Called by Mind and Spirit Gavin Knight, Joanna Knight, 2010-02-25 In 21st century Britain we are increasingly concerned about the effect of the modern world on our children's health and well being While different secular agencies have had an important role to play in this debate the voice of the Church is frequently misrepresented misunderstood and undervalued Called by Mind and Spirit Crossing the Borderlands of Childhood seeks to redress this imbalance The book begins by exploring how our own family stories passed down through generations combined with our Christian heritage influence our identity its continued formation and our sense of vocation These themes of identity formation and vocation are then related to modern childhood from a combined

perspective of theology and psychology In the process the book asks how in contemporary Britain we encourage and nurture children s faith and how we might better equip today s children to understand and explore for themselves the world in which they are growing up The sacramental rites of anointing and initiation baptism confirmation and ordination provide the theological basis for the book and the main stages of childhood infancy and early childhood middle childhood and adolescence offer a framework for reflecting on these rites The authors draw from a wealth of personal and professional stories to explore the multiple tensions and opportunities of childhood today
