Marxism and the Failure of Organised Socialism in Spain, 1879-1936

Paul Heywood,2003-02-13 This is the first full length study in English of the role of Marxist theory in the Spanish Socialist movement prior to the outbreak of Civil War in 1936 In particular the author stresses the intellectual poverty of this aspect of leftwing politics in Spain In concentrating on the Partido Socialista Obrero Espa ol PSOE the major organised party of the left prior to the Civil War the study seeks to achieve two main aims first to attempt to isolate the political social and intellectual factors which led to a particularly distorted version of Marxism which became established in Spain at the end of the nineteenth century and second to demonstrate how this particular conception of Marxism had a crucial negative impact on the political formulations and fortunes of the PSOE between 1879 and 1936 The central argument of the book is that the significance of Spanish Marxism lay precisely in its poverty since it was this decaffeinated version of the theory which set the parameters within which the PSOE formulated its strategy for socialism

La referencia europea en la educación española (1875-1914). La mediación francesa Jean-Louis GUEREÑA, 2014-05-15 Francia es con frecuencia para el imaginario de los españoles con fundamento racional casi siempre y en otras ocasiones no tanto un motivo de esperanza colectiva de ilusión razonable de hito de referencia para el avance de civilización de progreso superior no por casualidad una de las situaciones de la vida cotidiana de cada familia española de su intrahistoria de pareja de las relaciones entre hombre y mujer en bastantes ocasiones tiene que ver con parientes con Francia Los niños los trae la cigüeña desde parientes se dice a los ingenuos infantes o se edulcora pacatamente la realidad que en su día a podían suponer la explicación de que habían existido relaciones sexuales y una mujer quedaba embarazada

An Economic History of the Spanish Welfare State Sergio Espuelas, 2025-04-15 This monograph analyses the evolution of the welfare state in Spain from qualitative and quantitative perspectives It basically relies on estimates of public social spending from 1850 to the present and offers comparisons with the rest of Europe As a whole the volume sheds light on the historical political and economic conditions at play during the relatively late development of the Spanish welfare state Three key driving factors are explored the political regime social inequality and Spain's exposure to international markets While economic backwardness and demographic factors explain part of the story Espuelas demonstrates that inequality explains much of the pre 1936 gap the lack of democracy and the Franco dictatorship were crucial up to the 1970s and globalization rather than having a clear positive or negative effect has mainly influenced the way social policy is financed This volume will be of interest to advanced students and researchers of economic history welfare states European history and social policy

Fundamentos de teoría social James S. Coleman, 2011-12-15 Fundamentos de teoría social 1990 es una de las principales aportaciones a la sociología de James S. Coleman autor de referencia del individualismo metodológico y disciple del funcionalista Robert K. Merton 1910-2003 El propósito de esta ambiciosa obra es construir una teoría social rigurosa que desde la perspectiva de la acción racional contribuya a explicar el funcionamiento de las sociedades contemporáneas A través de una fundamentación teórica sólida pretende poder responder a preguntas como: ¿vamos hacia dónde queremos ir? podemos modificar la dirección en la que elegimos una dirección El marco conceptual desde el que Coleman desarrolla su teoría social se centra en explicar la conducta de un sistema social a través de tres componentes básicos:

sicos una relaci n de lo macro a lo micro es decir desde las estructuras y las instituciones a las normas sociales y los valores en segundo lugar la acci n individual entendida como maximizaci n de la utilidad y finalmente una relaci n de lo micro a lo macro basada en las reglas de acciones interdependientes La combinaci n de los principios de la elecci n racional individual con una concepci n sociol gica de la acci n colectiva permiten a Coleman reformular la teor a social de una manera nueva y audaz El resultado es un hito en la teor a sociol gica capaz de describir tanto la estabilidad como el cambio en los sistemas sociales

Radical Cultures and Local Identities Krista Cowman,Ian Packer,2020-05-22 This edited interdisciplinary collection draws together recent original work on the connections between radicalism and localism in a variety of international locations over the last two hundred years The areas covered include the United Kingdom North America South Africa the Caribbean Germany Italy and Spain The book questions whether certain political issues have more impact at a local level and whether common radical responses can be discerned across space and time The contributors essays also consider to what extent the local offers a space in which new political possibilities can be explored and especially the extent to which radical participation from groups who are under represented in many national campaigns appears more easily available at the local level Finally the essays in the collection examine the distinctiveness of local political radicalism This involves looking at the activities of communal organizations and political parties that defined themselves against nationally situated sites of power but also at how the many cultural manifestations of radicalism such as music theatre and art were shaped distinctively at local level and how radical ideas were spread across wider areas from local bases
