Wordweaving Trevor Silvester, 2003 This text presents a new approach to the use of hypnotic suggestion For years hypnotherapists have used scripts which are aimed at a particular problem like smoking or weight loss rather than aiming at the client who smokes or has weight issues Trevor Silvester suggests that it is not the problem that is the problem it's the client's unique relationship with the problem that's the problem The book aims to free you from the constraints of scripts and enable you to use your creative skill to weave subtle spells that empower your clients by changing their model of reality It presents the science behind suggestion and the means of using that science to create magical ways of influencing others **Clinical Applications of Suggestion and Hypnosis** William Thomas Heron, 1957 **Hypnotic**

Elementary Handbook for the Use of the Medical Profession George Chadwick Kingsbury,1891 **The Hypnotic Patterns Handbook** Nathan Roth,2018-03-20 Have you ever wondered how the best speakers in the world are able to pull audiences under their spell and move them in a way that changes their beliefs and propels them into action Whether they re aware of it or not the most powerful communicators in the world all use hypnotic patterns when they speak By using these same hypnotic patterns we are able to communicate ideas to people in a way that allows them to respond to our suggestions without feeling that we re the one s telling them what to do We re able to do this by using what we call indirect suggestion Indirect suggestion is what allows us to present ideas as options instead of ultimatums What makes indirect suggestion so interesting is that the majority of people respond to indirect suggestion as if it were a direct command to do the thing being suggested It s a way of presenting people with what they feel are options but which they respond to as if they were direct orders With the fill in the blank hypnotic language framework in this book you ll have all the tools you need to speak as compellingly and powerfully as the most powerful communicators in the world **The Power of Suggestion** Drake Eastburn,2013-02-14 **Secrets of Hypnotic Suggestions** Comte Saint-Germain,2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work **Handbook of Hypnotic Techniques** Mark P.
