Age Children and Adolescents Second Edition takes readers on a path of knowledge steeped in principles and practical  
applications Integrating language learning and disorders and literacy together in a coherent and cohesive narrative it covers  
the challenges facing school age students from early elementary levels through high school Using past and current research  
and interventions from speech language pathology SLP and reading and literacy arenas the authors present transcripts cases  
and detailed intervention sessions to provide a template for daily practice The text raises questions relating to why am I  
doing this and provides some answers to this most complex yet basic question The text has four major goals 1 to encourage  
readers to evaluate past and current clinical and educational practices in language intervention at school age levels 2 to  
present intervention goals and activities that are theoretically sound but may require further research scrutiny 3 to explore  
aspects of curriculum relevant language intervention for students with language learning disabilities 4 to provide guidelines  
for school based practitioners that clarify how professionals with diverse backgrounds and roles share responsibility in  
language literacy and academic programming While taking a strong language language disorders perspective the text would  
be a useful resource for teachers and other specialists who share students with language learning disabilities LLD with their  
school based speech language pathologists SLPs New to the Second Edition A new chapter Application Activities to Stretch  
Your Knowledge includes problems with possible answers and rationales that review significant concepts in language and  
literacy with a focus on adolescents A roadmap to scenarios and reports and key information at the beginning of the text
