characters but there are poetic lyric imagery elements which have been narrated In this hybrid system the glory of both prose and poetry have transfigured completely so it reaches the infinite target of prose poetry writing In tessellated writing multiple texts have appeared in different theme and story but they are one in their deep idea and letters In my Tessellation there are multiple poems in one poem so there are primary title and secondary titles The adjective primary titles of the triple pieces is the depiction of the poems and not the themes that is to say it is a descriptive title of the titles where the poems behave as a mirror in a mosaic system
