an impossible game only the pros can master In fact Peter Lynch named America s Most Successful Money Manager says
that by using a reliable and repeatable investing process ordinary investors can beat the pros But here are 3 big mistakes
inexperienced investors make Mistake 1 Relying solely on social media and TV stock tipsters for their information Mistake 2
Rushing into hot sectors based on fear of missing out and buying poor companies at overvalued prices Mistake 3 Panic
selling for a loss the first time their stock goes down and missing out on gains when it rebounds to new highs Now here s the
good news By using our Rational Process Investing methodology individual investors can make consistent long term profits in
the market Founded on timeless principles used by legendary investors like Warren Buffett You don t need a degree in
finance Nor do you need to spend hours each day glued to financial media Just 2 hours per week is enough Which means you
can get a head start by following the simple advice laid out in this book Even if you ve never bought stocks before So if you re
kicking yourself for missing out on big gains We ll show you how to find the next Facebook Netflix or Amazon Companies
which can turn a modest investment of 500 into 30 000 or more It s not always some obscure technology company either
There are amazing opportunities in industries many investors consider boring For example if you had invested just 99 in
Southwest Airlines when they first went public you d be sitting on over 82 000 today Here s just a fraction of what you ll
discover inside The 1 mistake inexperienced investors make Avoid this error and you will make money Page 16 Forget Netflix

investment over the next 20 years Page 121 The Amazon of the Health Industry on track for 100% gains in the next 18
months Page 132 The truth about buying the dip Why most investors fail miserably at it and what to do instead Page 169

Your chance to buy the next Berkshire Hathaway for just 0.3% of the price of a single share of Warren Buffett's company
Page 93 This software company has been growing 5x faster than the S P500 and you can still pick it up for less than 10 Page
145 If we only had 500 to invest in a single company This is what we'd buy Page 81 and much much more Speaking of
Southwest Airlines If you had sold when share prices peaked your 99 would be worth over 152 000 Which is why on Page 183
we show you when to sell your stocks for maximum profits This is not a dense 600 page theoretical textbook It's written in
plain English and free from repetitive technical jargon You'll find easy to follow advice plus concrete examples of everything
we teach So even if you've never read a single investing book in your life You will understand how to become a successful
