

The Mongol Empire

MAIN IDEA

CULTURAL INTERACTION

As emperor of China, Kublai Khan encouraged foreign trade.

WHY IT MATTERS NOW

The influence of Chinese ideas on Western civilization began with the Mongols' encouragement of trade.

TERMS & NAMES

- Kublai Khan
- Marco Polo

SETTING THE STAGE [Kublai Khan](#), the grandson of Genghis Khan, assumed the title Great Khan in 1260. In theory, the Great Khan ruled the entire Mongol Empire. In reality, the empire had split into four khanates. Other descendants of Genghis ruled Central Asia, Persia, and Russia as semi-independent states. So, Kublai focused instead on extending the power and range of his own khanate, which already included Mongolia, Korea, Tibet, and northern China. To begin, however, he had to fulfill the goal of his grandfather to conquer all of China.

Kublai Khan Becomes Emperor

The Chinese held off Kublai's attacks for several years. However, his armies finally overwhelmed them in 1279. Throughout China's long history, the Chinese feared and fought off invasions by northern nomads. China sometimes lost territory to nomadic groups, but no foreigner had ever ruled the whole country. With Kublai's victory, that changed.

Beginning a New Dynasty As China's new emperor, Kublai Khan founded a new dynasty called the Yuan (yoo-AHN) Dynasty. It lasted less than a century, until 1368, when it was overthrown. However, the Yuan era was an important period in Chinese history for several reasons. First, Kublai Khan united China for the first time in more than 300 years. For this he is considered one of China's great emperors. Second, the control imposed by the Mongols across all of Asia opened China to greater foreign contacts and trade. Finally, Kublai and his successors tolerated Chinese culture and made few changes to the system of government.

Unlike his Mongol ancestors, Kublai abandoned the Mongolian steppes for China. He did not share his ancestors' dislike of the settled life. On the contrary, he rather enjoyed living in the luxurious manner of a Chinese emperor. He maintained a beautiful summer palace at Shangdu, on the border between Mongolia and China. He also built a new square-walled capital at the site of modern Beijing. Kublai built this palace to enhance his prestige, but his new capital meant something more. Previously, the Great Khans had ruled their empire from Mongolia. Moving the capital from Mongolia to China was a sign that Kublai intended to make his mark as emperor of China.

Failure to Conquer Japan After conquering China, Kublai Khan tried to extend his rule to Japan. In 1274 and again in 1281, the Great Khan sent huge fleets

TAKING NOTES

Recognizing Effects
Use a web diagram to show the impact of Kublai Khan on East Asia.
