Motivation and Practice for the Classroom ,2008-01-01 Motivation and Practice for the Classroom is a book for everyone concerned with the study of motivation in education Although there have been a number of notable contributions to the literature attempting to explain how students could excel in learning if only the conditions were right a perennial problem for teachers is putting these ideas into practice in their classrooms What seems to be lacking in the literature are evidence based claims about pedagogy and practice that are grounded in educational research at the classroom level and written in a style that is manageable for busy non specialist teachers The main theme of this edited volume is on aspects of motivation that are of relevance and application to the teaching practitioner It would also be useful to student teachers school administrators tertiary education lecturers educational researchers and school administrators The collection of articles in this reader seeks to address one essential question how can classroom based research findings be used to improve the quality of teaching and motivation of students

Teacher as Activator of Learning Gayle H.

Gregory,2016-02-11 Flip the Switch How to Get Students Into Learning Mode Now In his well known meta analysis John Hattie suggests that facilitating learning is not as effective or powerful as activating learning In this book Gayle Gregory shows you how to facilitate better and deeper learning Packed with practical strategies that teachers can use every day to increase student achievement you will also discover what educational neuroscience says about nurturing a growth mindset and creating classrooms that support and encourage students to take risks and fail forward Learn how to Foster student dialogue and thinking Orchestrate productive reflective flexible student groups Develop respectful learning relationships between and among students and teachers Teacher competencies and clarity related to student goals and success criteria with quality feedback are essential for student success This resource will enrich learning environments for students and increase the chance of success for all In going from teachers as fount of knowledge to teacher as facilitator the field has overcorrected Gayle Gregory corrects all that with a comprehensive and deep portrayal of the need for teachers to be activators of learning in partnership with students Based on equal measure of research and practice Gregory gives is a compelling set of ideas and tools to maximize student learning and engagement Read it and hit the ground running Michael Fullan Professor Emeritus OISE University of Toronto

Critical Analysis of Parental Involvement in School Meca

Williams-Johnson,Nicolette P. Rickert,2024-12-30 Critical Analysis of Parental Involvement in School presents in depth explorations of parental involvement within culturally distinct contexts As teachers and leaders sense the impact of today s social and political tensions in their schools new guidance is needed to help them make decisions solve problems clarify

interventions and resolve conflict with their students families as they mutually pursue the well being of diverse students This edited volume examines parents culturally situated goals and values communication and rearing styles academic involvement and other social psychological factors across identities at the intersection of race gender class and beyond Each chapter addresses the complexities of a unique demographic context innovative approaches toward inclusion methodologies helpful to the study of parental involvement new trends and directions in family school partnerships and more *Excited to Learn* Margery B. Ginsberg, 2015-02-27 Transforming student s motivation as the major driver in the classroom *Excited to Learn* is grounded in Ginsberg and Wlodkowski s Motivational Framework for Culturally Responsive Teaching and includes over 50 teaching strategies for a broad range of grade levels and subject areas These field tested and research validated tools provide a blend of theory and practice educators The book identifies and provides easily customized teaching methods based on four conditions of the framework Inclusion respect and connectedness Attitude choice and relevance Meaning challenge and engagement Competence authenticity and effectiveness Illustrated through narrative and outline formats the framework is attuned to the planning needs of busy educators *Child and Adolescent Development* William Damon, Richard M. Lerner, Deanna Kuhn, Robert S. Siegler, Nancy Eisenberg, 2012-06-29 This advanced text for psychology human development and education provides students with state of the art overviews of the discipline in an accessible affordable format Unique both in the depth of its coverage and in the timeliness of the research that it presents this comprehensive text conveys the field of child and adolescent development through the voices of scientists who themselves are now shaping the field *The Influence of Teacher-Student Relationships and Feedback on Students' Engagement with Learning* Roger Wood, 2018-06-11 This book presents a potential hierarchy between the three basic psychological needs central to Self Determination Theory SDT Findings from the author s research suggest that the motivation to exercise autonomy is an outcome that is cumulatively influenced by the perceived quality of the teacher student relationship and students perceived competence within specific learning contexts and with a specific teacher These findings are the basis for three hypotheses regarding students motivation to engage with learning activities The first is that perceived competence is informed by and reciprocally informs the quality of the teacher student relationship The second is that students perceived competence and the quality of the teacher student relationship have a combined impact upon students autonomous motivation The final posit is that a teacher can be autonomy supportive both prior to and during activities where students have opportunities to exercise their autonomy Such autonomy support includes the influence of teacher feedback upon students perceived competence and their subsequent motivation to autonomously engage with learning activities This research begins to unravel such motivational interplay through an SDT informed model which is used as the basis for discussing the specific influence of teacher feedback and autonomy support upon students engagement with learning activities in formal learning settings The findings and model are worthy of further testing and development as part of the wider agenda of student engagement wellbeing and positive psychology prevalent in
