A History of the Ninth Regiment Marion Morrison, 2015-07-12 Excerpt from A History of the Ninth Regiment Illinois Volunteer Infantry In this sketch of the military career of the 9th III Vol Inft my object has been to present the facts connected with its organization and its connection with the various battle scenes through which it has passed I have entered upon the compilation of these facts with some degree of hesitation I have thrown it into the present shape only on the earnest solicitation of a number of the officers and men of the Regiment Originally nothing more was contemplated than a newspaper sketch It was thought that even the prominent facts in the Regiment s history could not be given in such an article without making it so long that publishers would not wish to insert it in their papers or the readers of such papers be willing to read it It has been the writer s aim not only to give the facts connected with the various battles in which the Regiment has been engaged hut to narrate many incidents on marches and scouts both of a general and individual

character Often these incidents will throw more light upon the real workings of soldier life than accounts of great battles I am indebted for most of the facts connected with the marches and battles of the Regiment to the kindness of Adjutant Klock Most of the incidents I have gathered from the officers and men in the Regiment Much dependence had to be put in these since the writer has only been with the Regiment from the first of September 1863 It was felt to be due the Regiment that a sketch of this kind be prepared It has never had a correspondent to herald its deeds of dating in the news of the day as many other regiments have Hence although it has performed a great amount of hard and very valuable service still it has but seldom been noticed in the papers Let justice be done Nothing more If I can but succeed in putting together the substantial facts in the History of this Regiment so that they can be preserved by the boys in a convenient form for reference and afford material to aid the future historian in making up the history of this war I will have accomplished the object I have in view About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
