Good Enough to Dream Roger Kahn, 2012-10-28 The true story of a year in the life of the Utica Blue Sox a minor league baseball team in upstate New York by the acclaimed author of *The Boys of Summer* Roger Kahn's *The Boys of Summer* immortalized the 1950s Brooklyn Dodgers *Good Enough to Dream* does the same for players whose moment in the sun has not yet arrived Here Kahn tells the story of his year as owner of the Class A very minor league Utica Blue Sox Most of the Blue Sox never made it to the majors but they all shared the dream that links the small child in the sandlot with the superstar who has just smacked one out of the stadium This is a look at the heart of America's pastime a game still sweet enough to lure grown men to leagues where first class transportation was an old school bus and the infield was likely to be the consistency of thick soup It is a funny and poignant story of one season and one special team that will make us hesitate before we ever call anything bush league again Praise for Roger Kahn As a kid I loved sports first and writing second and loved everything Roger Kahn wrote As an adult I love writing first and sports second and love Roger Kahn even more David Maraniss Pulitzer Prize winner He can epitomize a player with a single swing of the pen Time Roger Kahn is the best baseball writer in the business Stephen Jay Gould *The New York Review of Books* *Diamond Classics* Mike Shannon, 2024-10-11 Each work chosen with exquisite care by an expert is analyzed and summarized Its greatness as baseball literature its place in the genre its peculiarities weaknesses strengths how the critics went for it all are discussed in such a way with quotations that reading or browsing Shannon's book is equivalent to absorbing a rich history of the sport **For My Son** Philippa Hope-Hornsey, 2012-04-13 Poetry has been an aid to helping me through some tough rough and painful times during the past few years It is now a hobby I enjoy when I get the time in between volunteering involvement with church life and my other interests **Dream It, Then Do It** Lilian Njoki, 2021-02-01 Your attitude creates the way you feel about people and situations and ultimately controls your life The good news is that you can control your attitude Your actions are a result of your attitude which in turn creates a reaction from others Have a positive joyful attitude and you'll have positive joyful results Put out a negative attitude and you've failed before you begin What you think is what you get **Wisdom Untold** Sam Ade, 2011-04-30 Actually the book WISDOM UNTOLD is a motivational piece from a man who believes that people determine their own destiny It is a book aimed at gearing people up to see the possibilities of actualising their dreams and accomplishing their goals regardless of any hardship Wisdom untold could be likened to a voice targeted at speaking hope to great minds and minds that are knowingly and ignorantly engrossed with confusion and uncertainty Wisdom Untold is a highly motivational write up conceived and delivered in a time like this with the aim of systematically saving the future It is written in accordance to the writer's perspective of life which if carefully followed by individuals the world would be a better place for everyone Wisdom untold looks very much into how people should dream and how best to accomplish dreams The book revolves round the writer's dreams in special spectacular and achievable ways As much as the book promises helping

dreamers become great it also promises to help accomplished individuals stay fulfilled Understanding that there is more to life than the promises of a fairy tale the book takes into consideration the wonders of turning bad to good and making good even better The writer systematically goes far into the future to see what it looks like and to tell readers how best it could be prepared for The book is a reflection of how best to start taking advantage of the limited smiles that remain in the future Accordingly Wisdom Untold gives new definitions to many factors that remain vital in everyday living by allowing people to know that there are important choices that could make either positive or negative impacts For instance some could say patience is a good virtue while some could absolutely go against the exercise of patience but Wisdom Untold would better resolve arguments like this There is hardly any strategy that could be called the best approach to life therefore Wisdom Untold is a book aimed at giving a better alternative to values already respected as good values of life The book promises help for those who are really keen about learning new ideas and getting new revelations of the universe and how to scale through the hurdles therein happy and fulfilled Thus the best that could be done is just grabbing a copy of the book read without any distraction and digest accurately The fact is that for every reader of Wisdom Untold who consequently determines to run along and make a valuable difference in life there is good chance of fulfilment untold [The Dream Experience](#) Milton Kramer,2013-08-21 The Dream Experience provides the mental health professional with a systematic scientific basis for understanding the dream as a psychological event Milton Kramer s extensive research along with the findings of others establishes that dreams are structured not random and linked meaningfully to conscious events in daily life and past memories The book explores this link between dreams and consciousness providing a review of information about normative dreaming typical or repetitive dreams and nightmares while also showing how mental health professionals can use dream content in therapy with clients Kramer s book is an illuminating description of dreaming for dreamers therapists and neuroscientists **The Secret History of the Mongols** Arthur Waley,2005-04-04 First published in 1963 The Secret History so called merely because it was meant for the Mongols and not for the Chinese has been chiefly studied from a learned point of view and its quality as literature and hence its value to the lay reader have been greatly overlooked The Chinese version has been used but with constant reference to the Mon **Handbook of Psychophysiology** John T.
