**A History of Science in Society** Andrew Ede, Lesley B. Cormack, 2022-01-27 In *A History of Science in Society* Ede and Cormack trace the history of the changing place of science in society and explore the link between the pursuit of knowledge and the desire to make that knowledge useful. The fourth edition of this bestselling textbook brings the narrative right up to the present day by incorporating the COVID 19 pandemic. The edition also adds content on Indigenous and non western science as well as five new Connections case study features including one on the scientist and poet Omar Khayyam. The text is accompanied by 100 images and maps and a colour insert showing off key moments in the history of science. Essay questions, chapter timelines, a further readings section and an index provide additional support for students.

**A History of Science in Society** Andrew Ede, Lesley B. Cormack, 2016-08-12 *A History of Science in Society* is a concise overview that introduces complex ideas in a non technical fashion. Ede and Cormack trace the history of the changing place of science in society and explore the link between the pursuit of knowledge and the desire to make that knowledge useful. New topics in this edition include astronomy and mathematics in ancient Mayan society, science and technology in ancient India and China and Islamic cartography. New Connections features provide in depth exploration of the ways science and society interconnect. The text is accompanied by 55 colour maps and diagrams and 8 colour plates highlighting key concepts and events. **Technology and Society** Andrew Ede, 2019-11-07 *Technology and Society: A World History* explores the creative power of humanity from the age of stone tools to the digital revolution. It introduces technology as a series of systems that allowed us to solve real world problems and create a global civilization. The history of technology is also the history of the intellectual and cultural place of our tools and devices. With a broad view of technology we can see that some of the most powerful technologies such as education and government produce no physical object but have allowed us to coordinate our inventive skills and pass knowledge through the ages. Yet although all human communities depend on technology there are unexpected consequences from the use of technology which as Ede shows form a crucial part of this rich story.
