Gods Gays And Guns Essays On Religion And The Future Of Democracy:

Gods, Gays, and Guns Osagyefo Uhuru Sekou, 2017-08-31 Democracy and god have failed captures the spirit of this provocative collection of essays Arguing that the religion must be used for the expansion of democracy Gods Gays and Guns takes up the topics of gay marriage economic justice and social movements Written in Parisian cafes London s ghettos and the aftermath of Haiti s earthquake and post Katrina New Orleans Gods Gays and Guns is a spiritual tour de force revealing a crisis of faith in religion and democracy With an unflinching pen Rev Osagyefo Sekou challenges the reader to rethink the meaning of the role of religion in our global democracy **Revives My Soul Again** Lewis V. Baldwin, Victor

Anderson, 2018-11-01 MLK and the Practice of Spirituality The scholarship on Martin Luther King Jr is seriously lacking in terms of richly nuanced and revelatory treatments of his spirituality and spiritual life This book addresses this neglect by focusing on King s life as a paradigm of a deep vital engaging balanced and contagious spirituality It shows that the essence of the person King was lies in the quality of his own spiritual journey and how that translated into not only a personal devotional life of prayer meditation and fasting but also a public ministry that involved the uplift and empowerment of humanity Much attention is devoted to King s spiritual leadership to his sense of the civil rights movement as a spiritual movement and to his efforts to rescue humanity from what he termed a perpetual death of the spirit Readers encounter a figure who took seriously the personal interpersonal and sociopolitical aspects of the Christian faith thereby figuring prominently in recasting the very definition of spirituality in his time King s holistic spirituality is presented here with a clarity and power fresh for our own generation *Moved by the Spirit* Emilie M. Townes, Christophe D. Ringer, Teresa L.

Smallwood, 2023-03-27 Moved by the Spirit Religion and the Movement for Black Lives explores the religious and theological significance of the Black Lives Matter Movement The volume argues for engaging the complex ways religion is present in the movement as well as how the movement is changing religion The contributors analyze this relationship from a variety of religious and theological perspectives on public protest the meaning of freedom Black humanity the arts and practices of Black religious culture and the transformation of Black religious communities The volume reveals that the Movement for Black Lives is changing our understanding of religious experience and communities **#identity** Abigail De Kosnik, Keith

Feldman, 2019-04-23 Since its launch in 2006 Twitter has served as a major platform for political performance social justice activism and large scale public debates over race ethnicity gender sexuality and nationality It has empowered minoritarian groups to organize protests articulate often underrepresented perspectives and form community It has also spread hashtags that have been used to bully and silence women people of color and LGBTQ people identity is among the first scholarly books to address the positive and negative effects of Twitter on our contemporary world Hailing from diverse scholarly fields all contributors are affiliated with The Color of New Media a scholarly collective based at the University of California Berkeley The Color of New Media explores the intersections of new media studies critical race theory gender and women s studies and

postcolonial studies The essays in identity consider topics such as the social justice movements organized through BlackLivesMatter Ferguson and SayHerName the controversies around WhyIStayed and CancelColbert Twitter use in India and Africa the integration of hashtags such as nohomo and onfleek that have become part of everyday online vernacular and other ways in which Twitter has been used by for and against women people of color LGBTQ and Global South communities Collectively the essays in this volume offer a critically interdisciplinary view of how and why social media has been at the heart of US and global political discourse for over a decade *Between Naturalism and Religion* Jürgen

Habermas, 2014-11-06 Two countervailing trends mark the intellectual tenor of our age the spread of naturalistic worldviews and religious orthodoxies Advances in biogenetics brain research and robotics are clearing the way for the penetration of an objective scientific self understanding of persons into everyday life For philosophy this trend is associated with the challenge of scientific naturalism At the same time we are witnessing an unexpected revitalization of religious traditions and the politicization of religious communities across the world From a philosophical perspective this revival of religious energies poses the challenge of a fundamentalist critique of the principles underlying the modern West's postmetaphysical understanding of itself The tension between naturalism and religion is the central theme of this major new book by Jürgen Habermas On the one hand he argues for an appropriate naturalistic understanding of cultural evolution that does justice to the normative character of the human mind On the other hand he calls for an appropriate interpretation of the secularizing effects of a process of social and cultural rationalization increasingly denounced by the champions of religious orthodoxies as a historical development peculiar to the West These reflections on the enduring importance of religion and the limits of secularism under conditions of postmetaphysical reason set the scene for an extended treatment the political significance of religious tolerance and for a fresh contribution to current debates on cosmopolitanism and a constitution for international society Religion in the Public Space Rinaldo Cristofori, Silvio Ferrari, 2016-12-05 Religion in the public sphere is one of

the most debated issues in the field of law and religion This volume brings together articles which address some of the more prominent recent cases relating to religion and education religion and the workplace family law and religious symbols The essays discuss the meaning of secularism today and the difficult issue of religion in the public sphere and reflect a wide variety of viewpoints This volume maps the key elements of this multi faceted problem offers essential material and provides an important starting point for an understanding of the issues in this century old debate **The Idea of the Public Sphere**

Jostein Gripsrud, Hallvard Moe, Anders Molander, Graham Murdock, 2010-10-21 The notion of the public sphere has become increasingly central to theories and studies of democracy media and culture over the last few decades It has also gained political importance in the context of the European Union's efforts to strengthen democracy integration and identity The Idea of the Public Sphere offers a wide ranging accessible and easy to use introduction to one of the most influential ideas in modern social and political thought tracing its development from the origins of modern democracy in the Eighteenth Century

to present day debates This book brings key texts by the leading contributors in the field together in a single volume It explores current topics such as the role of religion in public affairs the implications of the internet for organizing public deliberation and the transnationalisation of public issues

Wertkonflikte als Herausforderung der Demokratie Ulrich Willems,2015-09-03 Wertkonflikte wie der Konflikt um die Regelung des Schwangerschaftsabbruches bilden eine besondere Herausforderung demokratischer Politik Auf der Basis einer systematischen Rekonstruktion existierender Ans tze und Theorien unterbreitet die vorliegende Arbeit zun chst einen Vorschlag zur Bestimmung der Logik und Dynamik von Wertkonflikten In einem zweiten Schritt werden die empirischen Befunde zur Leistungsf higkeit konventioneller und alternativer Verfahren demokratischer Konfliktregelung hinsichtlich der Zivilisierung oder L sung von Wertkonflikten analysiert Hier wird gezeigt dass entgegen vorherrschenden Einsch tzungen spezifische Arten von Kompromissen durchaus geeignet sind den Kern einer Strategie der Zivilisierung von Wertkonflikten zu bilden Der dritte Teil widmet sich der Frage nach der politischen Ordnung moralisch pluraler Gesellschaften Die kritische Auseinandersetzung mit dem liberalen

politiktheoretischen Modell für den Umgang mit Wertkonflikten mündet in das Plädoyer die politische Ordnung moralisch pluraler Gesellschaften an der Idee eines modus vivendi zu orientieren

Naked America Michael Anthony Smith, 2008
 Every society has its ideals and its myths In Naked America author Michael A Smith examines many of the nation's original ideals and presents compelling information indicating most of them have been transformed into myths For example many regularly describe the United States as the land of economic opportunity yet 20 percent of American households earn half of all income and own more than half of all the nation's assets Education is touted as the road to success although only one third of high school graduates achieve a postsecondary education degree Two thirds of future jobs in what has become essentially a service economy are projected to be low or very low paying In the world's self proclaimed greatest democracy pessimism about government is widespread and only 35 percent of registered voters vote regularly Although more than 80 percent of Americans profess to be practicing Christians New Testament ethics appear overwhelmed by mindless materialism pervasive marketplace fraud a high crime rate constant ideological bickering and cultural kitsch To rectify this situation and turn America's ideals into reality the author proposes many wide ranging social economic and political reforms

The Advocate, 2005-01-18 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States

Culture Wars Roger Chapman, 2015-03-17 The term culture wars refers to the political and sociological polarisation that has characterised American society the past several decades This new edition provides an enlightening and comprehensive A to Z ready reference now with supporting primary documents on major topics of contemporary importance for students teachers and the general reader It aims to promote understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced context With approximately 640 entries plus more than 120 primary documents supporting both sides of key issues this is a unique and defining work indispensable to informed discussions of the most timely and critical issues facing America today
