Mary Cappello What is a mood How do we think about and understand and describe moods and their endless shadings What do they do to and for us and how can we actively generate or alter them These are all questions Cappello takes up as she explores mood in all its manifestations we travel with her from the childhood tables of arts and crafts to mood rooms and reading rooms forgotten natural history museums and 3 D View Master fairytale tableaux from the shifting palette of clouds and weather to the music that defines us and the voices that carry us The result is a book as brilliantly unclassifiable as mood itself blue and green and bright and beautiful funny and sympathetic as powerfully investigative as it is richly contemplative I m one of those people who mistrusts a really good mood Cappello writes early on If that made you nod in recognition well maybe you re one of Mary Cappello s people you owe it to yourself to crack Life Breaks In and see for sure [Exploring Our World](#) Kathleen M.
