Historia Cuba Classic Reprint Spanish:

The United States Catalog; Books in Print January 1, 1912 Marion Effie Potter, 1921 **Literature of Travel and Exploration** Jennifer Speake, 2014-05-12 Containing more than 600 entries this valuable resource presents all aspects of travel writing There are entries on places and routes Afghanistan Black Sea Egypt Gobi Desert Hawaii Himalayas Italy Northwest Passage Samarkand Silk Route Timbuktu writers Isabella Bird Ibn Battuta Bruce Chatwin Gustave Flaubert Mary Kingsley Walter Raleigh Wilfrid Thesiger methods of transport and types of journey balloon camel grand tour hunting and big game expeditions pilgrimage space travel and exploration genres buccaneer narratives guidebooks New World chronicles postcards companies and societies East India Company Royal Geographical Society Society of Dilettanti and issues and themes censorship exile orientalism and tourism For a full list of entries and contributors a generous selection of sample entries and more visit the Literature of Travel and Exploration An Encyclopedia website **The War with Spain in 1898** David F. Trask, 1996-01-01 Remember the Maine The war cry spread throughout the United States after the American battleship was blown up in Havana harbor on February 15 1898 Americans already sympathetic with Cuba's struggle for independence from Spain demanded action Brief and decisive not too costly the Spanish American War made the United States a world power David F Trask's War with Spain in 1898 is a cogent political and military history of that splendid little war It describes the failure of diplomacy the state of preparedness of both sides the battles including those of Theodore Roosevelt and his Rough Riders the enlargement of conflict to rout the Spanish from Puerto Rico and the Philippines and the misconceptions surrounding the war **Cuba and the Politics of Passion** Damián J. Fernández, 2010-01-01 Cuban politics has long been remarkable for its passionate intensity and yet few scholars have explored the effect of emotions on political attitudes and action in Cuba or elsewhere This book thus offers an important new approach by bringing feelings back into the study of politics and showing how the politics of passion and affection have interacted to shape Cuban history throughout the twentieth century Damián Fernández characterizes the politics of passion as the pursuit of a moral absolute for the nation as a whole While such a pursuit rallied the Cuban people around charismatic leaders such as Fidel Castro Fernández finds that it also set the stage for disaffection and disconnection when the grand goal never fully materialized At the same time he reveals how the politics of affection taking care of family and friends outside the formal structures of government has paradoxically both undermined state regimes and helped them remain in power by creating an informal survival network that provides what the state cannot or will not **Life and Society in the Early Spanish Caribbean** Ida Altman, 2021-11-17 The half century of European activity in the Caribbean that followed Columbus's first voyages brought enormous demographic economic and social change to the region as Europeans Indigenous people and Africans whom Spaniards imported to provide skilled and unskilled labor came into extended contact for the first time In Life and Society in the Early Spanish Caribbean Ida Altman examines the interactions of these diverse groups and individuals and the transformation of the islands of the

Greater Antilles Hispaniola Puerto Rico Cuba and Jamaica She addresses the impact of disease and ongoing conflict the Spanish monarchy s efforts to establish a functioning political system and an Iberian church evangelization of Indians and Blacks the islands economic development the international character of the Caribbean which attracted Portuguese Italian and German merchants and settlers and the formation of a highly unequal and coercive but dynamic society As Altman demonstrates in the first half of the sixteenth century the Caribbean became the first full fledged iteration of the Atlantic world in all its complexity [Guide to Microforms in Print](#) ,1987 **Classical Numismatic Group XXIV** , **Cuba Then, Cuba Now** Joshua Jelly-Schapiro,2019-03-05 In an enthralling blend of travel literature and history Joshua Jelly Schapiro provides an insightful portrait of a mesmerizing place Building on the in depth exploration of Cuba s society culture and politics that formed part of his recent book *Island People* The Caribbean and the World Jelly Schapiro adds new material covering the changes that followed the death of Fidel Castro The result is a concise and up to date overview of Cuba s past and present and its enduring grip on the world s imagination **DK Eyewitness Travel Guide: Cuba** DK Publishing,2011-09-01 New expanded edition the world s best full color travel guides just got better Cuba is now very much on the radar of American travelers With its fantastic music unspoiled beaches and vintage American cars it has a unique identity This Eyewitness Travel Guide explores Cuba s rich cultural history while giving you all the practical tips you need for a perfect vacation [Island People](#) Joshua Jelly-Schapiro,2016-11-22 A masterwork of travel literature and of history voyaging from Cuba to Jamaica Puerto Rico to Trinidad Haiti to Barbados and islands in between Joshua Jelly Schapiro offers a kaleidoscopic portrait of each society its culture and politics connecting this region s common heritage to its fierce grip on the world s imagination From the moment Columbus gazed out from the Santa Mar a s deck in 1492 at what he mistook for an island off Asia the Caribbean has been subjected to the misunderstandings and fantasies of outsiders Running roughshod over the place they have viewed these islands and their inhabitants as exotic allure to be consumed or conquered The Caribbean stood at the center of the transatlantic slave trade for more than three hundred years with societies shaped by mass migrations and forced labor But its people scattered across a vast archipelago and separated by the languages of their colonizers have nonetheless together helped make the modern world its politics religion economics music and culture Jelly Schapiro gives a sweeping account of how these islands inhabitants have searched and fought for better lives With wit and erudition he chronicles this place where globalization began and introduces us to its forty million people who continue to decisively shape our world [Slave No More](#) Aline Helg,2019-02-07 Commanding a vast historiography of slavery and emancipation Aline Helg reveals as never before how significant numbers of enslaved Africans across the entire Western Hemisphere managed to free themselves hundreds of years before the formation of white run abolitionist movements Her sweeping view of resistance and struggle covers more than three centuries from early colonization to the American and Haitian revolutions Spanish American independence and abolition in the British Caribbean Helg not only underscores the

agency of those who managed to become free people of color before abolitionism took hold but also assesses in detail the specific strategies they created and utilized While recognizing the powerful forces supporting slavery Helg articulates four primary liberation strategies flight and marronage manumission by legal document military service for men in exchange for promised emancipation and revolt along with a willingness to exploit any weakness in the domination system Helg looks at such actions at both individual and community levels and in the context of national and international political movements Bringing together the broad currents of liberal abolitionism with an original analysis of forms of manumission and marronage *Slave No More* deepens our understanding of how enslaved men women and even children contributed to the slow demise of slavery

Writers of the Spanish Colonial Period David William Foster, Daniel Altamiranda, 1997 These critical studies propose innovative readings and overall reformulations of the texts and authors that stand as representative of the period for the contemporary reader The first group of articles refers to reports chronicles and Renaissance epics a vast block of texts that fall in most cases halfway between history and narrative fiction and examine the experiences of the discovery the conquest and the colonization of the new territories The second group concentrates on regionally marked texts from the Baroque period especially those of the central figure of the Mexican nun poet and intellectual Sor Juana In s de la Cruz Finally there are some essays on representative texts of the latter part of the colonial period Publisher's description

Cuba's Wild East Peter Hulme, 2011-01-01 As a whole Cuban history culture and art are often misconstrued with a heritage specific to Havana In *Cuba's Wild East* Peter Hulme attempts to right this wrong focusing on the eastern region of the island and the specific fictions poetries locations and histories that constitute a specific eastern culture Examining a region with a rich insurgent and revolutionary history Peter Hulme examines the stories of rebellion heroism and sacrifice that are so intimately tied to the places and sites that have now become part of a national pantheon at the same time showing the international influence of US journalists and novelists whose presence in Cuban literature alongside native Cuban writers further defines the region as a place of encounter

Arming Slaves Christopher Leslie Brown, Philip D. Morgan, 2008-10-01 Arming slaves as soldiers is a counterintuitive idea Yet throughout history in many varied societies slaveholders have entrusted slaves with the use of deadly force This book is the first to survey the practice broadly across space and time encompassing the cultures of classical Greece the early Islamic kingdoms of the Near East West and East Africa the British and French Caribbean the United States and Latin America To facilitate cross cultural comparisons each chapter addresses four crucial issues the social and cultural facts regarding the arming of slaves the experience of slave soldiers the ideological origins and consequences of equipping enslaved peoples for battle and the impact of the practice on the status of slaves and slavery itself What emerges from the book is a new historical understanding the arming of slaves is neither uncommon nor paradoxical but is instead both predictable and explicable

European Images of the Americas and the Classical Tradition Wolfgang Haase, Reinhold Meyer, 2011-08-02 No detailed description available for *European Images of the Americas and the*

Classical Tradition *Guerrilla Warfare* , As the author makes clear every book has a history *Guerrilla Warfare* is noexception Together with its sequel *Terrorism* and two companion readers it was part of a wider study to give a critical interpretation of guerrilla and terrorism theory and practice throughout history It did not aim at providing a general theory of political violence nor did it give instructions on how to conduct guerrilla warfare and terrorist operations Its aim remains to bring about greater semantic and analytic clarity and to do so at psychological as well as political levels While the word guerrilla has been very popular much less attention has been given to guerrilla warfare than to terrorism even though the former has been politically more successful The reasons for the lack of detailed attention are obvious guerrilla operations take place far from big cities in the countryside in remote regions of a nation In such areas there are no film cameras or recorders In his probing new introduction Laqueur points out that a review of strategies and the fate of guerrilla movements during the last two decades show certain common features Both mainly concerned nationalists fighting for independence either against foreign occupants or against other ethnic groups within their own country But despite the many attempts only in two places Afghanistan and Chechnya were the guerrillas successful According to Laqueur historical experience demonstrates that guerrilla movements have prevailed over incumbents only in specific conditions Due to a constellation of factors ranging from modern means of observation to increase in firepower The author suggests that we may witness a combination of political warfare propaganda guerrilla operations and terrorism In such cases this could be a potent strategy for unsponsored revolutionary change But either as social history or military strategy this work remains a crucial work of our times Handbook of Latin American Studies ,1944 Contains scholarly evaluations of books and book chapters as well as conference papers and articles published worldwide in the field of Latin American studies Covers social sciences and the humanities in alternate years **Catalogue for the Year ... and Announcement for the Year ...** University of Wyoming,1926 *Political Essay on the Island of Cuba* Alexander von Humboldt,2011-04-15 The research Alexander von Humboldt amassed during his five year trek through the Americas in the early nineteenth century proved foundational to the fields of botany geography and geology But his visit to Cuba during this time yielded observations that extended far beyond the natural world *Political Essay on the Island of Cuba* is a physical and cultural study of the island nation In it Humboldt denounces colonial slavery on both moral and economic grounds and stresses the vital importance of improving intercultural relations throughout the Americas Humboldt s most controversial book *Political Essay on the Island of Cuba* was banned censored and willfully mistranslated to suppress Humboldt s strong antislavery sentiments It reemerges here newly translated from the original two volume French edition to introduce a new generation of readers to Humboldt s astonishing multiplicity of scientific and philosophical perspectives In their critical introduction Vera Kutzinski and Ottmar Ette emphasize Humboldt s rare ability to combine scientific rigor with a cosmopolitan consciousness and a deeply felt philosophical humanism The result is a work on Cuba of historical import that will attract historians of science as well as

cultural historians political scientists and literary scholars

Imagining Our Americas Sandhya Shukla, Heidi

Tinsman, 2007-07-20 Challenges the disciplinary boundaries and the assumptions underlying the fields of Latin American Studies and American U S Studies demonstrating that the Americas is a concept that transcends geographical place
