Deep extensive or infected wounds may not heal on their own and require surgical removal of damaged skin and tissue. Reconstructive surgery can be done bringing in new tissue or skin resulting in a modified or renewed appearance. Yet even with the best surgery a faint scar will be detectable. Scientific research has yet to find a way of complete wound healing or tissue regeneration without leaving a scar. God in His infinite wisdom designed the human body in this way for a reason. Similarly healed emotional wounds also leave scars as shown in this book. Often in this life the past gets in the way of the future. Deep emotional scars can be difficult to deal with. However unless the root cause is dealt with or removed true progress cannot be made.

us to be How can we keep from conforming to the world's mold Only as we spend much time alone in God's presence as we come aside each day setting our hearts on things above seeking God's face and His will Sarah and Patti have created a guide so that each Christian woman can pray Using Encouraging Words Handling My Emotions Dealing with Expectations Opening My Heart to Others Growing Spiritually Seeking God's Guidance in My Daily Life Enriching My Relationships Growing Through Life's Seasons Expanding My World New Beginnings **Journaling with Jesus** Carol Round,2012-01-26
