Goodbye East End David Merron, 2015-07-02 As Hitler's bombs threatened London during World War Two eight year old David Merron was removed from his family and close knit Jewish community in the East End and evacuated to the safety of the English countryside Placed into the car of strangers life was sometimes unpredictable and lonely But with time the rural world became an exciting adventure playground in which he flourished Set against a dramatic wartime backdrop Goodbye East End is about the conflict between a London boy's unexpected love of the countryside and his guilt about not missing home as much as he might It's the moving story of a childhood experience that changed a young boy's life forever

The Kindertransport Jennifer Craig-Norton, 2019-06-25 A timely study of the effects of family separation on child refugees using newly discovered archival sources from the WWII era Highly recommended Choice The Kindertransport an organized effort to extract children living under the threat of Nazism lives in the popular memory as well as in literature as a straightforward act of rescue and salvation but these celebratory accounts leave little room for a deeper more complex analysis This volume reveals that in fact many children experienced difficulties with settlement they were treated inconsistently by refugee agencies their parents had complicated reasons for giving them up and their caregivers had a variety of motives for taking them in Against the grain of many other narratives Jennifer Craig Norton emphasizes the use of newly discovered archival sources which include the correspondence of refugee agencies carers Kinder and their parents and juxtaposes this material with testimonial accounts to show readers a more nuanced and complete picture of the Kindertransport In an era in which the family separation of refugees has commanded considerable attention this book is a timely exploration of the effects of family separation as it was experienced by child refugees in the age of fascism
