*Paul's Language of Grace in its Graeco-Roman Context* James R. Harrison, 2017-01-03 Paul's Language of Grace in Its Graeco Roman Context was originally published by Mohr Siebeck in 2003 and is now reprinted by Wipf and Stock with a new introduction by its author James R Harrison The

book was the first major investigation of charis grace favor in its social political and religious context since G P Wetter s pioneering 1913 monograph on the topic Focusing on the evidence of the inscriptions papyri philosophers and Greek Jewish literature Harrison examined the operations of the eastern Mediterranean benefaction system probing the dynamic of reciprocity between the beneficiary and benefactor whether human or divine Before Paul s converts were first exposed to the gospel they would have held a variety of beliefs regarding the beneficence of the gods The apostle therefore needed to tailor his language of grace as much to the theological and social concerns of the Mediterranean city states in his missionary outreach as to the variegated traditions of first century Judaism In terms of human grace although Paul endorses the reciprocity system he redefines its rationale in light of the gospel of grace and transforms its social expression in his house churches The explosion of grace language that occurs in 2 Corinthians 8 9 regarding the Jerusalem collection is unusual in its frequency in comparison to the honorific inscriptions underscoring the apostle s distinctive approach to giving Regarding divine beneficence Paul accommodates his gospel to contemporary benefaction idiom But he retains a distinctiveness of viewpoint regarding divine charis it is non cultic it is mediated through a dishonored and impoverished Benefactor it overturns the do ut des expectation I give so that you may give regarding divine blessing in antiquity Harrison s book still remains the authoritative coverage of the Graeco Roman context of charis

Spirit and Healing in Africa Deborah van den Bosch-Heij,2012-01-01 There is a

great need for healing in Africa This need is in itself no different elsewhere in the world but it is greatly determined by the involvement of religious communities and traditions Faith communities and religious institutions play a major role in assisting African believers to find health healing and completeness in everyday life

**1 Timothy, Volume 1** Paul S.

Jeon,2017-12-22 1 Timothy is one of the more controversial documents in the New Testament For years critical scholars have rejected Pauline authorship highlighted the apparent misogynistic quality of the text and argued against any coherence in the letter Jeon takes a fresh look at the letter incorporating many recent advancements in NT scholarship In detail he demonstrates the macro and micro chiasmic arrangement of the entire letter and explains how the presumed first century audience would have heard and responded to an oral performance of the letter In doing so Jeon offers a fresh challenge to more popular ways of mis understanding the letter and points a way forward for appropriating the letter both in academia and in the church

Ware,2019-01-22 This accessible text by James P Ware provides both a concise guide to Paul s theology and a general introduction to the key issues and debates in the contemporary study of Paul Examining Paul s message in the context of the ancient world Ware identifies what would have struck Paul s original

*The Role Of The Holy Spirit In Worship* H. Eugene Soulsby, 2019-12-02 Christianity does not deny the Holy Spirit's existence and most Christians would confess they believe in the Spirit at least with their head and creed But few experience him in their daily walk or have a biblical understanding of who he is why he came and what his role is in the Christian life The Holy Spirit is a living presence a person and as such must be experienced not neglected within the church and the individual believer The crucial role of the Spirit in Paul's life thinking and theology was always that of the personal presence of God As a Christian a believing follower of Christ the Spirit is the empowering presence experienced in our lives as we await the perfect ending of the Kingdom of God

*Paul's Corporate Christophany* Rob A. Fringer, 2019-02-28 Paul's Christophany i e his Damascus Road Experience has been the subject of much scholarly analysis However treatments of this phenomenon while widely varied have tended to extract the various references from their literary contexts in order to reconstruct the event to discover the foundations and content of Paul's Christology or to analyze Paul's experience of conversion and or call The current study focused on the undisputed Pauline epistles evaluates how and why Paul employed the various Christophanic references in their particular literary and sociohistorical contexts Through this assessment the importance of Paul's Christophanic references as part of his larger arguments is established It is shown how Paul uniquely shapes the various Christophanic references to fit the needs of his argument and through it the needs of each community Furthermore this study demonstrates that Paul's Christophanic references do not primarily establish his apostolic status or assert his apostolic authority Through this study the corporate nature of Paul's Christophanic references becomes increasingly evident and multiple general conclusions are drawn which provide a possible glimpse into Paul's understanding of his Christophanic experience

**Called to Attraction** Brendan Thomas Sammon, 2017-10-26 What if there is more to beauty than meets the eye What if beauty named more than the human response to a thing's appearance but instead named the very presence of God in the world And what if beauty provided a power enabling human beings to think in novel and creative ways to see with new eyes This book explores the various ways in which the Christian theological tradition has provided responses to these questions Taking its starting point from the view that beauty is above all a divine name this book explores the consequences that such a starting point has not only for the human experience of beauty but also for the way in which beauty penetrates to the very heart of human nature uplifting and inspiring human thought and action to ever new frontiers of existence In its experience of beauty so this book argues the

human spirit encounters the divine presence in unexpected and transformative ways such that one may come to see that not only is God beautiful but God is beauty itself

**Death and Life** Andy Boakye, 2017-07-20 The resurrection of Jesus is arguably the most significant component of the Christian narrative and is critical for Paul's presentation of the Gospel Yet it is routinely marginalized in study of the polemics of Galatians largely because it is explicitly mentioned only once and even then only obliquely This investigation redraws the boundaries of its impact in the letter showing the risen Christ to be an indispensable feature of how Paul's argument unfolds and achieves its ultimate objective establishing a rationale for the creation of a multiethnic eschatological family of God which is grounded in Israel's biblical tradition

**Romans** Christian A. Eberhart, 2025-04-05 Can a feminist interpretation of Romans discover anything new In this volume Christian Eberhart pays special attention to the fact that Paul entrusted Phoebe a gentile woman with the task of delivering the letter to Rome There she would have been the person who recited it aloud and by heart in front of various audiences Yet as the leader of a congregation in Corinth Phoebe had likely also been involved in the process of composing the letter as some passages reveal This multifaceted engagement of a woman gives new meaning to the vision of human society in Romans that celebrates the full participation of women and men Jews and gentiles weak and strong and free and slave

**A Heart of Flesh** Steven E. Knepper, 2023-11-09 The Irish philosopher William Desmond is one of the most compelling and adventurous Christian thinkers of our time The essays gathered here undertake a journey through the Bible with Desmond that ranges across biblical theology philosophy of religion metaphysics ethics aesthetics political theory and literary studies Some of the essays examine the place of the Bible in Desmond's thought considering his readings of the creation the Abraham cycle and the Beatitudes Other essays bring Desmond's ideas to bear on broad questions that emerge from the Bible about philosophy and revelation exegesis theopoetics eschatology and tyranny Still others bring Desmond into conversation with influential philosophers who engage or conspicuously do not engage the Bible such as Hegel Schopenhauer Kierkegaard Heidegger and Tillich Together these essays show the rich possibilities of approaching the Bible with Desmond All take their bearings from Desmond's metaxological approach which does not seek to claim the final word which attends to the text rather than simply imposing on it and which allows for an ongoing dialogue Contributors Ryan G Duns SJ Caitlin Smith Gilson Joseph K Gordon William Christian Hackett Steven E Knepper Renee Kohler Ryan Andrew Kuiper Brendan Thomas Sammon Terence Sweeney Ethan Vanderleek Erik van Versendaal Robert Wyllie

**The Oxford Handbook of Christology** Francesca Aran Murphy, 2015-09-24 The Oxford Handbook of Christology brings together 40 authoritative essays considering the theological study of the nature and role of Jesus Christ This collection offers dynamic perspectives within the study of Christology and provides rigorous discussion of inter-confessional theology which would not

have been possible even 60 years ago The first of the seven parts considers Jesus Christ in the Bible Rather than focusing solely on the New Testament this section begins with discussion of the modes of God s self communication to us and suggests that Christ s most original incarnation is in the language of the Hebrew Bible The second section considers Patristics Christology These essays explore the formation of the doctrines of the person of Christ and the atonement between the First Council of Nicaea in 325 and the eve of the Second Council of Nicaea The next section looks at Mediaeval theology and tackles the development of the understanding of who Christ was and of his atoning work The section on Reformation and Christology traces the path of the Reformation from Luther to Bultmann The fifth section tackles the new developments in thinking about Christ which have emerged in the modern and the postmodern eras and the sixth section explains how beliefs about Jesus have affected music poetry and the arts The final part concludes by locating Christology within systematic theology asking how it relates to Christian belief as a whole This comprehensive volume provides an invaluable resource and reference for scholars students and general readers interested in the study of Christology

**Studying Paul's Letters with the Mind and Heart** Gregory S. MaGee, 2018-09-25 This informative survey of Paul s epistles is conversant with the latest scholarship but written in an engaging style that emphasizes practical application In each chapter Gregory MaGee asks and answers a vital question for understanding Paul s letters while prompting the reader to consider the discussion s personal implications These questions get at the heart of understanding interpreting and living out the Pauline letters Why listen to Paul Were all thirteen letters really written by Paul How does Paul interact with the Old Testament What are some specific interpretive challenges in Paul s letters How can I wisely apply Paul s teachings What are the experts saying about Paul these days What ideas were especially important to Paul Students and other thoughtful Christians wishing to dig deeper into Paul s letters will benefit from this contemporary overview and will be challenged to grow spiritually and apply Paul s teachings and example

The Death of the Messiah and the Birth of the New Covenant Michael J Gorman, 2014-12-25 In this groundbreaking book Michael Gorman asks why there is no theory or model of the atonement called the new covenant model since this understanding of the atonement is likely the earliest in the Christian tradition going back to Jesus himself Gorman argues that most models of the atonement over emphasize the penultimate purposes of Jesus death and the mechanics of the atonement rather than its ultimate purpose to create a transformed Spirit filled people of God The New Testament s various atonement metaphors are part of a remarkably coherent picture of Jesus death as that which brings about the new covenant and thus the new community promised by the prophets which is also the covenant of peace Gorman therefore proposes a new model of the atonement that is really not new at all the new covenant model He argues that this is not merely an ancient model in need of rediscovery but also a more comprehensive integrated participatory communal and missional model than any of the major models in the tradition Life in this new covenant Gorman argues is a life of communal and individual participation in Jesus faithful loving peacemaking death Written for both academics and church leaders this book will

challenge all who read it to re think and re articulate the meaning of Christ s death for us      **The Unity of Faith** Weinandy  
Ofm Cap Thomas G,2024-07 In this volume *The Unity of Faith* Thomas G Weinandy OFM Cap has compiled a theologically  
significant medley of essays The first section deals with the Trinity ranging from the question of the filioque to the trinitarian  
thought of Johnathan Edwards The second section addresses a topic for which Weinandy has become notable the  
impassability of God and human suffering The third takes of the topic of Christology particularly from within the  
contemporary theological milieu For example what is the relationship between the Incarnation and Soteriology What is the  
nature of Christ s human consciousness and knowledge How does Paul perceive the primacy of Christ within his  
Christological hymns The next collection of essays focuses on the relationship between faith and reason In doing Catholic  
theology how do theologians apply reason when contemplating the mysteries of faith What is the philosophical and  
theological significance of Pope John Paul II s encyclical *Fides et Ratio* Ecclesiology is the final topic addressed Weinandy  
examines the contributions that Henri de Lubac has contributed to our understanding of the Church He also takes up the  
very delicate issue of the Jews in relationship to the Church How important is it that Jews become Christians The nature of  
the sacramentality of the Catholic priesthood is investigated What does it mean that the priest acts in persona Christi Lastly  
Weinandy broaches a topic that has received very little theological attention the Christian family as a Domestic Church In  
what manner are spouses and parents in imitation of Christ priests prophets and kings Weinandy invariably writes in a clear  
and engaging manner so much so that these essays would benefit not only academics and students of theology but also the  
educated laity
