English Teachers' Accounts Nandana Dutta, 2021-10-20 This book looks at the figure of the English teacher in Indian classrooms and examines the practice and relevance of English and India's colonial legacy many decades after independence. The book is an account of the varied experiences of teaching English in universities in different parts of the country. It highlights the changes in curriculum and teaching practices and how the discipline lent itself to a study of culture, historical contexts, the fashioning of identities or reform over the years. The volume presents the dramatic changes in the composition of the English classroom in terms of gender, class, caste, and indigenous communities in recent decades as well as the shifts in teaching strategies and curriculum which the new diversity necessitated. The essays in the collection also examine the distinctiveness of English practice in India through classroom accounts which explore themes like post-coloniality, feminism, and human rights through the study of texts by Shakespeare, Beckett, Doris Lessing, and poetry from the Northeast. This book will be of interest to academics, researchers, students, and practitioners of English Studies, education, colonial studies, cultural studies, and South Asian studies as well as those concerned with the history of higher education and the establishment of disciplines and institutions.

Literary Criticism and Creation Dr. Prakash B. Tegghalli, 2021-08-12 Criticism is an exercise of judgment and literary criticism is an exercise of judgment on a work of literature. Literary criticism interprets and evaluates a work of literature in a given context. As it is said, literary criticism is not every body's cup of tea; it is rather a difficult task. This book presents the glimpses of critical theories down from Longinus to Derrida. It also provides an account of modern trends in literary criticism. It presents the theoretical concepts of literary criticism and creative process in brief. The book covers major trends and their approaches in brief to convince the reader about the elementary aspects of existed critical theories and creativity. Here an attempt has been made to simplify the critical theories keeping in mind the conceptual ability of the students' community at graduate level. No doubt the book will meet out the basic needs and urge of the students who aspire to understand literature and literary criticism. This is the result of my several years of teaching experience, particularly the literary criticism, critical theories, and creative literature. Many students of literature feel difficult to understand these critical theories at graduate level. The complexities of the students in understanding instigated me to simplify these concepts to their

level of understanding In writing this short discourse I have had the guidance of many senior teachers who are well acquainted with critical theories Besides I have leaned more or less heavily on Contemporary Literary Theory A Students Companion by N Krishnaswamy Modern Theories of Poetic Criticism by R S Tiwary Berely Long s Marxism and Art Writings in Aesthetics and Criticism Literary Criticism An Introduction by Prof G B Sajjan I acknowledge all these writers and publishers for their explicit reference in the body of the book I am indebted to Shri R V Prabhu for his DTP Work I am grateful to my entire dear and near friends my parents and family members my wife Akkamahadevi and my daughter Trupti for their constant support and encouragement Dr Prakash B Teggihalli

Thompson,2014-09-11 The Empire Strikes Back will inject the empire back into the domestic history of modern Britain In the nineteenth century and for much of the twentieth century Britain s empire was so large that it was truly the global superpower Much of Africa Asia and America had been subsumed Britannia s tentacles had stretched both wide and deep Culture Religion Health Sexuality Law and Order were all impacted in the dominated countries The Empire Strikes Back shows how the dependent states were subsumed and then hit back affecting in
