God Is Impassible And Impassioned Toward A Theology Of Divine Emotion:

God Is Impassible and Impassioned Rob Lister, 2012-11-30 Modern theologians are focused on the doctrine of divine impassibility exploring the significance of God's emotional experience and most especially the question of divine suffering Professor Rob Lister speaks into the issue outlining the history of the doctrine in the views of influential figures such as Augustine Aquinas and Luther while carefully examining modernity's growing rejection of impassibility and the subsequent evangelical response With an eye toward holistic synthesis this book proposes a theological model based upon fresh insights into the historical biblical and theological dimensions of this important doctrine *Systematic Theology, Second Edition* Wayne A. Grudem, 2020-12-08 This new edition of Systematic Theology by Wayne Grudem is one of the most important resources for helping you understand Scripture and grow as a Christian The most widely used resource of the last 25 years in its area Systematic Theology has been thoroughly revised and expanded for the first time while retaining the features that have made it the standard in its field clear explanations an emphasis on each doctrine's scriptural basis and practical applications to daily life With nearly 250 pages of new content and revisions this new edition now includes the following distinctive features Updated analysis of recent controversies within evangelical theology including the eternal relationship between the Father and the Son in the Trinity the role of women in the church miraculous gifts of the Holy Spirit and contemporary worship music New discussion and critiques of recent theological controversies situated outside of traditional evangelical theology such as open theism the new perspective on Paul Molinism or middle knowledge Free Grace theology and the preterist view of Christ's second coming Completely revised chapter on the clarity of Scripture Completely revised chapter on creation and evolution including a longer critique of theistic evolution and an extensive discussion on the age of the earth New discussion of how biblical inerrancy applies to some specific problem verses in the Gospels Additional material explaining evangelical Protestant differences with Roman Catholicism Protestant liberalism and Mormonism Completely updated bibliographies All Scripture quotations updated from RSV to ESV Updated section on contemporary worship music Numerous other updates and corrections Part of the brilliance of Systematic Theology has been its simplicity and ease of use Each chapter follows the same structure discussion of the doctrine being considered an explanation of that doctrine's biblical support and possible objections followed by personal application and key terms to know for personal growth Chapters also include a Scripture memory passage references to other literature on the topic and suggested hymns and worship songs If you think theology is hard to understand or boring then this new edition of Systematic Theology will change your mind

The One Creator God in Thomas Aquinas and Contemporary Theology Michael J. Dodds, OP, 2020-08-21 This book provides a fundamental introduction to Aquinas's theology of the One Creator God Aimed at making that thought accessible to contemporary audiences it gives a basic explanation of his theology while showing its compatibility with contemporary science and its relevance to current theological issues Opening with a brief account of Aquinas's life it then describes the

purpose and nature of the Summa Theologica and gives a short review of current varieties of Thomism Without neglecting other works it then focuses primarily on the discussion of the One God in the first part of the Summa Theologica God's transcendence and immanence is a recurrent theme in that discussion Evidence of God's immanent causality in the natural world grounds Aquinas's five arguments for the existence of God the Five Ways which then open onto God's transcendence The subsequent discussion of the divine attributes builds on the modes of God's causality established in the Five Ways It also shows the need for a language of analogy to preserve God's transcendence and prevent us from reducing God to the level of creatures even as qualities such as goodness and love which we first know from creatures are applied to God The discussion of God's providence and governance establishes that the transcendent Creator God is most intimately present in creation God acts in all creatures in a way that does not diminish their proper causality but is rather its source As there is no contradiction between God's transcendence and immanence so there is no competition between the primary causality of God and the secondary causality of creatures Empirical science which is limited by its method to the secondary causality of creatures is shown to be compatible with the broader discipline of theology which also embraces the primary causality of the Creator

Puritans Including Thomas Goodwin Richard Sibbes John Bunyan John Owen and others Provides a Unique Perspective
Confronts readers typical thoughts on God s heart Scripture Based Explores passages throughout the whole Bible to get a full picture of God s heart for sinners Divine Suffering Andrew J. Schmutzer,2023-02-22 Divine Suffering is an interdisciplinary study that draws from systematics philosophy biblical theology and pastoral experience In addition to covering topics like the suffering of the Father in the Son and God s cruciform vulnerability this book also explores how divine suffering animates the Christian gospel and resonates in the ongoing persecution of believers The study of the suffering God has everything to do with Theology History and Church Mission Like exploring a cathedral from all its entrances both scholars and seekers will find ample opportunity for theological challenge biblical insight and missional hope To accomplish this both Scripture and doctrine are closely investigated Today divine suffering must face the contemporary realities of protest atheism escalating wars new studies in relational theology and dialogical personhood that presses the need to explain a Christian message about the kind of God who is not only transcendent but also personal Divine Suffering introduces us to the history of God not just the God of history In this study we meet a God available to our pain though not diminished by it Mounting forms of grief need to be met with an equally pastoral understanding that validates suffering without valorizing it

Divine Impassibility Robert J. Matz,A. Chadwick Thornhill,2019-08-13 Does God suffer Does God experience emotions Does God change This Spectrum Multiview volume brings together four theologians who make a case for their own view ranging from a traditional affirmation of divine impassibility the idea that God does not suffer to the position that God is necessarily and intimately affected by creation and then each contributor responds to the others views *Are Christians Mormon?* David L. Paulsen, Hal R. Boyd,2017-05-08 In the past scholars and others have asked whether Mormons are Christian This work reverses the question by asking are Christians Mormon By identifying Mormon doctrines formerly considered heretical and documenting how these doctrines have gained increasing acceptance within mainstream Christian theologies the work presents some surprising insights In chapters focusing on subjects such as deification the divine feminine and the reopening of the scriptural canon among others the book sets out Joseph Smith s teachings on these ideas summarizes the criticisms of those positions and examines trends in contemporary Christian theology that significantly converge in Joseph s direction Exploring the convergence of contemporary Christian theology with Mormon doctrines this book will appeal to a broad range of students and readers exploring Christian theology and the Latter day Saint tradition

Wellum,2024-02-15 Stephen Wellum s Systematic Theology Volume One is a Trinitarian reformational and baptistic systematic theology committed to serious evangelical engagement with the Scriptures Building on decades of research Wellum formulates doctrine exegetically covenantally and canonically for a new generation of students pastors church leaders and seasoned theologians as well Christian Fruit--Jewish Root John D. Garr,2015-04-13 Christian Fruit Jewish Root is an in depth scholarly examination of the Hebraic foundations of the major tenets and practices

of Christianity This volume confirms the truth that the inherent Jewishness of the Christian faith is simply an undeniable historical and theological fact By evaluating Christian doctrine and polity through the Jewish mindset of Jesus and the apostles this book uncovers a veritable treasure of Hebraic truth For every authentic Christian fruit there is a Jewish toot This truth is demonstrated across a wide spectrum of theological truth including Scripture Messiah Salvation Faith Baptism Gospel Grace and Discipleship Christianity owes a profound debt of gratitude to the Jewish people and to biblical and Second Temple Judaism for the foundations of the truths and practices that it hold dear As you read this challenging informative and inspirational book you will be amazed at just how Jewish Christianity the other Jewish religion actually is **The Humility**

of the Eternal Son Bruce Lindley McCormack, 2021-09-16 This book is the first thoroughly Reformed version of kenotic Christology It has the virtue of overcoming from within the logical aporia created by the Chalcedonian Definition without abandoning that Definition *The Death of Classical Theism and the Subsequent Rise of Atheism* Shane Himes, 2025-03-18 Modernity has seen the rise of atheism and a rejection of classical theism In this book Shane Himes argues that the two realities are largely dependent on one another Many modern Christian apologists are not fond of classical doctrines such as divine simplicity and impassibility and thus they happily reject these ideas The ramifications of doing so however have not been fully appreciated especially as they relate to Christian arguments for God's existence Himes gives an overview of the arguments for God's existence by examining the work of both scholars who reject classical theism and those who embrace it An analysis of these arguments demonstrates that modern models of God make his existence a mere possibility as opposed to a logical necessity As such the arguments given by these scholars leave them susceptible to atheist critiques given that they do not answer the question of why anything exists Without classical theism God becomes one possible answer as to why our particular universe exists the way that it does but apparently this has not been convincing to many as atheism has seen an unprecedented rise in the last two centuries Paradoxically if Christianity is to become dominant once again in academia and Western societies more generally a recovery of classical depictions of God as the ground of all being is paramount

Mormonism and the Emotions Mauro Properzi, 2015-05-21 Mormonism and the Emotions An Analysis of LDS Scriptural Texts is an introductory Latterday Saint LDS theology of emotion that is both canonically based and scientifically informed It highlights three widely accepted characteristics of emotion that emerge from scientific perspectives namely the necessity of cognition for its emergence the personal responsibility attached to its manifestations and its instrumentality in facilitating various processes of human development and experience In analyzing the basic theological structure of Mormonism and its unique canonical texts the objective is to determine the extent to which LDS theology is compatible with this three fold definition of emotion At this basic level of explanation the conclusion is that science and Mormon theology undoubtedly share a common perspective The textual investigation focuses on unique Mormon scriptures and on their descriptions of six common emotions hope fear joy sorrow love and hate For each of these emotional phenomena the extensive report of textual

references consistently confirms an implied presence of the outlined three fold model of emotion Thus the evidence points to the presence of an underlying folk model of emotion in the text that broadly matches scientific definitions Additionally the theological examination is enlarged with a particular focus on the Mormon theology of atonement which is shown to play a significant role in LDS understandings of emotions A broad exploration of such areas as epistemology cosmology soteriology and the theological anthropology of Mormonism further contextualizes the analysis and roots it in the LDS theological worldview

A Classical Response to Relational Theism Brian J. Orr, 2022-02-17 The classical doctrine of God expresses that the God of the Bible is triune a se simple immutable impassible eternal and the sovereign Lord over his creation which he created from himself Modern streams of theology within the evangelical circle continue to promote a doctrine of God that sharply contrasts the classical view the traditional view of God in Christian theism Therefore a critical response to such a theology is needed This study is a comprehensive analysis and sustained critique of Thomas Jay Oord s open relational doctrine of God Oord s model substitutes process metaphysics for classical metaphysics while attempting to retain foundational Christian doctrines that were established within a classical metaphysical framework

Contemplating God with the Great Tradition Craig A. Carter, 2021-04-20 Southwestern Journal of Theology 2021 Book of the Year Award Theological Studies 2021 Book Award The Gospel Coalition Honorable Mention Academic Theology Following his well received *Interpreting Scripture with the Great Tradition* Craig Carter presents the biblical and theological foundations of trinitarian classical theism Carter a leading Christian theologian known for his provocative defenses of classical approaches to doctrine critiques the recent trend toward modifying or rejecting classical theism in favor of modern relational understandings of God The book includes a short history of trinitarian theology from its patristic origins to the modern period and a concluding appendix provides a brief summary of classical trinitarian theology Foreword by Carl R Trueman

Explorations in Interdisciplinary Reading Robbie F. Castleman, Darian R. Lockett, Stephen O. Presley, 2017-05-31 The tension between reading Scripture as primarily a historically situated text on one hand and binding canon addressed to a community of faith on the other constitutes a crucial issue for biblical interpretation Considering the ways the disciplines of Biblical Studies Biblical Theology Patristics and Systematic Theology approach Scripture and biblical interpretation the Biblical Theology Hermeneutics and Theological Disciplines study group within the Institute of Biblical Research established a four year project aimed at clarifying the relationships between these diverse lines of inquiry into scriptural interpretation found in each of these disciplines The goal of this project was to foster a sustained discussion where exploratory papers might be proposed composed and rewritten for final form using a collaborative process This research project and the present volume resulting from it offers valuable insights into the integration of Biblical Studies and Theology as subdisciplines within the academy The essays collected here fall naturally into the following sections Exegetical Explorations Reception Historical Explorations and finally Theological Practical Explorations

Edinburgh Critical History of Nineteenth-Century Christian

Theology Daniel Whistler,2017-09-08 Offers a new understanding of empathy and its relation to medicine and literature

Intimately Forsaken Thomas Brand,2024-11-27 The book offers a new Trinitarian and Christological reading of Christ's cry of dereliction that is grounded in historic orthodoxy Arguing for an interpretation of the cry in relation to the communication of idioms in Christology and the modal distinction between person and nature in Trinitarian theology the book draws from a broad range of Patristic Scholastic and Reformed sources This work is a must for scholars of Christian theology

T&T Clark Handbook of Suffering and the Problem of Evil Matthias Grebe,Johannes Grössl,2023-07-13 This wide ranging work provides an extensive exploration of the theology of theodicy asking questions such as should all instances of suffering necessarily be understood as evil Why would an omnipotent and benevolent God allow or perpetrate evil Is God unable or unwilling to reduce human and non human suffering on Earth Does humanity have the capacity to exercise a moral evaluation of God's motives and intentions Conventional disciplinary boundaries have tended to separate theological approaches to these questions from philosophical ones This volume aims to overcome these boundaries by including biblical Part I historical Part II doctrinal Part III philosophical Part IV and pastoral interreligious perspectives and alternative intersections Part V on theodicy Authors include thinkers from analytic and continental traditions multiple Christian denominations and other religions and both established and younger scholars providing a full variety of approaches What unites the essays is an attempt to answer these questions from the perspective of biblical testimony historical scholarship modern theological and philosophical thinking about the concept of God non Christian religions science and the arts The result is a combination of in depth analysis and breadth of scope making this a benchmark work for further studies in the theology of suffering and evil

The Dialectics of Mission Elmer A. Guzman,2023-09-15 Drawing on the resources of contemporary systematic theologians Kevin Vanhoozer and Veli Matti Kärkkäinen Elmer A Guzman explores the generative dimension of mission for the formation of doctrine for a church that needs to witness in a pluralistic world Guzman argues that understanding doctrinal formation and development depends on the missional dimension of doctrinal hermeneutics In other words these theological concepts and practices are justified based on the negotiation between theological sources identity markers and the context's diversity markers This book shows how perspectives arising from the structural elements in theological methodology shed fresh light on missional theology and the interconnections between the doctrinal loci in theology
