Half Hearted Reform Electoral Institutions And The Struggle For Democracy In Indonesia:

Half-Hearted Reform Dwight King, 2003-04-30 A comprehensive analysis of the reforms in the institutions of democratic representation political parties elections and legislatures that spearheaded Indonesia's political transition

Constitutional Change and Democracy in Indonesia Donald L. Horowitz, 2013-03-25 How did democracy become entrenched in the world's largest Muslim majority country After the fall of its authoritarian regime in 1998 Indonesia pursued an unusual course of democratization It was insider dominated and gradualist and it involved free elections before a lengthy process of constitutional reform At the end of the process Indonesia's amended constitution was essentially a new and thoroughly democratic document By proceeding as they did the Indonesians averted the conflict that would have arisen between adherents of the old constitution and proponents of radical immediate reform Donald L Horowitz documents the decisions that gave rise to this distinctive constitutional process He then traces the effects of the new institutions on Indonesian politics and discusses their shortcomings and their achievements in steering Indonesia away from the dangers of polarization and violence He also examines the Indonesian story in the context of comparative experience with constitutional design and intergroup conflict *Deepening Democracy in Indonesia?* Maribeth Erb, Priyambudi Sulistiyanto, 2009 Since the fall of long reigning President Soeharto in 1998 Indonesia has been in an era of transition away from an authoritarian regime and on a quest for democracy This quest started with decentralization laws implemented in 2001 which gave greater autonomy to the regions and continued with the direct elections for the national and local legislatures and the President in 2004 The latest development in this democratization process is the implementation of a system for the direct election of regional leaders which began in 2005 the first round of elections across the nation for all governors mayors and district heads was completed in 2008 Authors of the chapters in this volume the result of a workshop in Singapore in 2006 present data from across the archipelago for these first direct elections for local leaders and give their assessment as to how far these elections have contributed to a deepening democracy **Party Politics in Southeast Asia** Dirk Tomsa, Andreas Ufen, 2013 Contributing to the growing discourse on political parties in Asia this book looks at parties in Southeast Asia's most competitive electoral democracies of Indonesia Thailand and the Philippines It highlights the diverse dynamics of party politics in the region and provides new insights into organizational structures mobilizational strategies and the multiple dimensions of linkages between political parties and their voters The book focuses on the prominence of clientelistic practices and strategies both within parties as well as between parties and their voters It demonstrates that clientelism is extremely versatile and can take many forms ranging from traditional personalized relationships between a patron and a client to the modern reincarnations of broker driven network clientelism that is often based on more anonymous relations The book also discusses how contemporary political parties often combine clientelistic practices with more formal patterns of organization and communication thus raising questions about neat analytical dichotomies Straddling the intersection

between political science and area studies this book is of interest to students and scholars of contemporary Southeast Asian politics and political scientists and Asian Studies specialists with a broader research interest in comparative democratization studies The Routledge Handbook to Religion and Political Parties Jeffrey Haynes,2019-11-28 As religion and politics become ever more intertwined relationships between religion and political parties are of increasing global political significance This handbook responds to that development providing important results of current research involving religion and politics focusing on democratisation democracy party platform formation party moderation and secularisation social constituency representation and interest articulation Covering core issues new debates and country case studies the handbook provides a comprehensive overview of fundamentals and new directions in the subject Adopting a comparative approach it examines the relationships between religion and political parties in a variety of contexts regions and countries with a focus on Christianity Islam Buddhism Judaism and Hinduism Contributions cover such topics as religion secularisation and modernisation religious fundamentalism and terrorism the role of religion in conflict resolution and peacebuilding religion and its connection to state democratisation and democracy and regional case studies covering Asia the Americas Europe Sub Saharan Africa the Middle East and North Africa This comprehensive handbook provides crucial information for students researchers and professionals researching the topics of politics religion comparative politics secularism religious movements political parties and interest groups and religion and sociology Communal Violence and Democratization in Indonesia Gerry van Klinken,2007-01-24 Through close scrutiny of empirical materials and interviews this book uniquely analyzes all the episodes of long running widespread communal violence that erupted during Indonesia s post New Order transition Indonesia democratised after the long and authoritarian New Order regime ended in May 1998 But the transition was far less peaceful than is often thought It claimed about 10 000 lives in communal ethnic and religious violence and nearly as many as that again in separatist violence in Aceh and East Timor Taking a comprehensive look at the communal violence that arose after the New Order regime this book will be of interest to students of Southeast Asian studies social movements political violence and ethnicity **Vote Buying in Indonesia** Burhanuddin Muhtadi,2019-05-07 This book is open access under a CC BY 4 0 license This book investigates the impact of vote buying on the accountability of democratic institutions and policy representation in newly democratic countries with a focus on Indonesia In doing so the book presents a wide ranging study of the dynamics of vote buying in Indonesia s young democracy exploring the nature extent determinants targeting and effectiveness of this practice It addresses these central issues in the context of comparative studies of vote buying arguing that although party loyalists are disproportionately targeted in vote buying efforts in total numbers given the relatively small number of party loyalists in Indonesia vote buying hits more uncommitted voters It also demonstrates that the effectiveness of vote buying on vote choice is in the 10 percent range which is sufficient for many candidates to secure a seat and thus explains why they still engage in vote buying despite high levels of leakage *Legislative Oversight and*

Budgeting Rick Stapenhurst, 2008 In most countries parliament has the constitutional mandate to both oversee and hold government to account In light of the increased focus on good governance academics and legislative strengthening practitioners are re examining parliament s oversight function with a view to increasing public financial accountability curbing corruption and contributing to poverty reduction This volume brings together research from many different perspectives and many different legislative settings worldwide As the country case studies in section III demonstrate the accountability mechanisms or oversight tools available to the legislature vary based on constitutionally defined powers of the legislature institutional arrangements between the branches of government divisions of authority between national regional and local governments the degree of legitimacy conferred on the legislature and the resources available to it The budget process provides critical opportunities Section II of this volume is devoted to examining budget oversight from the formulation and approval of the budget to implementation and the ex post examination of the public accounts Special attention is also paid to mechanisms to assist parliaments such as Public Accounts Committees and independent parliamentary budget offices This title will be of interest to parliamentarians and parliamentary staff legislative strengthening practitioners and students of legislative development **Java, Indonesia and Islam** Mark

Woodward, 2010-10-28 Mark R Woodward s *Islam in Java Normative Piety and Mysticism in the Sultanate of Yogyakarta* 1989 was one of the most important work on Indonesian Islam of the era This new volume *Java Indonesia and Islam* builds on the earlier study but also goes beyond it in important ways Written on the basis of Woodward s thirty years of research on Javanese Islam in a Yogyakarta south central Java setting the book presents a much needed collection of essays concerning Javanese Islamic texts ritual sacred space situated in Javanese and Indonesian political contexts With a number of entirely new essays as well as significantly revised versions of essays this book is a valuable contribution to the academic community by an eminent anthropologist and key authority on Islamic religion and culture in Java **The Territories of Indonesia**

Indonesia since Democratization Saiful Mujani, R. William Liddle, Kuskridho Ambardi, 2018-03-01 Indonesia is the world s third largest democracy after India and the USA and the only fully democratic Muslim democracy yet it remains little known in the comparative politics literature This book aspires to do for Indonesian political studies what *The American Voter* did for American political science It contributes a major new case the world s largest Muslim democracy to the latest research in cross national voting behavior making the unique argument that Indonesian voters like voters in many developing and

developed democracies are critical citizens or critical democrats The analysis is based on original opinion surveys conducted after every national level democratic election in Indonesia from 1999 to the present by the respected Indonesian Survey Institute and Saiful Mujani Research and Consulting Islam, State and Society in Indonesia Yanwar Pribadi, 2018-06-13

Islamic powers in secular countries have presented a challenge for states around the world including Indonesia home to the largest Muslim population as well as the third largest democracy in the world This book explores the history of the relationships between Islam state and society in Indonesia with a focus on local politics in Madura It identifies and explains factors that have shaped and characterized the development of contemporary Islam and politics in Madura and recognizes and elucidates forms and aspects of the relationships between Islam and politics between state and society between conflicts and accommodations between piety tradition and violence in that area and the forms and characters of democratization and decentralization processes in local politics This book shows how the area s experience in dealing with Islam and politics may illuminate the socio political trajectory of other developing Muslim countries at present living through comparable democratic transformations Madura was chosen because it has one of the most complex relationships between Islam and politics during the last years of the New Order and the first years of the post New Order in Indonesia and because it is a strong Muslim area with a history of a very strong religious as well as cultural tradition than is commonly understood and is largely ignored in literature on Islam and politics Based on extensive sets of anthropological fieldwork and historical research this book makes an important contribution to the analysis of Islam and politics in Indonesia and future socio political trajectory of other developing Muslim countries experiencing comparable democratic transformations It will be of interest to academics in the field of Religion and Politics and Southeast Asian Studies in particular Southeast Asian politics anthropology and history

Indonesia, Islam, and the International Political Economy Mark Williams, 2017-04-21 The Republic of Indonesia is a rising great power in the Asia Pacific set to become the eighth largest economy in the world in the coming decades It is the most populous Muslim majority country in the world The largest Islamic organizations and parties have supported Indonesia s participation with global markets but this has not come from an ideological support for capitalism or economic liberalization Islamic political culture has denounced the injustices caused by global capitalism and its excesses In fact support for Indonesia s engagement with the international political economy is born from political pragmatism and from Indonesia s struggles to achieve economic development This book examines the role of Islamic identity in Indonesia s foreign economic relations and in its engagement with the world order There is no single expression of Islam in Indonesia the politics espoused by Islamic parties and organizations are far from monolithic Islamic sentiment has been invoked by the state to justify heinous acts of brutality as well as by violent subnational revolutionary groups However these expressions of Islam have deviated from the dominant narrative which is in favour of international cooperation and economic development Economic exploitation political alienation financial volatility and aggression toward Muslims around the world that has

caused some Islamic groups to radicalize The political culture of Islam in Indonesia is a social force that is helping to foster a peaceful rise for Indonesia However a peaceful expression of Islam is not inevitable for the republic nor can it be assumed that Islamic identity in Indonesia will unwaveringly support the global economic order regardless of what might occur in global politics **Unity through Division** Diego Fossati,2022-09-22 With a focus on Indonesia this book studies

representation to explain why public satisfaction with democracy may increase despite democratic backsliding

Rethinking Popular Representation O. Törnquist,N. Webster,K. Stokke,2009-12-21 This book starts out from the deep concern with contemporary tendencies towards depoliticisation of public issues and popular interests and makes a case for rethinking more democratic popular representation It outlines a framework for popular representation examines key issues and experiences and provides a policy oriented conclusion **(Un) Civil Society and Political Change in Indonesia**

Verena Beittinger-Lee,2013-01-11 Un Civil Society and Political Change in Indonesia provides critical analysis of Indonesia s civil society and its impact on the country s democratization efforts that does not only take the classical pro democratic actors of civil society into account but also portrays uncivil groups and their growing influence on political processes Beittinger Lee offers a revised categorization of civil society including a model to define the sphere of uncivil society more closely and to identify several subcategories of uncivil society This is the first book to portrays various uncivil groups in Indonesia ranging from vigilantes militias paramilitaries youth groups civil security task forces and militant Islamic and other religious groups ethnonationalist groups to terrorist organizations and groups belonging to organized crime Moreover it provides the reader with an overview of Indonesia s history its political developments after the democratic opening main improvements under the various presidents since Suharto s fall constitutional amendments and key reforms in human rights legislation This book will be of interest to upper level undergraduates postgraduates and academics in political science and Southeast Asian studies Rioting for Representation Risa J. Toha,2021-11-04 Toha explains why ethnic groups engage in violence during political transition and why and how this violence eventually declines

Contention and Regime Change in Asia Linda Maduz,2020-08-24 In undemocratic settings where modes of political participation and interest mediation are severely limited protest may become a major form of political action When and why does popular upsurge occur in such a setting What form does it take and what do people ask for When does protest become regime threatening And how does the authoritarian government react This book explains the dynamics we observe during regime change facing high contention in which much is at stake both for those in power and their challengers Focussing on the experiences of democratizing countries in Asia the author shows that even in the chaotic context of regime change there are regularities in when and how people mobilize The book applies concepts and methods used in social movement research to the study of regime change and is based on a newly collected protest event dataset of 20 years for Indonesia South Korea and Thailand **The**
