History Of Syria Including Lebanon And Palestine

Philip K. Hitti

History Of Syria Including Lebanon And Palestine:

History of Syria Including Lebanon and Palestine Philip K. Hitti, 2002 A brilliant history of the land into which more historical and cultural events were crowded than perhaps into any area of equal size For Syria has either invented or transmitted to mankind such benefits as monotheistic religion philosophy law trade agriculture and our alphabet

History of Syria, Including Lebanon and Palestine.... Philip K. Hitti, 1957 *A Modern History of Syria, Including Lebanon and Palestine* Abdul Latif Tibawi, 1969 *History of Syria Including Lebanon and Palestine* Philip K. Hitti, 2002

A Modern History of Syria Including Lebanon and Palestine 'Abd al-Laṭīf : al- Tibāwī, 1960 **Palestine: From Balfour Declaration to Oslo Accords** Sachin Tiwari, 2020-06-30 The last hundred years have been the witness of the battles between the Jews and Palestinians and this has posed a big challenge before the world to establish peace on the region This seed of conflict emerged around the beginning of 20th century This book discusses various facts in regard to the origin of the conflict from the beginning of 20th century till its last decade During this time the world community saw many facets of the Palestinian Jewish conflict One major outcome was the emergence of Israel as a nation Eventually Palestinians experienced that they lost their original identity and hence they started their struggle to establish themselves as an independent nation The book is attempted objectively and the facts are presented in a chronological manner which reveals the ancient historical events further explaining the criticality of the topic This book shall help history scholars and general readers of history who are interested in the facts of Middle Eastern history History of Syria, Including Lebanon and Palestine ... Second Edition Philip Khuri Hitti, 1957 **Western Imperialism in the Middle East 1914-1958** D. K. Fieldhouse, 2006-04-06 The term Fertile Crescent is commonly used as shorthand for the group of territories extending around the Rivers Tigris and Euphrates Here it is assumed to consist of Syria Lebanon Jordan Iraq and Palestine Much has been written on the history of these countries which were taken from the Ottoman empire after 1918 and became Mandates under the League of Nations For the most part the histories of these countries have been handled either individually or as part of the history of Britain or France In the first instance the emphasis has normally been on the development of nationalism and local resistance to alien control in a particular territory leading to the modern successor state In the second most studies have concentrated separately on how either France or Britain handled the great problems they inherited seldom comparing their strategies The aim of this book is to see the region as a whole and from both the European and indigenous points of view The central argument is that the mandate system failed in its stated purpose of establishing stable democratic states out of what had been provinces or parts of provinces within the Ottoman empire Rather it generated basically unstable polities and in the special case of Palestine one totally unresolved and possibly unsolvable conflict The result was to leave the Middle East as perhaps the most volatile part of the world in the later twentieth century and beyond The main purpose of the book is to examine why this was so Historical Dictionary of Syria Omar Imady, David Commins, David W. Lesch, 2021-01-21 Historical Dictionary of Syria

Fourth Edition covers the recent events in Syria as well as the history that led up to these events The cross referenced dictionary section has over 500 entries on significant persons places and events political parties and institutions literature music and the arts *Historical Dictionary of Syria* David Commins, David W. Lesch, 2013-12-05 In 2011 massive protest movements that appeared to come out of nowhere caught the Arab world's autocrats by surprise and brought down powerful leaders in Tunisia Egypt Libya and Yemen Thousands of Syrians took to the streets in March 2011 calling for the fall of the regime the popular slogan of Arab uprisings but found themselves confronting a determined foe willing to slaughter thousands of citizens and to destroy entire city neighborhoods in order to hold onto power By the middle of 2013 Syria was in the midst of a nightmarish civil war marked by more than 80 000 deaths sectarian massacres the flight of one fourth the country's population from their homes the disintegration of government institutions in much of the country and a rising humanitarian crisis as food medicine and electricity grew short Nobody in Syria or the outside world appears to be in a position to stop what looked like a fight to the bitter end at whatever cost to the country This third edition of the Historical Dictionary of Syria covers the recent events in Syria as well as the history that led up to these events This is done through a chronology an introductory essay and an extensive bibliography The cross referenced dictionary section has over 500 entries on significant persons places and events political parties and institutions literature music and the arts This book is an excellent resource for students researchers and anyone wanting to know more about Syria

The Origins of Syrian Nationhood Adel Beshara, 2012-04-27 The Syria idea emerged in the nineteenth century as a concept of national awakening superseding both Arab nationalism and separatist currents Looking at nationalist movements ideas and individuals this book traces the origin and development of the idea of Syrian nationhood from the perspective of some of its leading pioneers Providing a highly original comparative insight into the struggle for independence and sovereignty in post 1850 Syria it addresses some of the most persistent questions about the development of this nationalism Chapters by eminent scholars from within and outside of the region offer a comprehensive study of individual Syrian writers and activists caught in a whirlwind of uncertainty competing ideologies foreign interference and political suppression A valuable addition to the present scholarship on nationalism in the Middle East this book will be of interest to many professionals as well as to scholars of history Middle East studies and political science

Minority Rights in the Middle East Joshua Castellino, Kathleen A. Cavanaugh, 2013-04-25 Minority rights in the Middle East are subject to different legal regimes national law and international law as well as Islamic law This book investigates the treatment of ethnic and religious minorities in the region both from a historical and contemporary perspective before addressing three case studies Iraq Syria and Lebanon

Humanitarian intervention in the long nineteenth century Alexis Heraclides, Ada Dialla, 2015-07-01 This electronic version has been made available under a Creative Commons BY NC ND open access license This book is a comprehensive presentation of humanitarian intervention in theory and practice during the course of the nineteenth century

Through four case studies it sheds new light on the international law debate and the political theory on intervention linking them to ongoing issues and paying particular attention to the lesser known Russian dimension The book begins by tracing the genealogy of the idea of humanitarian intervention to the Renaissance evaluating the Eurocentric gaze of the civilisation barbarity dichotomy and elucidates the international legal arguments of both advocates and opponents of intervention as well as the views of major political theorists It then goes on to examine four cases as humanitarian interventions the Greek War of Independence 1821-31 the Lebanon and Syria 1860-61 the Bulgarian atrocities 1876-78 and the U S intervention in Cuba 1895-98 Humanitarian intervention in the long nineteenth century will be of benefit to scholars and students of international relations international history international law and international political theory **Lebanon** David C. Gordon, 2015-07-24 Even up to the eve of the civil war some observers saw the Lebanese system as essentially stable and exhibiting some of the virtues of liberty and pluralism which had been commended by the French traveller de Volney a century before But for others its structure was so seriously flawed as to be resolved only by revolution The civil war resulted ultimately from a conglomeration of interdependent factors the religious conflict of Christian and Shi'a Muslim the social divisions exemplified in the Belt of Misery around Beirut and the ethnic frictions between the Arab host culture and the Occidentalised Maronites This book first published in 1980 is a lively and incisive study of one of the most ravaged countries of this generation

Arab Nationalism B. Tibi, 1997-01-14 The third edition includes a new Part Five on the tensions between Arab nationalism and Islam arising from the crisis of the nation state and of the delegitimisation of Pan Arab regimes The effects of the Arab defeat in the Six Day War 1967 and the rise of political Islam in the 1970s are the focus of the new part The background of the analysis of the impact and function of nationalism and its contribution to social and political change in the Third World taking the rise of nationalism in the Middle East as a historical example Professor Tibi concentrates on the period after the First World War when many Arab intellectuals became disillusioned with Britain and France as a result of the occupation of their countries One focus of this study are the writings and influence of Sati al Husri on Middle Eastern politics Professor Tibi illustrates the connection between modern Arab nationalism and nineteenth century German Romantic nationalism which will be of particular interest to the English reader Professor Tibi concludes that while nationalism has played a necessary and important role in the movement for national independence in the Middle East it has since developed into an ideology which seems to obstruct further social and political emancipation This third edition brought completely up to date by a substantial new introduction and two new concluding chapters will be of particular interest to historians and social scientists dealing with nationalism and crises of the nation state as well as to students of the Middle East and contemporary Islam *Arab Nationalism* Bassam Tibi, ed, trans Marion Farouk-Sluglett, Peter Sluglett, 1981-02-19 The Middle East and North Africa 2004, 2003-10-30 Now in its 50th edition this title continues to provide the most up to date geo political and economic information for this important world area Covers the Middle East and North Africa from Algeria to Yemen Offers

quick access to a wide range of data Accurately and impartially records the latest political and economic developments Provides comprehensive data on all major organizations in the region General Survey Introductory essays covering topics relating to the region as a whole including Arab Israeli Relations 1967 2003 The Jerusalem Issue Documents on Palestine The Removal of Saddam Hussain and the Deconstruction of Iraq Natural Gas in the Middle East and North Africa Oil in the Middle East and North Africa and Islamic Banking and Finance Country Surveys Individual chapters on each country containing articles on geography recent history and economy an economic and demographic survey using all the latest available statistics on population agriculture industry finance trade transport tourism and education directory sections with names addresses and contact numbers covering the constitution government legislature judiciary political organizations diplomatic representation religious groups the media finance trade and industry including petroleum and tourism Regional Information Includes all major international organizations active in the region their aims activities publications and principal personnel Research Institutes specializing in the region Bibliographies of books and periodicals covering the Middle East and North Africa

Historical Dictionary of the Crusades Corliss K. Slack, 2013-05-09 The crusades were among the longest and most bitter wars in human history and consisted of no less than seven major expeditions from Western Europe from the late 11th to the early 14th centuries for the purpose of wresting Jerusalem and the Holy Land from the control of the Muslims In the end it was the Muslims who won and the Christians who suffered a major setback and the Middle East remained firmly in Muslim hands This was one of the worst clashes between different religions and civilizations and for long it was largely forgotten or brushed over That is no longer the case with many Muslims regarding Western interference in the region as a repeat of the crusades while launching their own jihads So while an old conflict it is still with us today Even at the time it was very hard to understand the causes and outcome of the crusades and that remains a problem today This Historical Dictionary of the Crusades cannot claim to have resolved it but it most definitely does make the situation easier to understand The introduction provides an overview tracing the crusades from one expedition to the next and assessing their impact The actual flow of events is far easier to follow thanks to the chronology And maps help to trace the events geographically The entries and there are more than 300 of them in this second edition look more closely at notable figures including Pope Gregory VII Richard the lionhearted and Saladin as well as important places Jerusalem Constantinople and others events battles and sieges as well as the use of weapons and armor The bibliography points to further reading

Empire and Education under the Ottomans Emine O. Evered, 2012-05-27 Once hailed as the eternal state the Ottoman Empire was in decline by the end of the nineteenth century finally collapsing under the pressures of World War I Yet its legacies are still apparent and few have had more impact than those of its schools and educational policies Empire and Education under the Ottomans analyses the Empire s educational politics from the mid nineteenth century amidst the Tanzimat reform period until The Young Turk Revolution in 1908 Through a focus on the regional impact of decrees from Istanbul Emine O Evered unravels

the complexities of the era demonstrating how educational changes devised to strengthen the Empire actually hastened its demise This book is the first history of education in the Ottoman Middle East to evaluate policies in the context of local responses and resistance and includes the first published English translation of the watershed 1869 Ottoman Education Law A stimulating and impressively researched study it represents an important new addition to the historiography of the Ottoman Empire and will be essential for those researching its lasting legacy **Asian and African Studies** meisai.org.il,

Decoding **History Of Syria Including Lebanon And Palestine**: Revealing the Captivating Potential of Verbal Expression
