Tony Boyle

Good Practice In Assessing Risk Good Practice In Assessing Risk:

Good Practice in Assessing Risk Ms Hazel Kemshall, Bernadette Wilkinson, 2011-01-15 This book is a comprehensive guide to good practice for those working with risk covering a wide variety of social care settings The contributors discuss a range of key issues relating to risk including positive risk taking collaborating with victims and practitioners in the design of assessment tools resilience to risk and defensibility

Good Practice in Risk Assessment and Risk Management Hazel Kemshall, 1996 This book examines the key issues and methods of risk measurement and management A variety of social care settings are included with examples of practice

Good Practice in Risk Assessment and Risk Management 2 Hazel Kemshall, Jacki Pritchard, 1997 The range of problems that arise due to violence mental health problems substance abuse and familial breakup require fast accurate risk assessment These two volumes by Kemshall and Pritchard explores the techniques needed to solve such problems

Good Practice in Working with Violence Jacki Pritchard, Ms Hazel Kemshall, 1999-03-01 This book is a comprehensive guide to the techniques and skills required for good practice in assessing and managing violence Drawing on experiences from contributors from a range of backgrounds the books discusses the challenges involved in working with violence and its effects

DAC Guidelines and Reference Series Applying Strategic Environmental Assessment Good Practice Guidance for Development Co-operation OECD, 2006-11-10 This Guidance volume explains the benefits of using SEA in development co operation and sets out key steps for its application based on recent experiences

Best Practice with Children and Families Barry Cooper, Jean Gordon, Andy Rixon, 2014-12-12 Social work practice with children young people and families is complex highly skilled and fascinating Writing about social work increasingly acknowledges the complexities and uncertainties of practice but rarely features the voice of the social worker themselves This book takes a different approach that of Critical Best Practice a constructive realistic and strengths based approach that takes as its starting point the telling and analysing of in depth stories about live practice The reader is encouraged to join the social work practitioner or manager as they engage with the everyday dilemmas and uncertainties of 21st century practice Ten narratives based round the themes of relationships risk and negotiation problem solving provide varied opportunities for critical reflection and learning about social work in different contexts Insights are offered into social work with children from young babies to adolescents and families with differing needs in different parts of the UK England Scotland and Wales

Assessment in Youth Justice Baker, Kerry, Kelly, Gill, Bernadette Wilkinson, 2011-02-09 This book provides a comprehensive introduction to the theory and practice of assessment and intervention planning with young people who offend It will help equip practitioners with the knowledge and professional skills central to these critically important tasks The context for practice is changing rapidly and the authors take into account current policy developments along with a wide range of literature on assessment practice in criminal justice and social care The book encourages readers to think critically and to take practical steps to enhance their own practice It will be important reading for anyone working with young people

who offend **Risk Assessment Principles for the Industrial Hygienist** Michael Anthony Jayjock, Jeremiah Lynch, Deborah Imel Nelson, 2000 This relevant and scholarly text masterfully integrates health risk assessment information and its importance to IH and environmental scientists Topics include science and judgment risk assessment risk management and the future of industrial hygiene Compendium of Good Practices on Quality Infrastructure 2024 Building Resilience to Natural Disasters OECD, 2024-04-09 This report discusses ways of enhancing government capacities to prevent react and rebuild thereby minimising the impact of natural disasters on infrastructure assets and operations It identifies data collaboration and technologies as drivers of resilience and highlights financial resources technical skills and regulatory frameworks as key enablers The report presents seven actionable principles to ensure infrastructure resilience drawing from global good practices and in depth analyses of infrastructure projects in Colombia Ghana India Indonesia Japan Mozambique and the United States Handbook of Environmental Risk Assessment and Management Peter P. Calow, 2009-07-08 At the heart of environmental protection is risk assessment the likelihood of pollution from accidents the likelihood of problems from normal and abnormal operation of industrial processes the likely impacts associated with new synthetic chemicals and so on Currently risk assessment has been very much in the news the risks from BSE and E coli and the public perception of risks from nuclear waste etc This new publication explains how scientific methodologies are used to assess risk from human activities and the resultant objects and wastes on people and the environment Understanding such risks supplies crucial information to frame legislation manage major habitats businesses and industries and create development programmes Unique in combining the science of risk assessment with the development of management strategies Covers science and social science politics economics psychology aspects Very timely risk assessment lies at the heart of decision making in various topical environmental questions BSE Brent Spar nuclear waste **Assessment, Risk and Decision Making in Social Work** Campbell Killick, Brian J. Taylor, 2024-04-04 As a practising social worker you will need to be able to make sound judgments in complex contexts and when you are under pressure This book covers the essential knowledge you will need to understand and develop skills in relation to professional judgement and decision making processes including the use of assessment tools engagement in assessment and decision processes the context of risk complexity and uncertainty in practice communication and management of risk within social care processes **Gun Violence and Mental Illness** Liza H. Gold, M.D., 2015-11-17 Perhaps never before has an objective evidence based review of the intersection between gun violence and mental illness been more sorely needed or more timely Gun Violence and Mental Illness written by a multidisciplinary roster of authors who are leaders in the fields of mental health public health and public policy is a practical guide to the issues surrounding the relation between firearms deaths and mental illness Tragic mass shootings that capture headlines reinforce the mistaken beliefs that people with mental illness are violent and responsible for much of the gun violence in the United States This misconception stigmatizes individuals with mental illness and distracts us from the

awareness that approximately 65% of all firearm deaths each year are suicides This book is an apolitical exploration of the misperceptions and realities that attend gun violence and mental illness The authors frame both pressing social issues as public health problems subject to a variety of interventions on individual and collective levels including utilization of a novel perspective evidence based interventions focusing on assessments and indicators of dangerousness with or without indications of mental illness Reader friendly well structured and accessible to professional and lay audiences the book Reviews the epidemiology of gun violence and its relationship to mental illness exploring what we know about those who perpetrate mass shootings and school shootings Examines the current legal provisions for prohibiting access to firearms for those with mental illness and whether these provisions and new mandated reporting interventions are effective or whether they reinforce negative stereotypes associated with mental illness Discusses the issues raised in accessing mental health treatment in regard to diminished treatment resources barriers to access and involuntary commitment Explores novel interventions for addressing these issues from a multilevel and multidisciplinary public health perspective that does not stigmatize people with mental illness This includes reviews of suicide risk assessment increasing treatment engagement legal social and psychiatric means of restricting access to firearms when people are in crisis and when appropriate restoration of firearm rights Mental health clinicians and trainees will especially appreciate the risk assessment strategies presented here and mental health public health and public policy researchers will find Gun Violence and Mental Illness a thoughtful and thought provoking volume that eschews sensationalism and embraces serious scholarship

Health and Safety: Risk Management Tony Boyle, 2015-09-14 This is a reprint of 978 0 901357 41 0 Health and Safety risk management is the clearest and most comprehensive book on risk management available today The fully revised and redesigned third edition incorporates the latest developments in legislation best practice British Standards and qualification syllabuses This authoritative treatment of risk management is essential reading for students working towards degrees diplomas and post graduate or vocational qualifications in health and safety Experienced health and safety professionals and managers with health and safety responsibilities will find it invaluable as a desk reference

Good Practice in Risk Assessment and Risk Management, 1996

International Perspectives on Violence Risk Assessment Jay P. Singh, Stål Bjørkly, Seena Fazel, 2016-07-01 With the world's prison population continuing to grow and the number of secure inpatient beds in psychiatric hospitals on the rise establishing valid and reliable methods of identifying individuals who will commit violent acts is an important global health and public safety issue One approach to identifying future offenders is through the use of risk assessment unstructured and structured methods of predicting the likelihood of antisocial behavior Although much has been written on the performance of risk assessment in research settings little is known about current standards of practice and relevant public policy across the globe International Perspectives on Violence Risk Assessment includes chapters by leading risk assessment scholars in more than 15 countries and explores the topic from a truly international outlook Using

findings from the seminal International Risk Survey IRiS the largest qualitative study in the history of the field current assessment management and monitoring practices on six continents are explored Authors identify and describe the most commonly used risk assessment tools examine risk communication preferences and provide recommendations for mental health practitioners criminal justice professionals and legal professionals Finally authors review the seminal research studies current practice guidelines and relevant legal statutes of their jurisdictions This volume serves as an invaluable resource for researchers practitioners and policymakers interested in this rapidly evolving field

Good Practices for Disaster Risk Management of Cultural Heritage Rohit Jigyasu,Dowon Kim,Lata Shakya,2023-06-27 This book is a selection of case studies undertaken by cultural heritage and disaster risk management professionals across the world demonstrating good practices for disaster risk management of cultural heritage The readers will learn about the practical application of various methodologies tools and techniques for disaster risk assessment mitigation preparedness response and recovery of cultural heritage They will also learn about the application of traditional knowledge and engagement of communities for disaster risk management of cultural heritage This will help relevant organisations and professionals to develop and implement projects in this field The intended audience for this book are Practitioners or site managers of cultural heritage sites and museums Also researchers and students studying disaster risk management of cultural heritage The book will also be of interest to disaster risk management institutions at the urban regional or national level cultural heritage management institutions at the urban regional or national level city administration municipalities urban local bodies and planning departments educational and research institutions which have specialised programmes in engineering planning disaster risk management and conservation of cultural heritage

Assessment and Case Formulation in Counselling and Psychotherapy Biljana van Rijn,2014-12-01 This is a thorough and well structured piece of work which brings in the recent work of excellent authorities such as Barbara Ingram It is well arranged with many examples and case vignettes which bring the material to life in an engaging way I enjoyed reading it and would recommend it unreservedly John Rowan humanistic therapist private practice This is a must read book for students on courses in counselling psychotherapy clinical psychology and psychiatry Heather Fowlie Head of the Transactional Analysis Department Metanoia Institute London Conducting a competent assessment and case formulation can be a daunting task for trainee therapists engaging in clinical assessment for the first time This book is designed to help by unpicking the many aspects involved in assessment and case formulation across modalities practice settings and client groups The book Explores key elements of clinical assessment including diagnosis risk assessment ethical considerations and accounting for difference Highlights the necessary skills techniques and legal requirements at each stage of the process Takes into account the impact of culture context and theoretical and practical considerations Uses case studies and reflective questions to illustrate difficult concepts in context Equipping you with the knowledge and tools to make successful assessments and case formulations this is an essential read for trainees and for qualified practitioners wishing to

brush up on their understanding Dr Biljana van Rijn Faculty Head of Applied Research and Clinical Practice Metanoia Institute *Impact Assessment* David P. Lawrence, 2013-06-03 Offers solutions and best practices to respond to recurrent problems and contemporary challenges in the field Since the publication of the first edition of *Environmental Impact Assessment* in 2003 both the practice and theory of impact assessment have changed substantially Not only has the field been subject to a great deal of new regulations and guidelines it has also evolved tremendously with a greater emphasis on strategic environmental sustainability and human health impact assessments Moreover there is a greater call for impact assessments from a global perspective This Second Edition now titled *Impact Assessment* to reflect its broader scope and the breadth of these many changes offers students and practitioners a current guide to today's impact assessment practice *Impact Assessment* begins with an introduction and then a chapter reviewing conventional approaches to the field Next the book is organized around recurrent problems and contemporary challenges in impact assessment process design and management enabling readers to quickly find the material they need to solve tough problems including How to make impact assessments more influential rigorous rational substantive practical democratic collaborative ethical and adaptive How each problem and challenge reducing process would operate at the regulatory and applied levels How each problem can be approached for different impact assessment types sustainability assessment strategic environmental assessment project level EIA social impact assessment ecological impact assessment and health impact assessment How to link and combine impact assessment processes to operate in situations with multiple overlapping problems challenges and impact assessment types How to connect and combine impact assessment processes Each chapter first addresses the topic with current theory and then demonstrates how that theory is applied presenting requirements guidelines and best practices Summaries at the end of each chapter provide a handy tool for structuring the design and evaluation of impact assessment processes and documents Readers will find analyses and new case studies that address such issues as multi jurisdictional impact assessment climate change cumulative effects assessment follow up capacity building interpreting significance and the siting of major industrial and waste facilities Reflecting current theory and standards of practice *Impact Assessment* is appropriate for both students and practitioners in the field enabling them to confidently respond to a myriad of new challenges in the field *Essentials of Mental Health Nursing* Karen M. Wright, Mick McKeown, 2024-03-21 Are you studying mental health nursing and want a book that covers all you need to know Look no further As it says in the name this is an essential text for students Split into 5 parts this book delves into the context of mental health key concepts and debates skills for care and therapeutic approaches tailoring care to people with specific needs and transition to practice Updated to include more content from those with lived experience this new edition also includes Voices of mental health service users and practitioners giving you a real insight in the field Critical thinking stop points and debates allowing you to develop your wider skills and knowledge Case studies to bring the content to life Chapter summaries so you know what the main takeaways are for each chapter Further reading and

useful websites allowing you to do your own research The editors Karen M Wright and Mick McKeown come with a wealth of experience in mental health nursing The variety of contributors also reflect different experiences in different contexts

Community Justice in Australia Brian Stout, 2023-02-28 This new edition of Community Justice in Australia expands on the discussion of how people who have committed offences can be engaged in the community It considers how the concept of community justice can be successfully applied within Australia by social workers criminologists parole officers and anyone working in the community with both adults and young people The book defines community justice and applies the concept to the Australian context It then explains theories of offending behaviour considers relevant Australian legislation policy and intervention strategies and examines the implications for both young people and adults Restorative justice is also discussed The latter part of the book focuses on practical issues including working in community justice organisations technology public protection and desistance approaches Each chapter contains an engagement with the implications of community justice approaches for Indigenous groups and features reflective questions practical tasks and guidance for further reading This accessible and practical book will be indispensable for instructors students and practitioners working in the community with people who have committed offences
