United States. Congress

Going Broke Why Americans Cant Hold On To Their Money:

Going Broke Stuart Vyse, 2018-08-01 Over the last four decades debt bankruptcy and home foreclosures have risen to epidemic levels and the personal savings rate has sunk dangerously low Why in the richest nation on earth can t Americans hold on to their money First published in 2008 Stuart Vyse s Going Broke described the epidemic of personal debt that existed in the years leading up to the Great Recession and anticipated the home mortgage crisis that started it Ten years later a fully updated new edition tackles the post recession era of economic recovery Today total household debt has actually surpassed pre recession levels and some of the same problems that preceded the crash are back again But the shape of our troubles has changed the new face of financial failure features auto repossession bankruptcy eviction wage garnishment and being sued for unpaid bills Vyse offers a unique psychological perspective on the financial behavior of the many Americans today who find they cannot make ends meet illuminating these and other causes of our wildly self destructive spending habits But he doesn t entirely blame the victim arguing instead that the mountain of debt burying so many of us is the inevitable byproduct of America s turbo charged economy together with social and technological trends that undermine our self control This new edition illuminates everything from the rise of the credit card and ballooning student loan debt to the expansion of new shopping opportunities provided by social media revealing how vast changes in American society over the last 40 years have greatly complicated our relationship with money Vyse concludes with both personal advice for the individual who wants to achieve greater financial stability and with pointed recommendations for economic and social change that will help promote the financial health of all Americans

Going Broke Stuart A. Vyse, 2008 This timely volume is a combination of psychological inquiry sociological commentary Its essential premise is that the financial failures of so many Americans today are the inevitable byproduct of singularly unique contemporary social economic policies whose underlying purpose is to undermine indeed to denigrate self control

Summary of John MacGregor's The Top 10 Reasons the Rich Go Broke Everest Media, 2022-03-31T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Everyone has the same problem when it comes to money they use money to dull their pain rather than fulfill their purpose Most people today are caught in a cycle of financial despair 2 The financial crisis is the greatest epidemic in our society and it s affecting more people than all diseases combined I wrote this book to help you understand how you can live abundantly and no longer stress about your finances 3 The guidebook that comes with *The Top 10 Reasons the Rich Go Broke* is designed to help you understand your financial views history beliefs standing and even literacy It will help you be more engaged in your financial education 4 Curiosity and a sense of satisfaction are the two reasons people get involved in this book The stories contained in this book are personal and they concern people I know They provide a glimpse into the minds of highly successful people who lost almost everything

Between Two Worlds Upton Sinclair, 2016-01-19 The second novel in the Pulitzer Prize winning historical fiction series

takes Lanny Budd through the 1920s from the rise of fascism to the crash on Wall Street Sinclair's historical acumen and his calculations about powerful institutions government press corporations oil cartels and lobbyists remain remarkably shrewd and often prescient The New York Times The First World War brought an abrupt end to Lanny Budd's idyllic youth Now in the wake of the Treaty of Versailles he barely recognizes the beloved Europe of his boyhood At the start of his career as an international art dealer Lanny travels to Italy and witnesses the brutal charisma of Fascist leader Benito Mussolini Meanwhile in Germany the failed Beer Hall Putsch led by Adolf Hitler's Nazi Party strikes an ominous note foreshadowing the devastation to come After two star-crossed love affairs Lanny marries a wealthy heiress and chooses the United States with its booming economy as their home But neither he nor those he loves can predict the financial disaster that will bring a decade of prosperity to an abrupt close Between Two Worlds brings one of the most fascinating and tumultuous decades of the twentieth century to thrilling life A spellbinding mix of history adventure and romance the Lanny Budd Novels are a testament to the breathtaking scope of Upton Sinclair's vision and his singular talents as a storyteller Praise for the Lanny Budd Novels Few works of fiction are more fun to read fewer still make history half as clear or as human Time When people ask me what has happened in my long lifetime I do not refer them to the newspaper files and to the authorities but to Upton Sinclair's novels George Bernard Shaw A great and well-balanced design I think it the completest and most faithful portrait of that period that has been done or will likely be done H G Wells
