Studies on Anglo-Saxon Institutions H. Munro Chadwick, 2010-11-02 First published in 1905 H Munro Chadwick s *Studies on Anglo Saxon Institutions* applied his study of philology to a re analysis of the historical evidence for early English law and administration In the first part he examines the development of the monetary and social systems coming to some controversial interpretations The second part of the book looks at the administration at national and local levels land tenure and the origin of the nobility He shows that there was considerable variation between different Anglo Saxon kingdoms and their legal and social organisation Chadwick combined his knowledge of languages history and archaeology to highlight new areas for further research and he had considerable influence on the development of the study of Anglo Saxon and related subjects at Cambridge The History of the Anglo-Saxons Sharon Turner, 2018-03-22 Published 1799 1805 this four volume work was a benchmark in Anglo Saxon studies drawing on manuscripts in the British Museum Catalogue of the private Library of T. Memory's Library Jennifer Summit, 2008-11-15 In Jennifer Summit s account libraries are more than inert storehouses of written tradition they are volatile spaces that actively shape the meanings and uses of books reading and the past Considering the two hundred year period between 1431 which saw the foundation of Duke Humfrey s famous library and 1631 when the great antiquarian Sir Robert Cotton died *Memory s Library* revises the history of the modern library by focusing on its origins in medieval and early modern England Summit argues that the medieval sources that survive in English collections are the product of a Reformation and post Reformation struggle to redefine the past by redefining the cultural place function and identity of libraries By establishing the intellectual dynamism of English libraries during this crucial period of their development *Memory s Library* demonstrates how much current discussions about the future of libraries can gain by reexamining their past Catalogue of the signet library Anonymous, 2023-02-21 Reprint of the original first published in 1871 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost Catalogue of Printed Books in the Library of the British Museum British Museum. The Elizabethan Top Ten Emma Smith,2016-03-23 Engaging with histories of the book and of reading as well as with studies of material culture this volume explores popularity in early modern English writings Is popular best described as a theoretical or an empirical category in this period How can we account for the gap between modern canonicity and early modern print popularity How might we weight the evidence of popularity from citations serial editions print runs reworkings or extant copies Is something that sells a lot always popular even where the readership for print is only a small proportion of the population or does popular need to carry something of its etymological sense of the public the people Four initial chapters sketch out the conceptual and evidential issues while the second part of the book consists of ten short chapters a hit parade in which eminent scholars take a genre or a single exemplar play romance sermon or almanac among other categories as a means to articulate more general issues Throughout the aim is to unpack and interrogate assumptions about the popular and to decentre canonical narratives about for example the sermons of Donne or Andrewes over Smith or the plays of Shakespeare over Mucedorus Revisiting Elizabethan literary culture through the lenses of popularity this collection allows us to view the subject from an unfamiliar angle in which almanacs are more popular than sonnets and proclamations more numerous than plays and in which authors familiar to us are displaced by names now often forgotten Catalogue of the Printed Books in the Library of the Society of Writers to H.
