Store and gentleman bookseller George Rubinowitz and his formidably shrewd wife Jenny Book Row remembers places that all lovers of books should never forget like Biblo the Green Book Shop favored by John Dickson Carr Ellenor Lowenstein's world renowned gastronomical Corner Book Shop which was not on a corner and the Abbey Bookshop the last of the Fourth Avenue bookstores to close its doors Rising rents street crime urban redevelopment and television are many of the reasons for the demise of Book Row but in this volume based on interviews with dozens of the people who bought sold collected and breathed in its rare bibliodiferous air it lives again Volatility Trading, + website Euan Sinclair, 2008-06-23 In Volatility Trading Sinclair offers you a quantitative model for measuring volatility in order to gain an edge in your everyday option trading endeavors With an accessible straightforward approach He guides traders through the basics of option pricing volatility measurement hedging money management and trade evaluation In addition Sinclair explains the often overlooked psychological aspects of trading revealing both how behavioral psychology can create market conditions traders can take advantage of and how it can lead them astray Psychological biases he asserts are probably the drivers behind most sources of edge available to a volatility trader Your goal Sinclair explains must be clearly defined and easily expressed if you cannot explain it in one sentence you probably aren't completely clear about what it is The same applies to your statistical edge If you do not know exactly what your edge is you shouldn't trade He shows how in addition to the numerical evaluation of a potential trade you should be able to identify and evaluate the reason why implied volatility is priced where it is that is why an edge exists This means it is also necessary to be on top of recent news stories sector trends and behavioral psychology Finally Sinclair underscores why trades need to be sized correctly which means that each trade is evaluated according to its projected return and risk in the overall context of your goals As the author concludes while we also need to pay attention to seemingly mundane things like having good execution software a comfortable office and getting enough sleep it is knowledge that is the ultimate source of edge So all else being equal the trader with the greater knowledge will be the more successful This book and its companion CD ROM will provide that knowledge The CD ROM includes spreadsheets designed to help you forecast volatility and evaluate trades together with simulation engines *The Bowker Annual of Library and Book Trade Information* Wyllis Eaton Wright, 1976 **At the Altar of Speed** Leigh Montville, 2008-12-31 He was The Intimidator A nightmare in the rear view mirror A unique winner in the boardroom A seven time Winston Cup champion A driver whose personal success story and dedication inspired the adoration of millions of fans Then on February 18 2001 just seconds from the Daytona 500 finish line the world of stock car racing suffered a devastating loss as Dale Earnhardt fatally careened into a track wall The tragic shock waves and an unprecedented outpouring of respect and love have not stopped since At the Altar of Speed takes readers behind the scenes of Earnhardt's celebrated life tracing his rags to riches journey to the top of America's fastest growing sport Beginning with Earnhardt's early days growing up in small town North Carolina veteran sports writer Leigh Montville examines how a ninth grade dropout started on the dusty dirt tracks of the South went through

two marriages and a string of no future jobs before turning twenty five then took about a million left turns to glory Through the pitfalls and triumphs Earnhardt would ultimately become a celebrated champion whose lifetime earnings would top forty one million dollars The son of a legendary racer the father of a NASCAR star he lived a total auto racing life filled with triumph and sadness great joy and great pain Transporting readers to the colorful noisy world of stock car racing where powerful engines allow drivers to reach speeds of 200 m p h At the Altar of Speed vividly captures the man who drove the black No 3 car a man whose determination and inner strength left behind a legacy of greatness that has redefined his sport Illustrated with a section of full color photographs At the Altar of Speed is a tribute to both the man and his unbeatable spirit

British Books ,1907 *The Slave-Trader's Letter-Book* Jim Jordan, 2018-01-15 In 1858 Savannah businessman Charles Lamar in violation of U S law organized the shipment of hundreds of Africans on the luxury yacht Wanderer to Jekyll Island Georgia The four hundred survivors of the Middle Passage were sold into bondage This was the first successful documented slave landing in the United States in about four decades and shocked a nation already on the path to civil war In 1886 the North American Review published excerpts from thirty of Lamar s letters from the 1850s reportedly taken from his letter book which describe his criminal activities However the authenticity of the letters was in doubt until very recently In 2009 researcher Jim Jordan found a cache of private papers belonging to Charles Lamar s father stored for decades in an attic in New Jersey Among the documents was Charles Lamar s letter book confirming him as the author The Lamar documents including the Slave Trader s Letter Book are now at the Georgia Historical Society and are available for research This book has two parts The first recounts the flamboyant and reckless life of Lamar himself including Lamar s involvement in southern secession the slave trade and a plot to overthrow the government of Cuba A portrait emerges at odds with Lamar s previous image as a savvy entrepreneur and principled rebel Instead we see a man who was often broke and whose volatility sabotaged him at every turn His involvement in the slave trade was driven more by financial desperation than southern defiance The second part presents the Slave Trader s Letter Book Together with annotations these seventy long lost letters shed light on the lead up to the Civil War from the remarkable perspective of a troubled and troubling figure
