Making Your Way in Life as a Buddhist is a practical guide to making those decisions consistent with the Buddhist path rather than constantly falling off it because of the pull of our ego. We cannot escape the fact that we are part of the contemporary culture. We live in this world and it is the way it is. We are part of it: our work, our shopping, our reading, our family relationships, all of this happening within the context of and is impacted by our culture. But we need to not be captive to it. If we are walking the Buddhist path and seek peace and contentment, we must find a way to be part of that culture and yet look at our interactions with it from a Buddhist perspective. *Making Your Way in Life* will show you the way.
