Goethe Und Die Französische Revolution:

Die Wende Von Der Aufklärung Zur Romantik 1760-1820 Horst Albert Glaser, György Mihály Vajda, 2000 This volume is the twelfth to date in a series of works in French or English presenting the epochs and movements of a Comparative History of Literatures in European Languages *Histoire Comparée des Littératures de Langues Européennes* The original intention of the editors was to publish a four volume history of European literature from 1760 1820 and the first of these volumes *Des Lumières au Romantisme Genres en Vers* appeared as long ago as 1982 The volumes *Genres en Prose* and *Théâtre* are still awaited In their absence the present volume *Epoche im Überblick* attempts a more comprehensive and rigorous treatment of the period and its historiographical problems than was initially planned providing the reader with an overview of sixty eventful years of European literary history years in which German Classicism coincided with the birth initially in Germany and England of Romanticism And at the centre of this turbulent period of European intellectual and literary history stands the French Revolution

Goethe and Rousseau Carl Hammer Jr., 2014-07-15 The profound impact of Jean Jacques Rousseau on Western thought has been frequently examined yet the extent of Goethe's relationship to Rousseau has never before received thorough study Carl Hammer Jr here analyzes Goethe's works paying particular attention to his mature production to reveal the profound affinities of thought between these two European giants Scholars have long recognized the direct influence of Rousseau on Goethe's first novel *Werther* but have believed that Goethe's enthusiasm waned thereafter Hammer in contrast finds the affinity revealed even more strongly in Goethe's later works

The Internalized Revolution Ehrhard Bahr, Thomas P. Saine, 2016-06-17 This book originally published in 1992 traces the discourse on the French Revolution in Germany and its contributors investigate the processes and results of adopting or rejecting the values of the French Revolution in Germany and reinterprets its documents in terms of their internalization One of the questions discussed is whether the French Revolution is part of Germany's progressive tradition that is whether it has been repressed or whether it constitutes a viable counter discourse within the political culture The first successful revolution in Germany the Velvet Revolution of Autumn 1989 does not fit the definition of classic revolutions but it ended in a change of power in Germany and in that respect this book is an anatomy of German political consciousness before 1989

Goethe's Social Philosophy Alfred G. Steer Jr., 2020-05-01 In this study originally published in 1955 Steer explores the importance of Goethe's family concept in two autobiographical works *Campagne in Frankreich* and *Belagerung von Mainz* Through a close textual analysis Steer argues that at the center of both pieces is Goethe's conception of the family as Urform of society

A German Life in the Age of Revolution Jon Vanden Heuvel, 2001 The story of Joseph Gorres's life is in many ways the story of German political culture in the revolutionary epoch Indeed his dates 1776 1848 frame the Age of Revolution and like the age in which he lived Gorres's life was marked by great upheavals One of the most prominent German journalists of his age Gorres pioneered political journalism or what was called *Publizistik* in Germany He was a founder of political Catholicism and was in no small

part responsible for the fact that Germany eventually developed a party based on the Catholic confession Gorres was also an extraordinarily prolific scholar with an almost dizzying range of interests His life provides a window into an incredibly prolific era in European history into the political implications of the Enlightenment the wide reaching intellectual movement of German romanticism the roots of German nationalism and the origins of German political party formation Gorres traversed the entire political spectrum of his age his youth formed in the shadow of the French Revolution was characterized by enlightened cosmopolitan republicanism what some have dubbed German Jacobinism his middle years included a romantic phase in which he helped foster a nascent German cultural nationalism before he became a fiery nationalist writer and publisher of the Rheinischer Merkur the most important political newspaper in Germany up to that time In the sunset of his life he was primarily a Catholic political polemicist Gorres helped shape the immensely creative and pivotal years in which he lived years that saw the development of the modern state system and the origin of the political spectrum in Germany as well as the very concepts liberal and conservative which are so much a part of our political discourse today Women and Literature in the Goethe Era 1770-1820 Helen Fronius, 2007-04-05 Late 18th century German literature was dominated by men Women were discouraged from reading and scorned as writers This study combines archival research literary analysis and statistical evidence to give a sociological historical overview of the conditions of women's literary production

Mock-Epic Poetry from Pope to Heine Ritchie Robertson, 2009-11-12 A study of eighteenth and early nineteenth century poetry in English French and German focusing on the mock epic from Pope's Dunciad to Byron's Don Juan as a critique of serious epic poetry and also as a literary means of exploring a wide range of sexual and religious issues in a humorous style

The Literature of Weimar Classicism Simon Richter, 2005 New essays providing an account of the shaping beliefs preoccupations motifs and values of Weimar Classicism In Germany Weimar Classicism roughly the period from Goethe's return to Germany from Italy in 1788 to the death of his friend and collaborator Schiller in 1805 is widely regarded as an apogee of literary art But outside of Germany Goethe is considered a Romantic and the notion of Weimar Classicism as a distinct period is viewed with skepticism This volume of new essays regards the question of literary period as a red herring Weimar Classicism is best understood as a project that involved the ambitious attempt not only to imagine but also to achieve a new quality of wholeness in human life and culture at a time when fragmentation division and alienation appeared to be the norm By not succumbing to the myth of Weimar and its literary giants but being willing to explore the phenomenon as a complex cultural system with a unique signature this book provides an account of its shaping beliefs preoccupations motifs and values Contributions from leading German British and North American scholars open up multiple interdisciplinary perspectives on the period Essays on the novel poetry drama and theater are joined by accounts of politics philosophy visual culture women writers and science The reader is introduced to the full panoply of cultural life in Weimar its accomplishments as well as its excesses and follies Emancipatory and doctrinaire by turns the project of Weimar Classicism is best approached

as a complex whole Contributors Dieter Borchmeyer Charles Grair Gail Hart Thomas Saine Jane Brown Cyrus Hamlin Roger Stephenson Elisabeth Krimmer Helmut Pfotenhauer Benjamin Bennett Astrida Orle Tantillo W Daniel Wilson Simon J Richter is Associate Professor of German at the University of Pennsylvania

The Erotics of War in German Romanticism
Patricia Anne Simpson, 2006 In *The Erotics of War in German Romanticism* Patricia Anne Simpson explores the ways early nineteenth century German philosophers poets and artists represent war and erotic desire The author argues that gender is connected to a larger debate about the construction of the self in relation to a community at a time that this definition is under revision She analyzes the culture of war as it shapes the bonds of fraternal familial and eventually national identity Simpson defines the erotics of war as discursive attempts to assert the priority of ethical identity and citizenship over individualized desire The seemingly ancillary problem of female desire emerges not as a marginal issue but as the focal point of a debate about identity

Realism and Space in the Novel, 1795-1869 Dr Rosa Mucignat, 2013-02-28 Posing new questions about realism and the creative power of narratives Rosa Mucignat takes a fresh look at the relationship between representation and reality As Mucignat points out worlds evoked in fiction all depend to a greater or lesser extent on the world we know from experience but they are neither parasites on nor copies of those realms Never fully aligned with the real world stories grow out of the mismatch between reality and representation those areas of the fictional space that are not located on actual maps but still form a fully structured imagined geography Mucignat offers new readings of six foundational texts of modern Western culture Goethe's *Wilhelm Meister's Apprenticeship* Jane Austen's *Mansfield Park* Alessandro Manzoni's *The Betrothed* Stendahl's *The Red and the Black* Charles Dickens's *Great Expectations* and Gustave Flaubert's *Sentimental Education* Using these texts as source material and supporting evidence for a new and comprehensive theory of space in fiction she examines the links between the nineteenth century novel's interest in creating substantial life like worlds and contemporary developments in science art and society Mucignat's book is an evocative analysis of the way novels marshal their technical and stylistic resources to produce imagined geographies so complex and engrossing that they intensify and even transform the reader's experience of real life places

Writing Time Sean Franzel, 2023-11-15 Cowinner of the Aldo and Jeanne Scaglione Prize for Studies in Germanic Languages and Literatures *Writing Time* shows how serial literature based in journals and anthologies shaped the awareness of time at a transformative moment in the European literary and political landscapes Sean Franzel explores how German speaking authors and editors write time both by writing about time and by mapping time itself through specific literary formats Through case studies of such writers as F J Bertuch K A B ttinger J W Goethe Ludwig B rne and Heinrich Heine Franzel analyzes how serial writing predicated on open ended continuation becomes a privileged mode of social commentary and literary entertainment and provides readers with an ongoing history of the present or *Zeitgeschichte* Drawing from media theory and periodical studies as well as from Reinhart Koselleck's work on processes of temporalization and untimely models of historical time *Writing Time* presents smaller

literary forms the urban tableau cultural reportage and caricature as new ways of imagining temporal unfolding recentering periodicals and other serial forms at the heart of nineteenth century print culture

Goethe Nicholas Boyle, 2003 In this the second volume of *Goethe The Poet and the Age* Nicholas Boyle covers the most eventful and crowded years of Goethe's life the period of the French Revolution which turned his life upside down and of the German philosophical revolution which ushered in the periods of Idealism and Romanticism It was also a period dominated by two intense personal relationships with Schiller Weimar's other great poet philosopher and dramatist and with Christiana Vulpius the mother of his son Goethe was a poet of supreme intelligence and sensitivity living through political and intellectual changes which have shaped the modern world The transition into modernity is the theme of this volume Goethe's harrowing experiences of the Revolutionary wars the explosion of new ideas in philosophy and literature which he absorbed and adapted and which for ten years made Jena the intellectual capital of Europe the political upheaval initiated by Napoleon which destroyed the Holy Roman Empire in which Goethe had grown up and with it the cultural role he had envisaged for Jena and Weimar Boyle vividly narrates both the large scale events and the personal dramas of this exciting time to give lucid accounts of important thinkers whom English readers have hitherto found inaccessible and to analyse in new ways Goethe's works of the period notably *Wilhelm Meister The Natural Daughter* and *Faust*
