective means of development. Until African states provide their people with institutional arrangements that adequately constrain the state and enhance wealth production, the living standards in the continent will continue to deteriorate. Corruption in Africa is a fascinating and informative text that will appeal to those interested in African studies and developmental policies. **Fostering Recovery**

Through Metaverse Business Modelling Alina Mihaela Dima, Elena Rodica Danescu, 2023-05-28 Through the lens of multi and interdisciplinarity, this book highlights the potential of progress in cloud computing technologies, metaverse development and digital transformation in charting a path to economic and social recovery, governance process and societal evolution enabling to tackle the global polycrises triggered by the Covid 19 pandemic in 2020. The book is an outcome of the 5th International Conference on Economics and Social Sciences ICESS 2022 Bucharest, Romania. **Resisting Corporate**

Corruption Stephen V. Arbogast, 2013-03-18 Taking a unique approach to business ethics, unlike the typical focus on conceptual legal frameworks, this book features 25 case studies that cover a full range of business practices, controls and ethics issues. The new edition is fully updated with new case studies from the recent financial crisis, comparing it with Enron's crossing of various ethical lines. Interpretive essays explore financial control systems and lessons learned from specific case studies and circumstances. Readers will find a practical toolkit they can use to identify ethics issues and tackle problems effectively within corporations. **Corruption in a Global Context** Melchior Powell, Dina Wafa, Tim A. Mau, 2019-11-12 This

book provides an important survey of the causes and current state of corruption across a range of nations and regions. Delving into the diverse ways in which corruption is being combatted, the book explores and describes efforts to inculcate principles of ethical conduct in citizens, private sector actors and public sector personnel and institutions. Corruption is a global condition that affects every type of government at every level and has bewitched scholars of governance from ancient times to the present day. The book brings together chapters on a range of state and regional corruption experiences, framing them in terms of efforts to enhance ethical conduct and achieve integrity in government practices and operations. In addition, the book addresses and analyses the theoretical and practical bases of ethics that form the background and historical precepts of efforts to create integrity in government practices and finally assesses recent international efforts to address corruption on an international scale. This book will be perfect for researchers and upper level students of public administration, comparative government, international development, criminal justice and corruption.
