The Quest for Classical Greece Lucy Pollard,2015-01-28 Greece and Asia Minor proved an irresistible lure to English visitors in the seventeenth century These lands were criss crossed by adventurers merchants diplomats and men of the cloth In particular John Covel 1638 1722 chaplain to the Levant Company in the 1670s later Master of Christ s College Cambridge was representative of a thoroughly eccentric band of Englishmen who saw Greece and the Ottoman world through the lens of classical history Using a variety of sources including Covel s largely unpublished diaries Lucy Pollard shows that these curious travellers imported alongside their copies of Pausanias and Strabo a package of assumptions about the societies they discovered Disparaging contemporary Greeks as unworthy successors to their classical ancestors allowed Englishmen to view themselves as the true inheritors of classical culture even as when opportunity arose they removed antiquities from the sites they described At the same time they often admired the Turks about whom they had fewer preconceptions This is a major contribution to reception and post Restoration ideas about antiquity
