

The background of the book cover is a microscopic image of tissue, likely stained with hematoxylin and eosin (H&E). The image is split vertically: the left half shows a high-magnification view of individual cells with prominent, dark, stained nuclei and some pinkish cytoplasm or extracellular matrix; the right half shows a lower-magnification view of the same tissue, where the overall cellular architecture and arrangement are more apparent. The colors are primarily shades of purple, pink, and white.
