Governance in Pacific Asia Peter Ferdinand, 2012-01-19 The book examines the political economy of the states of Pacific Asia stretching from Japan to Burma since the end of WWII

The Nature of Asian Politics Bruce Gilley, 2014-09-15 The Nature of Asian Politics is a broad and thematic treatment of the fundamental factors that characterize politics in the fourteen key countries of Southeast and Northeast Asia Bruce Gilley begins with an overview of state society relations then moves on to the fundamental questions of development and democracy and finally shifts to an exploration of governance and public policy in the region This book proposes an Asian governance model that is useful for understanding politics from Japan to Indonesia By reviving an earlier paradigm known as oriental despotism and applying it to political theories on the Asian region this book is likely to attract wide debate among students of Asian politics and among Western policy makers seeking to engage the region

Myanmar (Burma) since the 1988 Uprising Andrew Selth, 2022-01-24 Updated by popular demand this is the fourth edition of this important bibliography It lists a wide selection of works on or about Myanmar published in English and in hard copy since the 1988 pro democracy uprising which marked the beginning of a new era in Myanmar s modern history There are now 2 727 titles listed They have been written edited translated or compiled by over 2 000 people from many different backgrounds These works have been organized into thirty five subject chapters containing ninety five discrete sections There are also four appendices including a comprehensive reading guide for those unfamiliar with Myanmar or who may be seeking guidance on particular topics This book is an invaluable aid to officials scholars journalists armchair travellers and others with an interest in this fascinating but deeply troubled country

Routledge Handbook of the Contemporary Philippines Mark Thompson, Eric Vincent Batalla, 2018-02-19 The Philippines is a fascinating example of a poor country democracy where issues of economic development and poverty political

participation and stability as well as ethnicity and migration are crucial The Routledge Handbook of the Contemporary Philippines provides a comprehensive overview of the current political economic social and cultural issues of the country The Handbook is divided into the following four sections concentrating on a different aspect of the Philippines domestic politics foreign relations economics and social policy cultures and movements In terms of domestic politics chapters discuss clientelism bossism dynasties pork barrel and corruption as well as institutions the presidency congress the judiciary the civil service political parties and civilian military relations The Philippines is confronted with many overseas challenges with the foreign relations section focused on the country's relationship with China Japan and the USA as well as assessing the impact of the Filipino diaspora community around the world Regarding economics and social policy authors examine industrial policy capital flight microfinance technocracy economic nationalism poverty social welfare programs and livelihoods The final section on Philippine cultures and movements highlights issues of customs gender religion and nationalism while also examining various social and political forces the peasantry the middle class indigenous peoples NGOs the left trade unionism the women's movement and major insurgencies Written by leading experts in the field the Handbook provides students scholars and policymakers of Southeast Asia with an interdisciplinary resource on the evolving politics society and economics of the Philippines

Varieties of Capitalism in Asia David Hundt, Jitendra Uttam, 2017-08-02 This book devises an innovative new way of explaining how socioeconomic orders shape capitalism in Asia Hundt and Uttam go beyond both the varieties of capitalism approach which is mainly used to analyse Western capitalism and the developmental state thesis which is the primary framework for analysing capitalism in Asia and propose a new and innovative approach to the emergence of capitalist systems Rather than focusing solely or predominantly on the state they argue it is necessary to bring society back in to an analysis of capitalism The authors apply this approach to case studies from across the region Japan South Korea and Taiwan Hong Kong and Singapore Malaysia and Thailand and India and China This volume will appeal to historians political scientists and economists as well as policymakers who are interested in the transformation of the Asian region since World War II

Political

Science ,2014 Oceans of Innovation Katelyn Donnelly,Michael Barber,Saad Rizvi,2012-09-14 This essay assumes the near certainty that the Pacific region will take primary leadership of the global economy in the near future and explores the implications for their education systems It explores the historic insights that can be taken from the Atlantic s rise to global leadership and outlines the economic transformation over the last 50 years that has shifted leadership from the Atlantic to Pacific Asia On this foundation the authors lay out a new model for fostering innovation among individuals teams organisations and society as a whole They recommend a combination of best practices in coherent reform of education systems together with the latest thinking on unlocking systemic innovation to produce the whole system revolution that will be required to inspire a generation and produce global leaders who are able to rise to the challenges of the 21st century This report highlights the challenges and opportunities that every education system around the world faces May it facilitate an informed and productive dialogue on how we can better prepare our children for the future Lee Hsien Loong Prime Minister of Singapore Excellent work on the future of education David Miliband Member of Parliament and Former Secretary of State for Foreign and Commonwealth Affairs It is a terrific analysis and very important piece of work Sir Ken Robinson Author and speaker on education and creativity I found it quite mesmerizing Bill Drayton Founder and Chair of Ashoka The report is sweeping and challenging Charlie Leadbeater Author of Learning from the Extremes Interesting and timely report Baroness Sally Morgan Ofsted Chair Certainly the most stimulating thing in education that I have read for a long time Geoff Southworth Professor of Education and Former Director of Research and Policy at the National College of School Leadership

Non-Western Global Theories of International Relations Samantha Cooke,2022-01-28 This book seeks to reposition international relations IR theory by providing insights into non Western concepts and theories By engaging with understandings of power identity the state and the individual from a range of states outside of the Western hemisphere the contributors to this book introduce new methods for understanding aspects of IR in context considerate ways Engagements with Western theories and cases highlight how we need to reposition traditional understandings to allow non Western approaches to IR develop alongside and inform their Western counterparts Moreover the book reinforces the need to move beyond the traditionally used Western centric lenses without removing them completely instead it advocates a harmonisation between them to reduce generalisations across the local state and regional levels **Political Economy of Japanese and Asian Development**

Shinichi Ichimura,2013-06-29 This book deals with the major problems that Japan and East Asian countries have faced during the turbulent years of their reconstruction and development from 1945 to the present time The Development Report of the World Bank 1993 on the same subject was given the subtitle East Asian Miracle I have never thought however that the impressive achievement of East Asian development was a miracle in any sense Indeed as this book tries to show Japanese and Asian development has been the fruit of the sweat tears and blood of all East Asian nations The efforts and sacrifices involved in the process of their development after World War II are no less than those during the war

itself One should not overlook the fact that almost all the peoples of East Asia have achieved not just economic development but indeed new nation building after hundreds of years of colonial submission It is my assertion in this book that even economists analyses of Asian development should pay attention to not only the logos but also the pathos of development in this last half of twentieth century Ever since I became the director of the Center for Southeast Asian Studies at Kyoto University in 1969 I have written extensively in English as well as in Japanese on the various problems arising in the Japanese and other Asian economies

The Political Economy of East Asia Ming Wan,2007-10-17 For students of international political economy it is hard to ignore the growth dynamism and global impact of East Asia Japan and China are two of the largest economies in the world in a region now accounting for almost 30 percent more trade than the United States Canada and Mexico combined What explains this increasing wealth and burgeoning power In his new text Ming Wan illustrates the diverse ways that the domestic politics and policies of countries within East Asia affect the region's production trade exchange rates and development and are in turn affected by global market forces and international institutions Unlike most other texts on East Asian political economy that are essentially comparisons of major individual countries Wan effectively integrates key thematic issues and country specific examples to present a comprehensive overview of East Asia's role in the world economy The text first takes a comparative look at the region's economic systems and institutions to explore their evolution a rich and complex story that looks beyond the response to Western pressures Later chapters are organized around close examination of production trade finance and monetary relations While featuring extended discussion of China Japan South Korea and Taiwan Wan is inclusive in his analysis with coverage including Myanmar Thailand Laos Vietnam Cambodia Malaysia Singapore Indonesia Brunei and the Philippines The text is richly illustrated with more than fifty tables figures and maps that present the latest economic and political data to help students better visualize trends and demographics Each chapter ends with extensive lists of suggested readings

Governing Regional Integration for Development Antoni Esteveordal,2016-04-22 Developing countries have joined the rapidly growing global system of regional trade agreements RTAs over the past years The drive towards regional integration has advanced with the formation of new markets and groups in Latin America Africa Asia the Middle East and Oceania with few developing countries remaining outside these regional schemes This volume looks at how getting governance right is a central element for successful RTA implementation taking stock of the quality and effectiveness of the monitoring of development country RTAs around the world Organized by the main world regions and primarily focusing on developing country RTAs the book also includes two case studies focused on monitoring in developed country regional agreements by way of comparison The contributors operationalize governance in the context of RTA implementation with a more narrow and technical term of monitoring and provide eight important lessons for assessing monitoring around the world

East Asian Dynamism Steve Chan,2019-03-08 East Asian Dynamism continues to offer a succinct account of Pacific regional political economy from the

dawn of the modern world system to projections of alternative futures Steve Chan is a master at demystifying the geography history and culture of the region while bringing to life the current policy choices and dilemmas facing its people *State Dominance in Myanmar* Tin Maung Maung Than, 2007 Focuses on the state's efforts to industrialize Myanmar first through direct intervention and planning under a socialist economic framework as interpreted by the state leaders 1948-88 and lately 1989 onwards through state managed outward orientation **The State in Myanmar** Robert H. Taylor, 2009 World War II and Southeast Asia Gregg Huff, 2020-10-22 From December 1941 Japan as part of its plan to build an East Asian empire and secure oil supplies essential for war in the Pacific swiftly took control of Southeast Asia Japanese occupation had a devastating economic impact on the region Japan imposed country and later regional autarky on Southeast Asia dictated that the region finance its own occupation and sent almost no consumer goods GDP fell by half everywhere in Southeast Asia except Thailand Famine and forced labour accounted for most of the 4.4 million Southeast Asian civilian deaths under Japanese occupation In this ground breaking new study Gregg Huff provides the first comprehensive account of the economies and societies of Southeast Asia during the 1941-1945 Japanese occupation Drawing on materials from 25 archives over three continents his economic social and historical analysis presents a new understanding of Southeast Asian history and development before during and after the Pacific War **Global Civil Society 2011** H. Seckinelgin, 2016-01-12 Global Civil Society 2011 combines activist and academic accounts of contemporary struggles to promote negotiate and deliver justice in a global frame without a central authority In their engagement with cultural diversity and their networked communication the contributors rethink and remake justice beyond the confines of the nation state **Governance in the Asia-Pacific** David Goldblatt, Richard Maidment, Jeremy Mitchell, 2005-06-27 *Governance in the Asia Pacific* is a student friendly textbook which examines the governance of nation states in this diverse and rapidly changing region It sets out the range of political beliefs and styles that flourish and the similarities and differences between individual states and the ways in which they choose to govern Wide ranging in scope and clearly written to help students get to the bottom of important issues the book addresses many key areas including the Anglo American powers Japan independence movements the politics of economic development social movements the politics of the environment the pressures for political change in the region And these issues are all analysed within the broad context of governance in the Asia Pacific more generally The authors also identify factors which explain the political underpinning of the dramatic economic development in the region
