The Great and Holy War Philip Jenkins,2014-06-20 The Great and Holy War offers the first look at how religion created and prolonged the First World War and the lasting impact it had on Christianity and world religions more extensively in the century that followed The war was fought by the world s leading Christian nations who presented the conflict as a holy war A steady stream of patriotic and militaristic rhetoric was served to an unprecedented audience using language that spoke of holy war and crusade of apocalypse and Armageddon But this rhetoric was not mere state propaganda Philip Jenkins reveals how the widespread belief in angels apparitions and the supernatural was a driving force throughout the war and shaped all three of the Abrahamic religions Christianity Judaism and Islam paving the way for modern views of religion and violence The disappointed hopes and moral compromises that followed the war also shaped the political climate of the rest of the century giving rise to such phenomena as Nazism totalitarianism and communism Connecting remarkable incidents and characters from Karl Barth to Carl Jung the Christmas Truce to the Armenian Genocide

Jenkins creates a powerful and persuasive narrative that brings together global politics history and spiritual crisis We cannot understand our present religious political and cultural climate without understanding the dramatic changes initiated by the First World War The war created the world s religious map as we know it today *The Battle for Christendom* Frank Welsh,2008-09-04 The fifteenth century Council of Constance ends the Catholic Church s papal schism and sets Europe on its path to the Renaissance in this in depth history At the dawn of the fifteenth century the Ottoman Empire posed an existential threat to Christian Europe Meanwhile the Catholic Church was in chaos with three Popes claiming the Chair of Saint Peter and dangerous stirrings of reform In an attempt to save the Christian world Emperor Sigismund of the Holy Roman Empire called the nations of Europe together for a conference at Constance beside the Rhine In *The Battle for Christendom* historian Frank Welsh demonstrates that the 1414 Council of Constance was one of the most pivotal events in European history The last event of the medieval world the months of fierce debate and political maneuvering heralded the dawn of the Renaissance and the rise of humanism Yet it would also bring about darker events as the first moments of the Protestant Reformation began with the burning of the Czech divine Jan Hus The story rises to a climax on the battlements of Constantinople in 1453 where despite all of Sigismund s attempts to repel the Ottomans the East rose up once more In Welsh s lively retelling *The Battle for Christendom* is an enthralling history that holds lessons for our own times of international turmoil [TLA Video & DVD Guide 2005](#) David Bleiler,2025-06-25 The TLA Video and DVD Guide 2005 is the absolutely indispensable guide to worthwhile cinema It includes over 10 000 entries on the best of film and video that a real film lover might actually want to see Unlike some of the other mass market guides that tend to be clogged with unenlightening entries on even more unenlightening films TLA focuses on independent foreign and the best of Hollywood to bring the cineaste an opinionated guide that is both fun and useful The guide includes Reviews of more than 10 000 films Four detailed indexes by star directory country of origin and theme More than 300 photos throughout A listing of all the major film awards of the past quarter century as well as TLA Bests and recommended films A comprehensive selection of cinema from more than 50 countries Now published annually the TLA Video and DVD Guide is one of the most respected guides from one of the finest names in video retailing perfect for anyone with an eclectic taste in cinema *Facts Need Not Be In Evidence* Craig Boulton,2005 Illinois congressman Henry Hyde once remarked that after reading Eleanor Roosevelt s editorials in the 1950s he was driven into the embrace of the Republican Party Similarly all the liberal talking heads appearing on the cable news channels have driven this longstanding Goldwater Republican to write a response In it the author describes Republican Values from the perspective of growing up in an entrepreneurial family and his own self employment in the financial industry Drawing on his experiences as a Navy Midshipman while attending a private Eastern University during the turbulent 1960s and then as a Marine combat officer during the Vietnam Era when domestic terrorism was in vogue he discusses the politically correct s childish behavior from that unique perspective As a former professional military officer and later a

trained economist and financial analyst who spent three decades successfully anticipating the impact of public policy on the financial markets the author addresses issues dominating the election of 2004 This includes the politically correct's failure to understand the war on terror understanding that their rhetoric can best be understood from the perspective of what Stalin called social fascism with the accompanying need to demonize one's opposition

History of the Literary Cultures of East-Central Europe Marcel Cornis-Pope, John Neubauer, 2010-09-29 Types and stereotypes is the fourth and last volume of a path breaking multinational literary history that incorporates innovative features relevant to the writing of literary history in general Instead of offering a traditional chronological narrative of the period 1800-1989 the *History of the Literary Cultures of East Central Europe* approaches the region's literatures from five complementary angles focusing on literature's participation in and reaction to key political events literary periods and genres the literatures of cities and sub regions literary institutions and figures of representation The main objective of the project is to challenge the self enclosure of national literatures in traditional literary histories to contextualize them in a regional perspective and to recover individual works writers and minority literatures that national histories have marginalized or ignored Types and stereotypes brings together articles that rethink the figures of National Poets figurations of the Family Women Outlaws and Others as well as figures of Trauma and Mediation As in the previous three volumes the historical and imaginary figures discussed here constantly change and readjust to new political and social conditions An Epilogue complements the basic history focusing on the contradictory transformations of East Central European literary cultures after 1989 This volume will be of interest to the region's literary historians to students and teachers of comparative literature to cultural historians and to the general public interested in exploring the literatures of a rich and resourceful cultural region

Bloody Nations Dr Cherry Bradshaw, 2013-03-28 The dominance of nationalism as ideology and the resurgence of nationalist and ethnic conflict since the end of the Cold War both demand further analysis of the complex interplay between nation state sovereignty and self determination Contrary to many commentators who regard nationalism today merely as an atavistic counter modernist experience Cherry Bradshaw places the phenomenon of nationalism squarely within the continuing Enlightenment project and brings together political theory history anthropology and international relations in order to investigate the appeal and the dangers of nationalism in contemporary world politics This is critical reading for those interested in ethics political theory and philosophy human rights and political sociology

Musical Messenger, 1920 Memory and Power in Post-War Europe Jan-Werner Müller, 2002-08-29 How has memory collective and individual influenced European politics after the Second World War and after 1989 in particular How has the past been used in domestic struggles for power and how have historical lessons been applied in foreign policy While there is now a burgeoning field of social and cultural memory studies mostly focused on commemorations and monuments this volume is the first to examine the connection between memory and politics directly It investigates how memory is officially recast personally reworked and often violently re-instilled after wars

and above all the ways memory shapes present power constellations The chapters combine theoretical innovation in their approach to the study of memory with deeply historical empirically based case studies of major European countries The volume concludes with reflections on the ethics of memory and the politics of truth justice and forgetting after 1945 and 1989 The Athenaeum, 1917 *Music in Print Master Composer Index*, 1988 emusicquest, 1989 The Last Lion: Volume 1 William Manchester, 2012-11-06 The first volume in William Manchester's masterful magnum opus account of Winston Churchill's life The Last Lion Visions of Glory follows the first fifty eight years of Churchill's life the years that mold him into the man who will become one of the most influential politicians of the twentieth century In this the first volume Manchester follows Churchill from his birth to 1932 when he began to warn against the re militarization of Germany Born of an American mother and the gifted but unstable son of a duke his childhood was one of wretched neglect He sought glory on the battlefields of Cuba Sudan India South Africa and the trenches of France In Parliament he was the prime force behind the creation of Iraq and Jordan laid the groundwork for the birth of Israel and negotiated the independence of the Irish Free State Yet as Chancellor of the Exchequer he plunged England into economic crisis and his fruitless attempt to suppress Gandhi's quest for Indian independence brought political chaos to Britain Throughout Churchill learned the lessons that would prepare him for the storm to come and as the 1930's began he readied himself for the coming battle against Nazism an evil the world had never before seen **The CEO of the Sofa** P. J. O'Rourke, 2018-09-01 Experience a year in the life of a cranky couch potato also known as the funniest writer in America The Wall Street Journal Touching on topics from technological change to the United Nations this is a chronicle of the day to day home life and frequent harangues of a New York Times bestselling humorist Over the course of the year in between rants he does occasionally leave the sofa and embark on exotic adventures including a blind drunk wine tasting with Christopher Buckley and a Motel 6 where he has twenty eight channels and a bathroom to himself As readers of Parliament of Whores Give War a Chance and his other bestsellers know P J O'Rourke takes no prisoners though he may take a few naps An entertaining and engaging read Associated Press A wide angled worldview from his own living room his salon of sarcasm He introduces readers to his assistant friends family and smart aleck babysitter His vitriolic wit is couched in humor that elicits the gamut from giggles to guffaws Publishers Weekly **Music in Print Master Composer Index**, 1989 **The Balkans in Transition** Charles Jelavich, Barbara Jelavich, University of California. Center for Slavic and East European Studies, **The Red Cross Courier**, 1936 Balkan Identities Maria Todorova, 2004-04 Balkan Identities brings together historians anthropologists and literary scholars all working under the shared conviction that the only way to overcome history is to intimately understand it The contributors of Balkan Identities focus on historical memory collective national memory and the political manipulation of national identities They refine our understanding of memory and identity in general and explore and assess the significance of particular manifestations of Balkan national identities and national memories in the region The essays in Balkan Identities grapple with

three major problems the construction of historical memory sites of national memory and the mobilization of national identities While most essays focus on a single country e g Croatia Romania Turkey Cyprus Albania Serbia Bulgaria Greece Macedonia they are in dialogue with each other and share an opposition to rigid isolationist identities Illuminating and challenging Balkan Identities demonstrates the ever changing nature of a troubled and culturally vibrant region
