Civil Society and International Students in Japan Polina Ivanova,2023-07-14 This book explores encounters and interactions between international students and local civil society organizations CSOs in Japan Based on the results of a cross case analysis this study reveals the possibilities for international students in Japan of creating social capital in the short term in culturally and socially diverse groups While a conventional approach sees universities as the main support providers this research shows the role of local CSOs as

alternative actors offering international student support Unlike the long standing paradigm viewing Japanese civil society as top down and closely following the government this book uncovers many decentralized and bottom up organizational types Furthermore it highlights an active part taken by foreign staff and volunteers in Japanese CSOs which challenges the guest host dichotomy of the previous literature Presenting a reconsidered insight into the role of international students and their interaction with CSOs in community building this book will appeal to students and scholars of Asian studies and migration studies as well as organizers of CSOs and faculty of international higher education institutions

Collaborating for Our Future Barbara Gray,Jill Purdy,2018-02-02 Organizations turn to multistakeholder partnerships MSPs to meet challenges that they cannot handle alone By tapping the resources of diverse stakeholders MSPs develop the capability to address complex issues and problems such as health care delivery poverty human rights watershed management education sustainability and innovation This book provides a comprehensive understanding of MSPs why they are needed the challenges partners face in working together and how to design them effectively Through the process of collaboration partners combine their differing strengths vantage points and expertise to craft innovative responses to pressing societal concerns The book offers valuable advice for leaders about how to design and scale up effective partnerships and how to address potential obstacles that partners may face Drawing on three comprehensive cases and countless shorter examples from around the world the book offers both practical advice for organization embarking on an MSP as well as a theoretical understanding of how partnerships function Using an institutional theory lens it explains how partnerships can effect change in institutional fields by reducing turbulence and negotiating a common set of norms and routines to govern partners future interactions within the field of concern American Book Publishing Record ,2006 **The Social Value of New**

Technology Albert N. Link,John T. Scott, New technologies with their practical contributions provide social value The chapters in this volume view this social value from a program evaluation perspective and the focus of the evaluations is the generation of new technology funded by public sector agencies The authors provide important background on methodology and application and show that it is relevant not only to the established scholars and practitioners but also to students
