[The Knoxville Campaign](#) Earl J. Hess, 2012-11-15 Hess's account of the understudied Knoxville Campaign sheds new light on the generalship of James Longstreet and Ambrose Burnside as well as such lesser players as Micah Jenkins and Orlando Poe Both scholars and general readers should welcome it The scholarship is sound the research superb the writing excellent Steven E Woodworth author of *Decision in the Heartland: The Civil War in the West* In the fall and winter of 1863 Union General Ambrose Burnside and Confederate General James Longstreet vied for control of the city of Knoxville and with it the railroad that linked the Confederacy east and west The generals and their men competed too for the hearts and minds of the people of East Tennessee Often overshadowed by the fighting at Chickamauga and Chattanooga this important campaign has never received a full scholarly treatment In this landmark book award winning historian Earl J Hess fills a gap in Civil War scholarship a timely contribution that coincides with and commemorates the sesquicentennial of the Civil War The East Tennessee campaign was an important part of the war in the West It brought the conflict to Knoxville in a devastating way forcing the Union defenders to endure two weeks of siege in worsening winter conditions The besieging

Confederates suffered equally from supply shortages while the civilian population was caught in the middle and the town itself suffered widespread destruction. The campaign culminated in the famed attack on Fort Sanders early on the morning of November 29, 1863. The bloody repulse of Longstreet's veterans that morning contributed significantly to the unraveling of Confederate hopes in the Western theater of operations. Hess's compelling account is filled with numerous maps and images that enhance the reader's understanding of this vital campaign that tested the heart of East Tennessee. The author's narrative and analysis will appeal to a broad audience including general readers, seasoned scholars, and new students of Tennessee and Civil War history. The Knoxville Campaign will thoroughly reorient our view of the war as it played out in the mountains and valleys of East Tennessee.

EARL J. HESS is Stewart W. McClelland Distinguished Professor in Humanities and an associate professor of history at Lincoln Memorial University. He is the author of nearly twenty books, including *The Civil War in the West: Victory and Defeat from the Appalachians to the Mississippi* and *Lincoln Memorial University and the Shaping of Appalachia*.

History of the 103d Regiment, Pennsylvania Veteran Volunteer Infantry, Vol. 1 Luther S. Dickey, 2016-06-16

Excerpt from *History of the 103d Regiment, Pennsylvania Veteran Volunteer Infantry, Vol. 1, 1861-1865*. When the writer accepted the honor as historian of his Regiment, he had no realization of the task involved. After more than forty years since the final events of the Civil War, he expected to use the compilations of others who had carefully examined everything bearing on the most important events in which his Regiment had participated. Instead, however, of receiving assistance from this source, he found the task made doubly difficult by the fact that most of the writers on these events have accepted the gossip of the camps evidently without confirmation or research, even when censuring their comrades in arms. Attention is called to this at some length in numerous extracts from historical narratives and in a personal sketch. In the preparation of this work, an earnest endeavor has been made to present everything pertaining to the Regiment which would be of interest to surviving members, and care has been exercised to avoid undue exaggeration. In preparing the regimental narrative, constant reference has been made to the diary of Sergeant S. M. Evans, the Army Experience of Captain John Donaghy, and the Official Reports of the War Department. Sergeant Evans kept a daily record of the events of the Regiment during the first three years of the war. Captain Donaghy prepared his Army Experiences from his diary a few years subsequent to the war, and any additions made were when his memory of the most vivid incidents must have been clear. The well-known character of both gives assurance to their surviving comrades that any positive statement by either can be regarded as trustworthy. For the early history of the Regiment, the correspondence filed in the archives of the State of Pennsylvania from the promoters, organizers, and officers of the Regiment to the state officials have been carefully examined. So far as the company and individual records are incomplete, the writer asks to be absolved from blame. He has spent much time both at the capital of the state and the capital of the nation, examining the official records and has presented here everything pertinent to which he had access at either place. He is under special obligations to the Auditor for the War Department, B. F. Harper, and to Comrade S. E. Fannce, Chief of Records.

Division in the Auditor's office and to Hon Thos J Stewart Adjutant General of Pennsylvania and his clerk Comrade J B Stauffer to James C Deininger of the State Department also to the Commissioners of Pension Hon Vespasian Warner and Hon J L Davenport for valuable and courteous service in an endeavor to complete the individual records of the members of the Regiment About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Civil War Times Illustrated** ,1987 **History of the 101st Regiment** John A.

Reid,2008 More than 5 000 North Carolina slaves escaped from their white owners to serve in the Union army during the Civil War Richard Reid explores the stories of black soldiers from four regiments raised in North Carolina the 35th 36th and 37th United States Colored Troops and the 14th United States Colored Heavy Artillery Constructing a multidimensional portrait of these soldiers and their families Reid provides a new understanding of the spectrum of black experience during and after the war Reid examines the processes by which black men enlisted and were trained the history of each regiment the lives of the soldiers families during the war and the postwar experiences of the veterans and their families in an ex Confederate state The 35th and 36th Regiments fought well and earned praise from military leaders while the 37th fought poorly though its role in combat was limited by problems of organization internal discord and military inefficiency The 14th fought no battles and won little recognition making it more reflective of the experiences of the many black units that saw

little combat and have received little scholarly attention By considering four regiments from a single state Reid is able to assess what experiences proved to be largely universal among black troops The full freedom they fought for and dreamed of having when the war ended did not materialize in their lifetimes But Reid shows that many of them found in the army a kind of equality that was denied them in civilian life The postwar benefits afforded to white veterans seldom crossed the color line and few black veterans were able to translate their military experience into public or political careers The accolades African American soldiers received Reid demonstrates came not from a new southern society but from within their own communities where black soldiers were seen and recognized as heroes *History of the Eighty-Fifth Regiment Pennsylvania Volunteer Infantry, 1861-1865* Luther Samuel Dickey, 2014-02 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book
