argues that Hip Hop s early history in the South Bronx charts a course remarkably similar to the conceptual history of artistic creation presented in Hegel s Lectures on Aesthetics It contends that the resonances between Hegel s account of the trajectory of art in general and the historical shifts in the particular culture of Hip Hop are both numerous and substantial enough to make us re think not only the nature and import of Hegel s philosophy of art but the origin essence and lesson of Hip Hop As a result the book articulates and defends a unique reading of Hegel s Aesthetics as well as providing a philosophical explanation of the Hip Hop community s transition from total social abandonment to some limited form of social inclusion via the specific mediation of an artistic culture grounded in novel forms of sensible expression Thus the fundamental thesis of this book is that Hegel and Hip Hop are mutually illuminating and when considered in tandem each helps to clarify and reinforce the validity and power of the other      **Singular Sensations** Michelle Ann Abate, 2024-09-13

Ewoodzie Jr., 2017-08-08 The origin story of hip hop one that involves Kool Herc DJing a house party on Sedgwick Avenue in the Bronx has become received wisdom But Joseph C Ewoodzie Jr argues that the full story remains to be told In vibrant prose he combines never before used archival material with searching questions about the symbolic boundaries that have divided our understanding of the music In Break Beats in the Bronx Ewoodzie portrays the creative process that brought about what we now know as hip hop and shows that the art form was a result of serendipitous events accidents calculated successes and failures that almost magically came together In doing so he questions the unexamined assumptions about hip hop s beginnings including why there are just four traditional elements DJing MCing breaking and graffiti writing and not others why the South Bronx and not any other borough or city is considered the cradle of the form and which artists besides Kool Herc Afrika Bambaataa and Grandmaster Flash founded the genre Ewoodzie answers these and many other questions about hip hop s beginnings Unearthing new evidence he shows what occurred during the crucial

but surprisingly underexamined years between 1975 and 1979 and argues that it was during this period that the internal logic and conventions of the scene were formed      The Readers' Advisory Guide to Genre Fiction, Third Edition Neal Wyatt, Joyce G.
