*Limits to Decolonization* Penelope Anthias, 2018-03-15 Penelope Anthias's *Limits to Decolonization*

addresses one of the most important issues in contemporary indigenous politics struggles for territory Based on the experience of thirty six Guaran communities in the Bolivian Chaco Anthias reveals how two decades of indigenous mapping and land titling have failed to reverse a historical trajectory of indigenous dispossession in the Bolivian lowlands Through an ethnographic account of the limits the Guaran have encountered over the course of their territorial claim from state boundaries to landowner opposition to hydrocarbon development Anthias raises critical questions about the role of maps and land titles in indigenous struggles for self determination Anthias argues that these unresolved territorial claims are shaping the contours of an era of post neoliberal politics in Bolivia Limits to Decolonization reveals the surprising ways in which indigenous peoples are reframing their territorial projects in the context of this hydrocarbon state and drawing on their experiences of the limits of state recognition The tensions of Bolivia s process of change are revealed as Limits to Decolonization rethinks current debates on cultural rights resource politics and Latin American leftist states In sum Anthias reveals the creative and pragmatic ways in which indigenous peoples contest and work within the limits of postcolonial rule in pursuit of their own visions of territorial autonomy **Global Indigeneities and the Environment** Karen L.

Thornber,Tom Havens,2018-09-27 This book is a printed edition of the Special Issue Global Indigeneities and the Environment that was published in Humanities **forum for inter-american research Vol 3** Wilfried Raussert,2023-07-20

Volume 3 of 6 of the complete premium print version of journal forum for inter american research fiar which is the official electronic journal of the International Association of Inter American Studies IAS fiar was established by the American Studies Program at Bielefeld University in 2008 We foster a dialogic and interdisciplinary approach to the study of the Americas fiar is a peer reviewed online journal Articles in this journal undergo a double blind review process and are published in English French Portuguese and Spanish Translating Worlds, Defending Land Casey High,2025-02-18

In 2019 after decades of ecological damage from oil Waorani people took to the streets of Amazonian Ecuador to protest drilling on their ancestral lands Working with international activists lawyers and other Indigenous groups they successfully sued the government for selling oil concessions without prior consent Placing their struggle for territorial autonomy in the global spotlight this unprecedented legal victory for environmental rights by an Indigenous people reflected the new forms of collaboration emerging in contemporary Amazonia Translating Worlds Defending Land explores how Waorani collaborations whether with environmentalists or academic researchers bring about new possibilities challenges and imaginative horizons Based on fieldwork over a period of twenty five years Casey High interrogates what these engagements mean for Indigenous communities and how they offer critical reflection on collaboration as a concept method and practice The alliances misunderstandings and conflicts that emerge in these contexts challenge the assumption that productive collaborations reflect or require shared purposes generating important implications for an engaged anthropology open to reconsidering what constitutes ethnographic knowledge and who it is for As some young Waorani adults become not just community

leaders or environmental citizens but also skilled researchers and ethnographers translating between Indigenous understandings of land and the Western language conservation they create a powerful new voice in international environmental politics

**New Mechanisms of Participation in Extractive Governance** Esben Leifsen, Maria-Therese Gustafsson, Maria Antonieta Guzman-Gallegos, Almut Schilling-Vacaflor, 2018-10-05 The scholarly debate on deliberative democracy often suggests that participatory processes will contribute to make environmental governance not only more legitimate and effective but also lead to the empowerment of marginalized social groups Critical studies however analyse how technologies of governance make use of participation to draw boundaries that separate technical knowledge from political concerns direct the focus towards procedural aspects and contractual obligations and reinforce hegemonic understandings of development and of local people's relationships to their environment This book focuses on the dynamics and use of participatory mechanisms related to the rapid expansion of the extractive industries worldwide and the ways it increasingly affects sensitive natural environments populated by indigenous and other marginalized populations Nine empirically grounded case studies analyse a range of participatory practices ranging from state led and corporation led processes like prior consultation and Free Prior and Informed Consent FPIC compensation practices participatory planning exercises and the participation in environmental impact assessments EIAs to community led consultations community based FPIC and EIA processes and struggles for community based governance of natural resource uses The book provides new insights through a combination of different theoretical strands which help to scrutinize the limits to deliberation and empowerment on the one hand and on the other hand to understand the political resistance potential that alternative uses of participatory mechanisms can generate The chapters originally published as a special issue of Third World Quarterly

**Indigenous Peoples as Subjects of International Law** Irene Watson, 2017-07-14 For more than 500 years Indigenous laws have been

disregarded Many appeals for their recognition under international law have been made but have thus far failed mainly because international law was itself shaped by colonialism How this volume asks might international law be reconstructed so that it is liberated from its colonial origins With contributions from critical legal theory international law politics philosophy and Indigenous history this volume pursues a cross disciplinary analysis of the international legal exclusion of Indigenous Peoples and of its relationship to global injustice Beyond the issue of Indigenous Peoples rights however this analysis is set within the broader context of sustainability arguing that Indigenous laws philosophy and knowledge are not only legally valid but offer an essential approach to questions of ecological justice and the co existence of all life on earth The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons CC BY NC ND 4.0 license

*Undoing Multiculturalism* Carmen Martínez Novo, 2021-05-04 President Rafael Correa 2007-2017 led the Ecuadoran Citizens Revolution that claimed to challenge the tenets of neoliberalism and the legacies of colonialism The Correa administration promised to advance Indigenous and Afro descendant rights and redistribute resources to the most vulnerable In many cases these promises proved to be hollow Using two decades of ethnographic research *Undoing Multiculturalism* examines why these intentions did not become a reality and how the Correa administration undermined the progress of Indigenous people A main complication was pursuing independence from multilateral organizations in the context of skyrocketing commodity prices which caused a new reliance on natural resource extraction Indigenous Afro descendant and other organized groups resisted the expansion of extractive industries into their territories because they threatened their livelihoods and safety As the Citizens Revolution and other Pink Tide governments struggled to finance budgets and maintain power they watered down subnational forms of self government slowed down land redistribution weakened the politicized cultural identities that gave strength to social movements and reversed other fundamental gains of the multicultural era

**Radical Territories in the Brazilian Amazon** Laura Zanotti, 2016-11-15 *Radical Territories in the Brazilian Amazon* sheds light on the creative and groundbreaking efforts Kayap peoples deploy to protect their lands and livelihoods in Brazil Laura Zanotti shows how Kayap communities are using diverse pathways to make a sustainable future for their peoples and lands The author advances anthropological approaches to understanding how indigenous groups cultivate self determination strategies in conflict ridden landscapes

**Justice and food security in a changing climate** Hanna Schübel, Ivo Wallimann-Helmer, 2023-08-14 The UN's Sustainable Development Goals saw the global community agree to end hunger and malnutrition in all its forms by 2030 However the number of chronically undernourished people is increasing continuously Ongoing climate change and the action needed to adapt to it are very likely to aggravate this situation by limiting agricultural land and water resources and changing environmental conditions for food production Climate change and the actions it requires raise questions of justice especially regarding food security These key concerns of ethics and justice for food security due to climate change challenges are the focus of this book which brings together work by scholars from a wide

range of disciplines and a multitude of perspectives These experts discuss the challenges to food security posed by mitigation geoengineering and adaptation measures that tackle the impacts of climate change Others address the consequences of a changing climate for agriculture and food production and how the Covid 19 pandemic has affected food security and animal welfare

*Demanding Justice and Security* Rachel Sieder, 2017-06-16 Across Latin America indigenous women are organizing to challenge racial gender and class discrimination through the courts Collectively by engaging with various forms of law they are forging new definitions of what justice and security mean within their own contexts and struggles They have challenged racism and the exclusion of indigenous people in national reforms but also have challenged bad customs and gender ideologies that exclude women within their own communities Featuring chapters on Bolivia Colombia Ecuador Guatemala and Mexico the contributors to *Demanding Justice and Security* include both leading researchers and community activists From Kichwa women in Ecuador lobbying for the inclusion of specific clauses in the national constitution that guarantee their rights to equality and protection within indigenous community law to Me phaa women from Guerrero Mexico battling to secure justice within the Inter American Court of Human Rights for violations committed in the context of militarizing their home state this book is a must have for anyone who wants to understand the struggle of indigenous women in Latin America

Practically Invisible Kimbra

Smith,2015-11-11 The community of Agua Blanca deep within the Machalilla National Park on the coast of Ecuador found itself facing the twenty first century with a choice embrace a booming tourist industry eager to experience a preconceived notion of indigeneity or risk losing a battle against the encroaching forces of capitalism and development The facts spoke for themselves however as tourism dollars became the most significant source of income in the community Thus came a nearly inevitable shock as the daily rhythms of life rising before dawn to prepare for a long day of maintaining livestock and crops returning for a late lunch and siesta joining in a game of soccer followed by dinner in the evening transformed forever in favor of a new tourist industry and the compromises required to support it As Practically Invisible demonstrates for Agua Blancans becoming a supposedly authentic version of their own indigenous selves required performing their culture for outsiders thus becoming these performances within the minds of these visitors At the heart of this story then is a delicate balancing act between tradition and survival a performance experienced by countless indigenous groups
