**Religions, Reasons and Gods** John

Clayton, 2006-11-25 Traditional theistic proofs are often understood as evidence intended to compel belief in a divinity John Clayton explores the surprisingly varied applications of such proofs in the work of philosophers and theologians from several periods and traditions thinkers as varied as Ramanuja al Ghazali Anselm and Jefferson He shows how the gradual disembedding of theistic proofs from their diverse and local religious contexts is concurrent with the development of natural theologies and atheism as social and intellectual options in early modern Europe and America Clayton offers a fresh reading

of the early modern history of philosophy and theology arguing that awareness of such history and the local uses of theistic argument offer important ways of managing religious and cultural difference in the public sphere He argues for the importance of historically grounded philosophy of religion to the field of religious studies and public debate on religious pluralism and cultural diversity

**Rival Jerusalems** K. D. M. Snell, Paul S. Ell, 2000-10-26 This pioneering book is based upon very extensive analysis of the famous 1851 Census of Religious Worship and earlier sources such as the 1676 Compton Census The authors stress contextual and regional understanding of religion Among the subjects covered for all of England and Wales are the geography of the Church of England Roman Catholicism the old and new dissenting denominations the spatial complementarity of denominations and their importance for political history A range of further questions are then analysed such as regional continuities in religion the growth of religious pluralism Sunday schools and child labour during industrialisation free and appropriated church sittings landownership and religion and urbanisation and regional secularisation This book's advanced methods and findings will have far reaching influence within the disciplines of history historical and cultural geography religious sociology and in the social science community general

**Putnam's Historical Atlas, Mediaeval and Modern** Ramsay Muir, 1927

**Bounds of Their Habitation** Paul Harvey, 2016-11-10 There is an American Way to religion and race unlike anyplace else in the world and the rise of religious pluralism in contemporary America together with the continuing legacy of the racism of the past and misapprehensions in the present render its understanding crucial Paul Harvey's *Bounds of Their Habitation* the latest installment in the acclaimed American Ways Series concisely surveys the evolution and interconnection of race and religion throughout American history Harvey pierces through the often overly academic treatments afforded these essential topics to accessibly delineate a narrative between our nation's revolutionary racial and religious beginnings and our increasingly contested and pluralistic future Anyone interested in the paths America's racial and religious histories have traveled where they've most profoundly intersected and where they will go from here will thoroughly enjoy this book and find its perspectives and purpose essential for any deeper understanding of the soul of the American nation
