Carter, 2015-05-10 An assessment of Trinitarian thought in the two hundred year old Stone Campbell Movement including suggestions for ways in which the renewal of Trinitarian doctrine can revitalize the church s life and mission Throughout its history the Stone Campbell Movement has noticeably neglected Trinitarian doctrine prohibiting a biblical understanding of God as Trinity from significantly impacting the movement s churches This book attempts to rectify this weakness in three ways First a focus on the Trinitarian positions of Thomas Campbell Alexander Campbell and Barton W Stone sheds new light on the early shapers of the movement Second the book lays out specific ways in which the movement would benefit by a biblically grounded Trinitarianism and the contributions of contemporary trinitarian theologians And third it presents a plan for the advancement of biblical Trinitarian doctrine among Stone Campbell churches Significant contributions of this study include the most thorough examination to date of Trinitarian doctrine in Stone Campbell thought an original presentation of the historical theology that stands behind the Trinitarian positions of Thomas Campbell Alexander Campbell and Barton W Stone and a fresh proposal regarding the roots of Barton Stone s quasi Arianism A General Introduction to the Sacred Scriptures; in a Serie of Dissertations, Critical, Hermeneutical and Historical Joseph Dixon, 2025-08-29 Reprint of the original first published in 1875 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **What the Bible Says About God the Creator** Jack Cottrell, 2000-10-24 *The Dark Side of Discipleship* Gary Tyra, 2020-10-21 There s a dark side to Christian discipleship church members ignore to their peril The New Testament has much to say about why and how Christ s

Constructing a Mediating Theology J. D. Kim,2022-11-16 How does an almighty and all loving God respond to his beloved human creatures who are made in his image and yet implicated in sin and suffering What is the origin of human suffering Is it sin or the limitations of human beings Is God moved by our suffering If he sympathizes and co suffers with us can he deliver us out of our miseries Thousands and perhaps millions of people have asked these questions and are searching desperately for their answers Two major views have been advanced in the history of Christian theology to describe God s response to the suffering of the world divine impassibility and divine passibility More recently a third mediating position

between impassibilism and passibilism has arisen which affirms both the impassibility and the passibility of God This position can be identified as modified classical theism an approach that grasps the perfect and relational nature of God Following this mediating position this book sets out its own constructive understanding of a mediating position with the help of a new way of understanding the way in which the eternal actions and corresponding passions of the divine persons condition one another the dynamic reciprocity model
