**English in Medical Education** Peih-ying Lu,John Corbett,2012-08-13 This book addresses recent developments in medical and language

education Both fields have broadened their focus on clinical expertise and linguistic skills to address issues of cultural competence The book re imagines the language classroom in medical settings as an arena for the exploration of values and professional identity Cumulated Index Medicus ,1979 *Resources in Education* ,2000 **Optimizing Medicine Residency Training Programs** Poduval, Jayita,2015-09-04 The medical profession requires extensive training and preparation in order to ensure the success and competency of future doctors and healthcare professionals With an emphasis on professional development and medical education current professionals in this field acknowledge the importance of residency programs and training in the professional development of future doctors *Optimizing Medicine Residency Training Programs* presents a comprehensive overview of chapters ranging from the history of medicine to opportunities and research for further exploration geared toward the professional development and medical training for the next generation of doctors and healthcare professionals This publication is an essential reference source for academicians practitioners and professionals interested in the education and training of modern medical professionals **Educational Change Amongst English Language College Teachers in China** Yulong Li,2020-04-15 This open access book provides anthropological insights into the arduous yet rewarding journeys involved in selected TESOL teachers pedagogical transition to teaching English for Academic Purposes EAP at universities in Shanghai the largest metropolitan area in China Applying a unique combination of ethnography and phenomenology the book offers innovative new perspectives on teacher education research Drawing on the latest language education theory it outlines a practitioner friendly approach to EAP literacy Teacher readers will especially benefit from the case studies presented here which provide role models for teacher change in educational reform as well as advice on their academic careers In addition to addressing a timely and important research gap on EAP teachers in non Western countries the book is the ideal choice for readers interested in an update on English education in China **New to the LSP classroom? A selection of monographs on successful practices** Martina Vránová,2023-05-23 As Languages for Specific Purposes have always been defined as student oriented the rationale behind this volume is to use the rather neglected niche of the other necessary agent of language instruction and thus focus on the LSP practitioner This turn towards the instructor has been motivated by the fact that a great number of LSP practitioners enter their jobs without previous expertise They lack LSP education or they may not even have a background in applied linguistics This motivation has proven valid as many of the volume s contributors have faced this particular situation in their professional lives For insights into the LSP field and guidelines on the best practices they must rely on their colleagues who offer to share their experience through workshops conferences or papers which is what this volume provides The primary goal of this volume is to present considerations of what challenges LSP practitioners face and should be prepared for in their jobs and to provide practice tested methodological guidelines on such demanding teaching techniques as blended and flipped learning or tandem learning All papers have been written by LSP practitioners and researchers in higher education Thus this volume provides

both guidance and self reflection In other words it is written by experienced LSP practitioners for aspiring LSP practitioners about how they see themselves and what effort they make to meet the challenges of their jobs As proof that LSP practice is a global challenge papers have been collected from many European countries the USA Uruguay Even though most papers are naturally concerned with English being the lingua franca of today the collection also features guidelines for teaching Spanish French and Dutch for specific purposes Moreover the target disciplines these languages are taught for encompass business engineering sociology or medicine thus supporting the assumption of the universal character of problems LSP practitioners deal with

*Professionalizing Your English Language Teaching* Christine Coombe, Neil J Anderson, Lauren Stephenson, 2020-10-22 Written by leading experts in the field of TESOL this book explores the literature on various topic areas and demonstrates how teachers can increase their levels of professionalism by acquiring some general and field specific strategies Being a teaching professional is not simply about having the right teaching qualifications and good academic standing it involves a commitment to being innovative and transformative in the classroom and helping both students and colleagues achieve their goals A dictionary definition of professionalism reads as follows professionalism is the conduct aims or qualities that characterize or mark a profession or a professional person and it defines a profession as a calling requiring specialized knowledge and often long and intensive academic preparation Merriam Webster 2013 However according to Bowman 2013 professionalism is less a matter of what professionals actually do and more a matter of who they are as human beings Both of these views imply that professionalism encompasses a number of different attributes and together these attributes identify and define a professional The book is primarily intended for teachers at all levels and in all contexts who are interested in improving their professionalism and developing strategies that can take them to higher levels in the field of TESOL ELT

**The Role of Language in Eastern and Western Health Communication** Jack Pun, 2023-06-30 Jack Pun's book offers the latest research in a variety of health communication settings to highlight the cultural differences between the East and the West It focuses on the various clinical strands in health communication such as doctor patient interactions nurse handover and cross disciplinary communication to

provide a broad comprehensive overview of the complexity and heterogeneity of health communication in the Chinese context which is gradually moving beyond a preference for Western based models to one that considers the local culture in understanding and interpreting medical encounters The content highlights the cultural difference between the East and the West and focuses on how traditional Chinese values underpin the nature of clinical communication in various clinical settings and how Chinese patients and practitioners conduct themselves during medical encounters The book also covers various topics that are unique to Chinese contexts such as the use of traditional Chinese medicine in primary care and how clinicians translate Western models of communication when working in Chinese contexts with Chinese patients This volume will appeal to researchers working in health communication in both the East and the West as well as clinicians interested in understanding what makes effective communication with multicultural patient cohorts

**English Language Proficiency Testing in Asia** Lily I-Wen Su, Cyril J. Weir, Jessica R. W. Wu, 2019-11-19 As the demand for English language education grows in Asia there has been a parallel growth in the development and implementation of standardized tests at the local level Offering much needed context on locally produced tests in Asia contributors examine emerging models for English language assessment and the impact these large scale tests have on the teaching and learning of English Chapters address the following well known and developing high stakes tests in different regions across Asia the GEPT the TEPS the VSTEP the CET the EIKEN and TEAP and the ELPA Brought together by world renowned testing assessment scholar Cyril Weir and the Language Training and Testing Center LTTC one of Asia's leading testing institutions based in Taiwan this volume is a useful reference for evaluating developing and validating local tests of English and their societal impact Comprehensive and research based chapters cover historic backgrounds sociocultural contexts test quality international standing and future considerations Ideal for graduate students researchers and scholars in language assessment TESOL TEFL and applied linguistics this book will also be of interest to language teaching professionals language test developers and graduate students in Asian studies and international education intercultural communication and intercultural studies
