Davis,2005-03 This is the story of the fighter mission that changed World War II It is the true story of the man behind Pearl Harbor Admiral Isoroku Yamamoto and the courageous young American fliers who flew the million to one suicide mission that shot him down Yamamoto was a cigar smoking poker playing English speaking Harvard educated expert on America and that intimate knowledge served him well as architect of the Japanese attack on Pearl Harbor For the next sixteen months this military genius beloved by the Japanese people lived up to his prediction that he would run wild in the Pacific Ocean He was unable however to deal the fatal blow needed to knock America out of the war and the shaken United States began its march to victory on the bloody island of Guadalcanal Donald A Davis meticulously tracks Yamamoto s eventual rendezvous with death After American code breakers learned that the admiral would be vulnerable for a few hours a desperate attempt was launched to bring him down What was essentially a suicide mission fell to a handful of colorful and expendable U S Army pilots from Guadalcanal s battered Cactus Air Force Mississippian John Mitchell after flunking the West Point entrance exam entered the army as a buck private Though not a natural as an aviator he eventually became the highest scoring army ace on Guadalcanal and the leader of the Yamamoto attack Rex Barber grew up in the Oregon countryside and was the oldest surviving son in a tightly knit churchgoing family A few weeks shy of his college graduation in 1940 the quiet Barber enlisted in the U S Army I m going to be President of the United States Tom Lanphier once told a friend Lanphier was the son of a legendary fighter squadron commander and a dazzling storyteller He viewed his chance at hero status as the start of a promising political career December 7 1941 found Besby Holmes on a Pearl Harbor airstrip firing his 45 handgun at Japanese fighters He couldn t get airborne in time to make a serious difference but his chance would come Tall and darkly handsome Ray Hine used the call sign Heathcliffe because he resembled the brooding hero of Wuthering Heights He was transferred to Guadalcanal just in time to participate in the Yamamoto mission a mission from which he would never return They flew the longest over water fighter mission ever and ambushed and killed Yamamoto After his death the Japanese never won another major naval battle But the victorious American pilots seemed cursed by the samurai spirit of the admiral and were tormented for the rest of their lives by what happened that day Davis paints unforgettable personal portraits of men in combat and unravels a military mystery that has been covered up at the highest levels of government since the end of the war **The**

Japanese Way of Justice David Ted Johnson,2002 The major achievements of Japanese criminal justice are thus inextricably intertwined with its most notable defects and efforts to fix the defects threaten to undermine the accomplishments BOOK

JACKET **Touring Pacific Cultures** Kalissa Alexeyeff,John Taylor,2016-12-15 Tourism is vital to the economies of most Pacific nations and as such is an important site for the meaningful production of shared and disputed cultural values and practices This is especially the case when tourism intersects with other important arenas for cultural production both directly and indirectly Touring Pacific Cultures captures the central importance of tourism to the visual material and performed cultures of the Pacific region In this volume we propose to explore new directions in understanding how culture is defined

produced experienced and sustained through tourism related practices across that region We ask how is cultural value ownership performance and commodification negotiated and experienced in actual lived practice as it moves with people across the Pacific This collection is a welcome addition to tourism studies or perhaps we should say post or para tourism The essays bring out many facets and experiences too quickly bundled under a single label and focused exclusively on destinations visited by outsiders Tourism we see here actively involves many different populations societies and economies a range of local global regional engagements that can be both destructive and creative Western outsiders aren't the only ones on the move Unequal power neo colonial exploitation and capitalist commodification are very much part of the picture But so are desire adventure pleasure cultural reinvention and economic development The effect overall is an attitude of alert critical ambivalence with respect to a proliferating historical phenomenon A bumpy and rewarding ride James Clifford Professor Emeritus University of California Santa Cruz **Pacific Ports** ,1919 **Pacific Christian Advocate** ,1904 **This People's Navy** Kenneth J. Hagan,1992-08-21 A sweeping account of the American naval experience from the wooden Continental Navy to contemporary projections for the service's high tech mission in the next century *Crisis in the Pacific* Gerald Astor,2009-02-25 From the depths of defeat On December 8 1941 one day after the bombing of Pearl Harbor the Japanese Air Force struck the Philippines in the first blow of a devastating invasion With an undersupplied patchwork army at his command General Douglas MacArthur led a valiant defense of the Philippines When defeat came MacArthur swore he would return while thousands of POWs fell into Japanese hands and faced a living hell that many would not survive To the dawn of victory In this gripping oral history Gerald Astor brings to life the struggle to recapture the Philippines the men who did the fighting the battles that set the stage for an Allied invasion and the acts of astounding courage and desperation that marked the campaign on both sides From Corregidor to the Battle for Manila from horrifying jungle warfare to cataclysmic clashes at sea on beachheads and in the air *Crisis in the Pacific* draws on the words of the men who were there capturing this crucial heroic struggle for victory against Japan *An Indiscreet Chronicle from the Pacific* Putnam Weale,2016-03-17 The Anglo Japanese Alliance Treaty was first signed in January 1902 and was seen as a major milestone in diplomatic relations as well as seeing an end to Great Britain's Splendid Isolation policy Originally published in 1922 Weale's study aims to outline the steps taken to bring about the demise of the treaty with a focus on how countries such as The United States and Canada contributed to this This title will be of interest to students of Politics International Relations and Asian studies *Senso: The Japanese Remember the Pacific War* Frank Gibney,Beth Cary,2015-04-29 This acclaimed work is an extraordinary collection of letters written by a wide cross section of Japanese citizens to one of Japan's leading newspapers expressing their personal reminiscences and opinions of the Pacific war SENSO provides the general reader and the specialist with moving disturbing startling insights on a subject deliberately swept under the rug both by Japan's citizenry and its government It is an invaluable index of Japanese public opinion about the war **The First Team** John B Lundstrom,2005-07-01 Hailed as one

of the finest examples of aviation research this comprehensive 1984 study presents a detailed and scrupulously accurate operational history of carrier based air warfare From the earliest operations in the Pacific through the decisive Battle of Midway it offers a narrative account of how ace fighter pilots like Jimmy Thach and Butch O Hare and their skilled VF squadron mates called the first team amassed a remarkable combat record in the face of desperate odds Tapping both American and Japanese sources historian John B Lundstrom reconstructs every significant action and places these extraordinary fighters within the context of overall carrier operations He writes from the viewpoint of the pilots themselves after interviewing some fifty airmen from each side to give readers intimate details of some of the most exciting aerial engagements of the war At the same time he assesses the role the fighter squadrons played in key actions and shows how innovations in fighter tactics and gunnery techniques were a primary reason for the reversal of American fortunes After more than twenty years in print the book remains the definitive account and is being published in paperback for the first time to reach an even larger audience

From Pearl Harbor to Hiroshima Saki Dockrill, 2016-07-27 The most significant issue that Dockrill addresses is that of how Japan views the war in retrospect a question which not only tells us a lot about how events were seen in Japan in 1941 but is also a matter still of importance in contemporary East Asian politics Antony Best London School of Economics This multi authored work edited by Saki Dockrill is an original unique and controversial interpretation of the Second World War in Asia and the Pacific Dr Dockrill the author of Britain s Policy for West German Rearmament has skilfully converted the proceedings of an international conference held in London into a stimulating and readable account of the Pacific War This is a valuable contribution to our knowledge of the subject
