Governance as Leadership offers a resource that shows how to achieve excellence and peak performance in the boardroom by putting into practice the groundbreaking model that was introduced in the book *Governance as Leadership*. This proven model of effective governance explores how to attain proficiency in three governance modes or mindsets: fiduciary, strategic, and generative. Throughout the book, author Cathy Trower offers an understanding of the Governance as Leadership model through a wealth of illustrative examples of high performing nonprofit boards. She explores the challenges of implementing governance as leadership and suggests ideas for getting started and overcoming barriers to progress. In addition, Trower provides practical guidance for optimizing the practices that will improve organizational performance, including flow, high skill, and high purpose, discernment, deliberation, divergent thinking, insight, meaningfulness, consequence to the organization, and integrity. In short, the book is a combination of sophisticated thinking, instructive vignettes, illustrative documents, and practical recommendations. The book includes concrete strategies that can help improve critical thinking in the boardroom, a board's overall performance as a team, as well as information for creating a strong governance culture and understanding what is required of an effective CEO and a chairperson. To determine a board's fitness and help the members move forward, the book contains three types of assessments: board members evaluate each other, individual board member assessments, and an overall team assessment. This practitioner's guide is written for nonprofit board members, chief executives, senior staff members, and anyone who wants to reflect on governance, discern how to govern better, and achieve higher performance in the process.

The many examples and analogies help the reader absorb this complex subject by putting the information into context. It is a must read for Board members and nonprofit executives who want to understand nonprofit governance in depth and bring their nonprofit organizations to new heights of success. Sheryl Soukup, CFRE, President, Soukup Strategic Solutions, Expertise in Fundraising and Nonprofit Management. **Structures and Practices of Nonprofit Boards**, Charles F.

Dambach, Melissa Davis, Robert L. Gale, 2008. Designed to help nonprofit board members and senior staff. The six books address all of the fundamental elements of service common to most boards including board member responsibilities, how to structure the board in the most efficient manner, and how to accomplish governance work in the spirit of the mission of the organization. Pg 2 of Book 1. **Doing Good Better**, Edgar Stoesz, 2015-06-09. This trusted handbook for nonprofit board service is newly revised and includes new case studies and even more tips and ideas from the trenches of nonprofit board work. *Doing Good Better* is approachable wisdom. Edgar Stoesz has made *Doing Good Better* a guidebook for both board members of nonprofits, whether new to the task or highly experienced. First, Stoesz identifies two failings common to many boards of nonprofit organizations that are often overlooked: 1. A board's governance role is very different from the role of management. Making this distinction requires a reorientation for most board members because in their day jobs they are managers or employees. 2. Boards often fail at two matters: a. preparation of their members and b. regular evaluations of their own effectiveness and focus. In practical, pointedly written chapters, Stoesz covers: Helping Directors Understand Their Governance Role, A Plan to Fulfill the Purpose, Reporting Back to the Members, Planning Effective Meetings, Great Boards Have a Good Fight, occasionally Working Your Way Through a Crisis, Great Boards Celebrate Leaving Right. Stoesz deftly interweaves background, philosophy, vision, and razor sharp, specific ideas. Discussion, Action, Questions conclude many of the chapters. In addition, Stoesz offers a Board Evaluation Form, a Director's Self Evaluation Form, and an outline for the Executive Director Annual Review. **Best of Boards**, Marci S. Thomas, Kim Strom-Gottfried, 2018-05-15. Not for profit organizations' boards are justifiably passionate about their causes and eager to help their organizations. However, in today's increasingly regulated climate, board members who come from diverse backgrounds and may have little financial expertise can feel overwhelmed by the regulations that are their duty to follow. This second edition provides not for profit board members and financial managers with the essential fiduciary knowledge and indispensable leadership guidance that they need to meet the challenges of the current not for profit environment. This book contains the following: Financial and ethical guidance for real life situations, Practical leadership advice for novice and experienced board members, Assistance for not for profit managers tasked with governance challenges, Tools, checklists, and templates based on common sense management techniques. **Love Your Board!**, Mary Hiland, 2021-05-21. Mary Hiland's decades in the trenches informs every common sense solution she recommends for your most angst-inducing nonprofit organization board dilemmas. **Transformational**

Governance Beth Gazley, Katha Kissman, 2015-07-02 There has never been so much pressure on nonprofit boards of directors to achieve a level of accountability that meets public and stakeholder expectations. Member serving association boards may be especially challenged by their more complex affiliate structures and a greater emphasis on representative governance. But what does the journey to good governance look like? Markedly different from existing board development books, this modern approach focuses less on the behaviors and qualities of high performing boards and more on the stages and processes that directors and their staff used to transform their boards. Based on research funded by the ASAE Foundation, the book fills a gap in the governance literature by emphasizing diagnosis and problem solving using the actual tools and activities implemented by 85 transformed associations. Combining the credibility of scholarly research with lively and compelling stories, tools and teachable moments, this book is designed to help associations and other nonprofit organizations achieve the entire journey to good governance from first to last steps.
