Judging Jesus Wayne G. Johnson, 2016-10-12 Few persons have had greater impact on history than Jesus of Nazareth That he existed is generally conceded Who he was remains a major issue Since great religions claim to possess basic and unique truths about the human venture the Christian message about Jesus challenges other great religions Much of world history is marked by the responses of great religions to this Christian challenge In gospel accounts Jesus asks of his disciples Who do people say that I am This author explores how other world religions have responded to this question over the centuries The first chapter explains how religions function as stories by which we live Following chapters trace answers to Jesus s question given by voices from major world religions Christianity Judaism Islam Hinduism and Buddhism The final chapter explores how the great religions view the ultimate fate of other believers

1 & 2 Chronicles August H. Konkel, 2016-02-23 Purity worship obedience and hope 1 2 Chronicles called the early Hebrew people to faithful practice of these things and they issue the same call to readers today As August H Konkel writes in the 30th commentary in the Believers Church Bible Commentary series the Chronicler provided a unifying vision of the community s rich traditions in an era of despondency and apathy Exile had robbed the people of Israel of their wealth and

their return to the land of Judah had created resentment with the surrounding peoples Struggling to maintain their faith amid intense social pressures the Hebrew people needed to look to their past for lessons for the present As two of the most overlooked books in the Christian canon 1 2 Chronicles are exemplary resources for those who seek to be the people of God today 1 2 Chronicles is the thirtieth volume in The Believers Church Bible Commentary Series Accessible to lay readers useful in preaching and pastoral care helpful for Bible study groups and Sunday school teachers and academically sound the commentary foregrounds an Anabaptist reading of Scripture Relying on a unique format that includes sections on The Text in Biblical Context and The Text in the Life of the Church the commentary series is a cooperative project of Brethren in Christ Church Brethren Church Church of the Brethren Mennonite Brethren Church Mennonite Church Canada and Mennonite Church USA Published for all who seek more fully to understand the original message of Scripture and its meaning for today the series is based on the conviction that God is still speaking to all who will listen and that the Holy Spirit makes the Word a living and authoritative guide for all who want to know and do God s will Their Rock Is Not Like Our Rock Daniel Strange,2015-02-03 The reality of the West s post Christendom multiethnic multicultural context has meant that more than ever Christians face questions posed not simply by the existence of other religions but also by their apparent flourishing If secularization is alive and well then so too is society s sacralization Hence a theology of religions is arguably the most significant concern confronting Christian mission and apologetics in the twenty first century There has been little evangelical theology offering a detailed comprehensive and biblically faithful analysis not only of the question of salvation but also questions of truth the nature and history of human religiosity and a host of other issues pertaining to Christian apologetics and contextualization amid religious pluralism In Their Rock is Not Like Our Rock lecturer and vice principal of Oak Hill College in London Daniel Strange explores these issues and offers the beginning of a theology of other religions The Creature Kameron Price,2012-03-24 This is a personal philosophy of an observer of the human condition It s a piece of futurism and a bit quixotic Permeating these pages are nullifications of human facets and mannerisms such as religion history art science and culture Such facts ideas and concepts have been synthesized from the archives of humanity to impart a thought provoking read The aim of this work is to revamp traditional thoughts along with the daily mindset of the every person *A World of Difference (Reasons to Believe)* Kenneth Richard Samples,2007-09-01 Recent Barna research indicates that less than one in ten evangelical Christians hold a biblical worldview *A World of Difference* seeks to change this disturbing fact by educating readers on how the Christian perspective is uniquely reasonable verifiable and liveable Author Kenneth Richard Samples faced a profound test of his own belief system during a personal life and death crisis In *A World of Difference* he uses nine distinct tests to compare the Christian worldview with current religious and philosophical competitors including Islam postmodernism naturalism and pantheistic monism Samples tackles tough issues through this in depth study of Christianity s history creed and philosophical basis An excellent resource for readers who want their view of
