integrates and automatically administers all the hardware software and associated gizmos that make up a company's IT infrastructure. It also can integrate non IT devices with embedded technology such as company cars, elevators, pizza ovens, vending machines, you name it. It tells you what they are, what shape they're in, where they are, and who they belong to, and lets you manage them accordingly. In addition to providing automated round the clock troubleshooting and backup, it makes predictions based on product specs and past history and sends out updates and warnings. If you're an IT manager or network administrator looking for an all in one quick reference guide to installing, configuring, fine tuning, and managing TNG, then *Unicenter TNG For Dummies* is for you. In no time you'll understand TNG architecture, plan your installation, rollout IT policies, leverage TNG interface capabilities, predict and manage systems events, make the most of TNG options. Writing with humor and plenty of real world examples and insights from TNG users, Sandy Sampson leads you step by step through a successful TNG implementation. Along the way you'll explore all of TNG's amazing capabilities, how to put them to work in your company. Topics covered include Automating the enterprise with TNG and using it to drive business performance, end to end management with Unicenter TND, understanding the Unicenter TNG architecture and exploring the enterprise with Unicenter TNG Framework, understanding and getting the most out of the TNG security manager, getting the most out of WorldView interfaces, monitoring the enterprise with agents and with Event Manager, fine tuning a TNG implementation with tips on optimizing TNG for the network, managing storage requirements and more. As an added bonus, you get a CD ROM containing Unicenter TNG Framework 2.2 from Computer Associates, which includes 2D and 3D managed resource views, an anti virus tool, and calendars for defining date and time based policies. Let *Unicenter TNG For Dummies* show you how to harness the awesome power of the first truly comprehensive enterprise systems management software for your organization.
