PARAPSYCHOLOGY TRENDING TOWARDS CAUSAL RESEARCH NARESH KUMAR, Secrets of Power, Volume II Ingo Swann, 2018-09-02 Most books about power only deal with the societal formula of the few having power over the enormously larger powerless masses and which is mistaken as the so called natural order of power But it is not well understood that this formula also requires social conditioning measures aimed at perpetuating the continuing depowerment of the powerless so that the powerful CAN have power over them This in turn requires the societal suppression and secretizing of all knowledge about the superlative human powers known to exist in individuals of the human species but which are socially forced into latency in most It is broadly understood that power and secrecy go together but the scope of the web of secrets surrounding the larger nature of human power s is surprising As discussed in this Volume I of SECRETS OF POWER empowerment is difficult if the larger panorama of societal power and depowerment are not more full understood

Most Secret Weapons of Nations Remote Viewed Kiwi Joe, 2023-10-01 Not even during the Cuban Missile Crisis of October 1962 has the threat of a civilization-ending thermonuclear war loomed as large as it does at present. The author, a seasoned remote viewer, presents evidence the major powers have quietly shifted towards alternative strategies to win the game of global dominance. This is the revised second edition of the fourth installment in Kiwi Joe's *Remote Viewed* series in which he unveils some of these hidden weapons with startling clarity. Over six years from 2012 to 2018, Kiwi Joe uncovered an array of fascinating and alarming weapon systems in development. These include Earthquake machines, directed weather bombs, space-based directed energy, and kinetic energy platforms. Nanotechnology that's globally distributed. A look at the development of top secret weapons for ten major economies reveals nine of the weapons remain under wraps with at least two hidden in plain sight. One inescapable conclusion to be drawn from the remote viewing data is that our entire planet has been transformed into a global battlefield where conventional wars and visible armies are no longer the main instruments of conflict. Another shocking conclusion the author reaches is that much of this technology targets not only military but also environmental and civilian structures including the wider population. The book is richly illustrated with original sketches from Kiwi Joe's remote viewing sessions offering a unique visual perspective into the secretive world of modern warfare. Kiwi Joe applies his expertise in remote viewing, a skill with origins in psychic espionage and the pioneering research conducted by the Defense Intelligence Agency (DIA) and the Stanford Research Institute (SRI) in the 1970s. The information revealed in this book demonstrates how innate ESP abilities present at some level in the majority of us can open our eyes to the occulted reality of the world we live in and that is shaping our era. Brace yourself for a revelation, a glimpse into some of what was concealed and is now exposed by remote viewing.
