Glock Paul M. Barrett,2013-01-15 The Glock pistol is America s Gun It has been rhapsodized by hip hop artists and coveted by cops and crooks alike Created in 1982 by Gaston Glock the pistol arrived in America at a fortuitous time Law enforcement agencies had concluded that their agents and officers armed with standard six round revolvers were getting outgunned by drug dealers with semi automatic pistols they needed a new gun With its lightweight plastic frame and large capacity spring action magazine the Glock was the gun of the future You could drop it underwater toss it from a helicopter or leave it out in the snow and it would still fire It was reliable accurate lightweight and cheaper to produce than Smith and Wesson s revolver Filled with corporate intrigue political maneuvering Hollywood glitz bloody shoot outs and an attempt on Gaston Glock s life by a former lieutenant Glock is not only the inside account of how Glock the company went about marketing its pistol to police agencies and later the public but also a compelling chronicle of the evolution of gun culture in America

A Philosophy of Gun Violence Alan J. Reid, 2022-08-20. This book uses a philosophy of technology to demonstrate that guns are predisposed for an intentional use, making them inherently non-neutral artifacts. This argument rejects the often-cited value-neutral thesis and instrumentalist view that guns don't kill people; people kill people, and instead explains the lethality of the gun through the lenses of affordance theory, behavioral design, and choice architecture. Ultimately, this book proposes an ethical and value-sensitive model for gun reform which embodies the perspective of French philosopher Bruno Latour, who said, "You are different with a gun in your hand; the gun is different with you holding it."

Proof of Life Jack R. Sparacino, 2022-04-05. Proof of Life takes a wide-angle view of a term that is usually limited to kidnapping cases involving potential ransom payments. The author uses that narrow definition as a launching point to explore many other ways in which we all know that we are indeed alive and experiencing life to its fullest.
