Lost River On The Trail Of The Sarasvati:

The Lost River Michel Danino, 2010-03-12 The Indian subcontinent was the scene of dramatic upheavals a few thousand years ago The Northwest region entered an arid phase and erosion coupled with tectonic events played havoc with river courses One of them disappeared Celebrated as Sarasvati in the Rig Veda and the Mahabharata this river was rediscovered in the early nineteenth century through topographic explorations by British officials Recently geological and climatological studies have probed its evolution and disappearance while satellite imagery has traced the river's buried courses and isotope analyses have dated ancient waters still stored under the Thar Desert In the same Northwest the subcontinent's first urban society the Indus civilization flourished and declined But it was not watered by the Indus alone since Aurel Stein's expedition in the 1940s hundreds of Harappan sites have been identified in the now dry Sarasvati's basin The rich Harappan legacy in technologies arts and culture sowed the seeds of Indian civilization as we know it now Drawing from recent research in a wide range of disciplines this book discusses differing viewpoints and proposes a harmonious synthesis a fascinating tale of exploration that brings to life the vital role the lost river of the Indian desert played before its waters gurgled to a stop

The Lost River Michel Danino, 2010 The Indian subcontinent was the scene of dramatic upheavals a few thousand years ago The Northwest region entered an arid phase and erosion coupled with tectonic events played havoc with river courses One of them disappeared Celebrated as Sarasvati in the Rig Veda and the Mahabharata this river was rediscovered in the early nineteenth century through topographic explorations by British officials Recently geological and climatological studies have probed its evolution and disappearance while satellite imagery has traced the river's buried courses and isotope analyses have dated ancient waters still stored under the Thar Desert In the same Northwest the subcontinent's first urban society the Indus civilization flourished and declined But it was not watered by the Indus alone since Aurel Stein's expedition in the 1940s hundreds of Harappan sites have been identified in the now dry Sarasvati's basin The rich Harappan legacy in technologies arts and culture sowed the seeds of Indian civilization as we know it now Drawing from recent research in a wide range of disciplines this book discusses differing viewpoints and proposes a harmonious synthesis a fascinating tale of exploration that brings to life the vital role the lost river of the Indian desert played before its waters gurgled to a stop

Navigating Deep River Mark W. Dennis, Darren J. N. Middleton, 2020-04-01 An interdisciplinary dialogue with Sh saku End's last novel offering new perspectives on Japanese culture Christian doctrine Hindu spiritualities and Buddhist worldviews In *Navigating Deep River* Mark W. Dennis and Darren J. N. Middleton have curated a wide ranging discussion of Sh saku End's final novel *Deep River* in which four careworn Japanese tourists journey to India's holy Ganges in search of spiritual as well as existential renewal *Navigating Deep River* evaluates and probes End's decades long search to find the words to explain Transcendent Mystery the difficult tension between faith and doubt the purpose of spiritual journeys and the challenges posed by the reality of religious pluralism in an increasingly diverse world The contributors including Van C

Gessel who translated *Deep River* into English in 1994 offer an engaged and patient exploration of this major text in world fiction and this anthology promises to deepen academic appreciation for End within and beyond the West This volume contextualizes delineates and articulates the complex religious theological spiritual dimensions of *Deep River* and its rich intertextual interpersonal psychosocial and literary aspects There are few edited volumes in which so many experts focus on a single Japanese text in this sustained manner and this stands as a model of how to do so deftly and productively David C Stahl author of *Social Trauma Narrative Memory and Recovery in Japanese Literature and Film* *Atlantis in India* Riddick Dawson,2025-10-06 For thousands of years humanity has whispered of a world drowned beneath the sea a lost civilization whose wisdom seeded the cultures that followed Plato called it Atlantis The sages of India remembered it as Rutas Kumari Kandam and the flood of Manu Across continents the same story survives a high civilization destroyed by water its survivors rebuilding in distant lands *Atlantis in India* challenges everything we think we know about ancient history Drawing upon Vedic scripture Tamil epic archaeology and modern geology it reveals that the memory of Atlantis is not a Western legend but an Eastern inheritance preserved with unparalleled fidelity in India s sacred tradition Beneath the hymns of the Rig Veda the geometry of Vedic altars and the myth of Manu s ship lies a record of cataclysmic sea level rise at the end of the Ice Age an event now confirmed by oceanography and sediment science This groundbreaking work unites myth and data showing that the survivors of the drowned world carried their sciences eastward astronomy mathematics architecture and the moral philosophy of dharma the law of cosmic balance From the submerged ruins of Dwarka and Poompuhar to the enduring cosmology of the Vedas India emerges as the living heir of Atlantis the civilization that refused to vanish Sweeping in scope and rich in evidence *Atlantis in India* invites readers into the oldest story ever told the story of a world lost remembered and reborn It is both revelation and restoration the Atlantean record recovered through the voice of India **Ganges** Sudipta Sen,2019-01-08 A sweeping interdisciplinary history of the world s third largest river a potent symbol across South Asia and the Hindu diaspora Originating in the Himalayas and flowing into the Bay of Bengal the Ganges is India s most important and sacred river In this unprecedented work historian Sudipta Sen tells the story of the Ganges from the communities that arose on its banks to the merchants that navigated its waters and the way it came to occupy center stage in the history and culture of the subcontinent Sen begins his chronicle in prehistoric India tracing the river s first settlers its myths of origin in the Hindu tradition and its significance during the ascendancy of popular Buddhism In the following centuries Indian empires Central Asian regimes European merchants the British Empire and the Indian nation state all shaped the identity and ecology of the river Weaving together geography environmental politics and religious history Sen offers in this lavishly illustrated volume a remarkable portrait of one of the world s largest and most densely populated river basins **Communicating Across Boundaries** Ramesh N. Rao, Avinash Thombre,2021-12-13 India is a multifaceted multicultural nation with a rich tradition of ethnic religious linguistic social and cultural mores beliefs and practices What has allowed for such a rich

diversity of people and what have been the challenges to effective communication between and among these groups India is also Bharat and where does the twain meet between the imagined and the real India and the imagined and the real Bharat This book offers insights into understanding how we deal with difference how we perceive one another and what we do about religious caste and regional conflicts using the lens of communication studies It can be read by both intelligent and lay readers as well as students of communication culture and other social sciences Kamandalu Shrikala Warriar, 2014 Hindu theology views rivers as goddesses who confer blessings and spiritual purification and their release from the grip of the demon of drought is a recurring theme in the mythology India is a country blessed with many rivers but of these seven are considered to be particularly important Known collectively as Saptaganga Sapta Sindhu or Saptapurnanadi the Ganges Yamuna Sindhu Sarasvati Godavari Narmada and Kaveri rivers are invoked at the start of every ritual They weave through sacred narratives about gods sages and heroes and define the physical spiritual and cultural landscape of Bharatavarsha

Land of seven rivers Sanjeev Sanyal, 2012-11-15 DID THE GREAT FLOOD OF INDIAN LEGEND ACTUALLY HAPPEN WHY DID THE BUDDHA WALK TO SARNATH TO GIVE HIS FIRST SERMON HOW DID THE EUROPEANS MAP INDIA The history of any country begins with its geography With sparkling wit and intelligence Sanjeev Sanyal sets off to explore India and look at how the country's history was shaped by among other things its rivers mountains and cities Traversing remote mountain passes visiting ancient archaeological sites crossing rivers in shaky boats and immersing himself in old records and manuscripts he considers questions about Indian history that we rarely ask Why do Indians call their country Bharat How did the British build the railways across the subcontinent Why was the world's highest mountain named after George Everest Moving from the geological beginnings of the subcontinent to present day Gurgaon Land of the Seven Rivers is riveting wry and full of surprises It is the most entertaining history of India you will ever read **The Rig-Vedic and Post-Rig-Vedic Polity (1500 BCE-500 BCE)** R.U.S. Prasad, 2016-04-21 The book critically examines and assesses the literary evidence available through Vedic and allied literature portraying the nature of Vedic polity the functionalities of its various institutions and the various social and religious practices The book is not a narrative but critically examines the nature of changes in a host of these areas that occurred at each stage of Vedic polity from early Vedic period to post Rig Vedic period It outlines in historical perspective the various stages involved in the development of Vedic polity and Vedic canon and how the two processes have gone along together It contains extensive discussions on political system and institutions religious and social practices as they obtained during the Rig Vedic and post Rig Vedic periods It provides a fresh approach to the cult of sacrifice and fire rituals practiced by Vedic Aryans along with an in depth analysis of the Vedic view of Nationalism Sovereignty and State as discernible from Vedic texts The book also features an extensive discussion on the institution of kingship administrative machinery role of various entities in the polity including the Purohita the Sabha and the Samiti position of women Varna system and features of tribal kingdoms such as the Kuru Panchalas and Kosala Videhas Isolating

political and social aspects from the essentially religious character of Vedic literature an attempt has been made to show with due corroboration that the tribal polity was not deficient in political content contrary to the stance of some scholars to depict Vedic Aryans as apolitical and inward looking The present book partakes both the current and previous scholarship on the subject but breaks a new path with its exclusive focus on the Rig Vedic and Post Rig Vedic polity together with a balanced and objective assessment of their features It brings all the relevant and connected issues on to one platform and deals with them in a holistic manner Its unique features include The Vedic Grid a graphical representation and tabulations of the characteristics of each of the about 50 Vedic tribes including information on the location of their habitat their time line the names of their chieftains and their linkage with priestly clans A special focus on the Second Urbanization taking place in the Gangetic valley between the 6th and 4th centuries BCE It explains how towards the end of the later Vedic period the polity underwent a change in political social and economic spheres which blossomed later during the period of Mauryas Two appendices dealing with the theories of Aryan migration and the relationship of the Vedic Aryans with the Harappa culture and what can be ascertained by Vedic literature

Fluid Thoughts-Water Vinod D. Shah, Ph.D,2017-12-06 When you search for water on Google you get little less than 3 billion hits When you do the same thing with earth you get a little over 1 billion hits Rightfully so because water occupies nearly 75% of Earth's surface Perhaps no other substance comes near water Water is ubiquitous So why one more book on water Water is the best gift of nature to the world Water has been held in the highest esteem by humanity since times immemorial It not only satisfies the physical needs but also serves humanity with its unmanifested aspects There is a certain mystifying element in water Different facets to water such as Spirituality Divinity Philosophy and Aura play a significant role towards the satisfaction of mental and spiritual needs This book gives the reader food for thought on the various aspects of water

The Indian Rivers Dhruv Sen Singh,2017-12-30 The book presents geomorphological studies of the major river basins the Indus Ganga and Brahmaputra and their tributaries Besides major basins the book explores peninsular rivers and other rivers state by state All types of rivers i.e. snow fed rain fed and groundwater fed rivers are explained together in geological framework Rivers are lifeline and understanding of the rivers their dynamics science and socio economic aspect is very important However different sources provide different data base for rivers But a book which explains all major rivers of a country at a single place was not yet available This book is the first book of its kind in the world which provides expert opinion on all major rivers of a country like India This book complements works in these areas for the last two to three decades on major rivers of India by eminent professors and scientists from different universities IITs and Indian research institutions The information presented in the book would appeal to a wider readership from students teachers to researchers and planners engaged in developmental work and also to common people of the society concerned with awareness about rivers

Environment and Pollution in Colonial India Janine Wilhelm,2016-04-28 India is facing a river pollution crisis today The origins of this crisis are commonly traced back to post

Independence economic development and urbanisation This book in contrast shows that some important early roots of India's river pollution problem and in particular the pollution of the Ganges lie with British colonial policies on wastewater disposal during the late 19th and early 20th centuries Analysing the two cornerstones of colonial river pollution history during the late 19th and early 20th centuries the introduction of sewerage systems and the introduction of biological sewage treatment technologies in cities along the Ganges the author examines different controversies around the proposed and actual discharge of untreated treated sewage into the Ganges which involved officials on different administrative levels as well as the Indian public The analysis shows that the colonial state essentially ignored the problematic aspects of sewage disposal into rivers which were clearly evident from European experience Guided by colonial ideology and fiscal policy colonial officials supported the introduction of the cheapest available sewerage technologies which were technologies causing extensive pollution Thus policies on sewage disposal into the Ganges and other Indian rivers took on a definite shape around the turn of the 20th century and acquired certain enduring features that were to exert great negative influence on the future development of river pollution in India A well researched study on colonial river pollution history this book presents an innovative contribution to South Asian environmental history It is of interest to scholars working on colonial South Asian and environmental history and the colonial history of public health science and technology

The Ocean of Churn Sanjeev Sanyal, 2016-08-10 Much of human history has played itself out along the rim of the Indian Ocean In a first of its kind attempt bestselling author Sanjeev Sanyal tells the history of this significant region which stretches across East Africa the Middle East and the Indian subcontinent to South East Asia and Australia He narrates a fascinating tale about the earliest human migrations out of Africa and the great cities of Angkor and Vijayanagar medieval Arab empires and Chinese treasure fleets the rivalries of European colonial powers and a new dawn Sanjeev explores remote archaeological sites ancient inscriptions maritime trading networks and half forgotten oral histories to make exciting revelations In his inimitable style he draws upon existing and new evidence to challenge well established claims about famous historical characters and the flow of history Adventurers merchants explorers monks swashbuckling pirates revolutionaries and warrior princesses populate this colourful and multifaceted narrative The Ocean of Churn takes the reader on an amazing journey through medieval geopolitics and eyewitness accounts of long lost cities to the latest genetic discoveries about human origins bringing alive a region that has defined civilization from the very beginning

Glimpses of India Jaideva C. Goswami, 1970

Prehistoric River Saraswati, Western India K.S. Valdiya, 2016-09-10 This book portrays the Himalayan born River Saraswati a legendary river that was the lifeline of a progressive and vibrant society for more than three thousand years Written in simple language and richly illustrated it highlights the events that resulted in the robbing of the Saraswati of its water and the end of a wonderful culture The author weaves a geological narrative out of a mass of data generated by explorers archaeologists sedimentologists geohydrologist seismologists and remote sensing specialists The story explains

how a great Himalayan river disappeared and how the Harappan Civilization vanished from the banks of the river Saraswati more than three and half thousand years ago in the wake of tectonic upheavals in the foothills of the Himalaya at a time when the rainfall had drastically declined And it reveals that nowadays the Saraswati is an extraordinary wide water less channel coursing through the vast but dry floodplain in western India *Climate Change Governance and Adaptation* Anamika Barua,Vishal Narain,Sumit Vij,2018-08-29 Climate change adaptation in South Asia is redefining the roles of different actors in the governance processes The existing governance lack capacity knowledge and leadership skills to manage the uncertainties and challenges posed by climate change This book aims to explain how the governance of climate change adaptation and mitigation is being shaped in the region and how climate change is impacting upon the governance of natural resources Although the focus is on South Asia the editors draw a wide range of contributions from northern and southern communities and across various agro ecological contexts Climate Change Governance and Adaptation Case Studies from South Asia sees the changing climate not only as an environmental problem but as a societal challenge and discusses the governance challenges from an interdisciplinary social science perspective across different levels local state and national Discusses also the challenges and opportunities for increasing the resilience of the society through effective governance around climate change A top down approach to govern climate change adaptation may not yield desired outcomes instead the book emphasizes the need to integrate issues of equity into climate governance and policies The lessons learned from different cases across South Asia help readers have a better and deeper understanding of the relationships between governance and climate change Given the diversity of themes covered this book will appeal not only to researchers and practitioners in the climate change community but also to those with a broader interest in governance processes

Inscriptions of Nature Pratik Chakrabarti,2020-10-13 Learn how the deep history of nature became a dominant paradigm of historical thinking through a study of landscapes of India Winner of the BSHS Pickstone Prize by the British Society for the History of Science Shortlisted for the Pfizer Award for an Outstanding Book in the History of Science by the History of Science Society In the nineteenth century teams of men began digging the earth like never before Sometimes this digging often for sewage transport or minerals revealed human remains Other times archaeological excavation of ancient cities unearthed prehistoric fossils while excavations for irrigation canals revealed buried cities Concurrently geologists ethnologists archaeologists and missionaries were also digging into ancient texts and genealogies and delving into the lives and bodies of indigenous populations their myths legends and pasts One pursuit was intertwined with another in this encounter with the earth and its inhabitants past present and future In *Inscriptions of Nature* Pratik Chakrabarti argues that in both the real and the metaphorical digging of the earth the deep history of nature landscape and people became indelibly inscribed in the study and imagination of antiquity The first book to situate deep history as an expression of political economic and cultural power this volume shows that it is complicit in the European and colonial appropriation of global

nature commodities temporalities and myths The book also provides a new interpretation of the relationship between nature and history Arguing that the deep history of the earth became pervasive within historical imaginations of monuments communities and territories in the nineteenth century Chakrabarti studies these processes in the Indian subcontinent from the banks of the Yamuna and Ganga rivers to the Himalayas to the deep ravines and forests of central India He also examines associated themes of Hindu antiquarianism sacred geographies and tribal aboriginality Based on extensive archival research the book provides insights into state formation mining of natural resources and the creation of national topographies Driven by the geological imagination of India as well as its landscape people past and destiny *Inscriptions of Nature* reveals how human evolution myths aboriginality and colonial state formation fundamentally defined Indian antiquity Genre Fiction of New India E. Dawson Varughese, 2016-09-01 This book investigates fiction in English written within and published from India since 2000 in the genre of mythology inspired fiction in doing so it introduces the term Bharati Fantasy This volume is anchored in notions of the weird and thus some time is spent understanding this term linguistically historically *wyrd* as well as philosophically and most significantly socio culturally because reception is a key theme to this book's thesis The book studies the interface of science Hinduism and *itihasa* a term often translated as history within mythology inspired fiction in English from India and these are specifically examined through the lens of two overarching interests reader reception and the genre of weird fiction The book considers Indian and non Indian receptions to the body of mythology inspired fiction highlighting how English fiction from India has moved away from being identified as the traditional Indian postcolonial text Furthermore the book reveals broader findings in relation to identity and Indianness and India's post millennial society's interest in portraying and projecting ideas of India through its ancient cultures epic narratives and cultural Hindu figures

Bureaucratic Archaeology Ashish Avikunthak, 2022-02-03 Bureaucratic Archaeology is a multi faceted ethnography of quotidian practices of archaeology bureaucracy and science in postcolonial India concentrating on the workings of Archaeological Survey of India ASI This book uncovers an endemic link between micro practice of archaeology in the trenches of the ASI to the manufacture of archaeological knowledge wielded in the making of political and religious identity and summoned as indelible evidence in the juridical adjudication in the highest courts of India This book is a rare ethnography of the daily practice of a postcolonial bureaucracy from within rather than from the outside It meticulously uncovers the social cultural political and epistemological ecology of ASI archaeologists to show how postcolonial state assembles and produces knowledge This is the first book length monograph on the workings of archaeology in a non western world which meticulously shows how theory of archaeological practice deviates transforms and generates knowledge outside the Euro American epistemological tradition **Saraswati** Gurnaik Johal, 2025-06-12 AN INDEPENDENT BEST BOOK OF 2025 A GUARDIAN BOOK TO LOOK FORWARD TO As a holy river returns seven lives change course in this masterpiece debut for fans of David Mitchell Zadie Smith and Eleanor Catton Saraswati most certainly delivers darting thrillerishly

around the world to fold chewy themes of empire populism and global warming into a cross generational epic centred on seven strangers OBSERVER Best New Novelists for 2025 Saraswati is a major achievement and Johal a huge talent This should be one of the biggest novels of the year Martin MacInnes Booker longlisted author of In Ascension Centuries ago the myths say the holy river Saraswati flowed through what is now Northern India But when Satnam arrives in his ancestral village for his grandmother s funeral he is astonished to find water in the long dry well behind her house The discovery sets in motion a contentious scheme to unearth the lost river and build a gleaming new city on its banks and Satnam adrift from his job girlfriend and flat back in London soon finds himself swept up in this ferment of Hindu nationalist pride As the river alters Satnam s course so it reveals buried ties to six distant relatives scattered across the globe from an ambitious writer with her eye on legacy to a Kenyan archaeologist to a Bollywood stunt double who are brought together in a rapidly changing India Brimming with love lush violence and loss Gurnaik Johal s magisterial debut deftly animates the passions that bind us to our histories our lands and each other
