Love Revolution By Joyce Meyer:

The Love Revolution Joyce Meyer, 2009-09-22 Joyce Meyer is not satisfied with the status quo She believes that we each need to become a revolutionary and practice love every day And if Joyce has her way the revolution will spread person by person house by house town by town until the old culture of selfishness and greed gives way to a new culture of concern for others The book is a revolutionaries manual a hands on primer for bringing the Golden Rule to life in the twenty first century Meyer starts out by giving some stunning statistics Right now 210 000 children will die this week because of poverty 640 million children do not have adequate shelter every day 3 000 children are abducted into the sex trafficking industry every day 16 000 children die from hunger related causes She goes on to say that although crisis is global the solution is local We can t solve the world s problems but that isn t a reason to remain idle Love Revolution focuses on personal behavior on the local scale It s not just a call to action it is a call to being being the person who goes out of your way to encourage someone who s out of hope being the one who smiles at a stranger being the one who is willing to do something for nothing The paradox when we do something for nothing what we often get is something far greater **Leaning into the Light** Sheila S.
