The Closed Hand Rebecca Riger Tsurumi, 2012-06-15 In her book *The Closed Hand* Images of the Japanese in Modern Peruvian Literature Rebecca Riger Tsurumi captures the remarkable story behind the changing human landscape in Peru at the end of the nineteenth century when Japanese immigrants established what would become the second largest Japanese community in South America She analyzes how non Japanese Peruvian narrators unlock the unspoken attitudes and beliefs about the Japanese held by mainstream Peruvian society as reflected in works written between 1966 and 2006 Tsurumi explores how these Peruvian literary giants including Mario Vargas Llosa Miguel Guti rrez Alfredo Bryce Echenique Carmen Oll Pilar Dughi and Mario Bellatin invented Japanese characters whose cultural differences fascinated and confounded their creators She compares the outsider views of these Peruvian narrators with the insider perceptions of two Japanese Peruvian poets Jos Watanabe and Doris Moromisato who tap personal experiences and memories to create images that define their identities The book begins with a brief sociohistorical overview of Japan and Peru describing the conditions in both nations that resulted in Japanese immigration to Peru and concluding in contemporary times Tsurumi traces the evolution of the terms Orient and Japanese Oriental and the depiction of Asians in Modernista poetry and in later works by Octavio Paz and Jorge Luis Borges She analyzes the images of the Japanese portrayed in individual works of modern Peruvian narrative comparing them with those created in Japanese Peruvian poetry The book concludes with an appendix containing excerpts from Tsurumi s interviews and correspondence in Spanish with writers and poets in Lima and Mexico City

One World Periphery Reads the Other Ignacio López-Calvo, 2009-12-14

While Said focused on the perceptions and stereotypes of the Near East Oriental in England France and the United States most of these essays study the decentering interplay between peripheral areas of the Third World semiperipheral areas Spain and Portugal since the second part of the seventeenth century and marginalized social groups of the globe Chicanos African Americans and Filipino Americans They explore for example how China and the Far East in general are imagined and represented in Latin America and the Caribbean or how ethnic minorities in the United States such as Chicanos and African Americans incorporate Filipino characters in their novels or creolize their music with Chinese influences As the title of this book suggests sometimes these peripheral areas and social groups talk back to the metropolitan centers of the former empires or look for their mediation while others they avoid the interference of the First World or of hegemonic social groups altogether in order to address other peripheral peoples directly thus creating rich South South cross cultural flows and exchanges The main difference between the imperialistic orientalism studied by Said and this other type of global cultural interaction is that while in their engagement with the Orient they may be reproducing certain imperialistic fantasies and mental structures typically there is not an ethnocentric process of self idealization or an attempt to demonstrate cultural ontological or racial superiority in South South intellectual and cultural exchanges This way to de center or to provincialize Europe pace Dipesh Chakrabarty disrupts the traditional center periphery dichotomy bringing about multiple and interchangeable centers and peripheries whose cultures interact with one another without the mediation of the European and North American metropolitan centers
